Benediction at the HyoJeong Garden Dedication Ceremony

Most high and noble Heavenly Parent!

Today, we are dedicating the HyoJeong Garden to You.

In the beginning, Heavenly Parent, You created everything for humankind. You have dreamed of being able to live together in the Kingdom of Heaven on earth, loving all people and all things of creation in that beautiful garden.

As a result of the Fall, however, the reality is that human influence is greatly harming our (originally) uncontaminated natural world.

Through the True Parents who emerged after six thousand years, the dedication of Cheon Won Gung and the Cheon Il Sanctum that can initiate life in the Kingdom of Heaven on earth - as You, our Heavenly Parent, have dreamed of seeing - is accomplished. This means You, Heavenly Parent, can now exercise Your authority in this land, this nation, and this planet Earth. How can we not express our joy and gratitude, and offer You glory!

Thus, I pray that the numerous efforts, resolutions, and actions that must be undertaken until we are restored to our original selves can be carried out proactively from now. You have made effort through the Ocean Providence to ensure that people can receive the healthy nourishment they require from the ocean, which is a lifeline for humanity. One result is this emission-free, electric sightseeing ship preparing to sail

on the Bukhan River, a water source in Chung Pyung, on the Korean Peninsula. Heavenly Parent, we offer You our sincere gratitude for this.

We should remember that our responsibility as blessed families and Cheon Il Guk citizens living in this time is to find the way to correct all the wrongs of human history, and restore the original environment that Heavenly Parent created.

We are profoundly grateful to You, Heavenly Parent, for your patience in waiting for us, and we have no way to express how sorry we are. I pray that You will preside over everything that happens hereafter, and that everything will proceed according to Your Will. We pray all these things and offer our gratitude in the name of the True Parents. Aju.
