

## Prayer at Breakfast at the International Peace Education Center (IPEC) Las Vegas

Hak Ja Han  
January 12, 2024

All this is for peace. The Drone Peace Soccer Tournament, the Drone Peace Fishing Tournament. So, let's save and preserve the environment.

It is therefore very appropriate in this era for everyone, from children to adults, to empathize with this, feeling joy in both body and mind, and to say, "Ah! This must be done. For the sake of the young generation, we must not further damage nature but protect it." I asked them to organize the event with the purpose of helping people feel this way.

Today, regardless of your responsibilities and what work you do, you must think big about the future and act accordingly.
