

FFWPU Japan: Entrance Ceremony of Cheon Il Sanctum in Cheon Won Gung and Mission of CheonBo Family

Introduction

"Through the True Parents, who are fulfilling Heavenly Parent's dream on earth, Cheon Won Gung is being established. There will be the Entrance Ceremony next year, in attendance of our Heavenly Parent. Should we be the only ones to experience this tremendous, soul-stirring experience, this overwhelming gratitude and joy?"

I sincerely hope that all of you will become blessed families who work tirelessly to bring about the day when all 8 billion people of the world will attend the Heavenly Parent on earth, and the day when all of humankind will become one in Heavenly Parent's embrace. Through our combined devotion and efforts, I pray that you will all become blessed families who announce this day and bring it to pass even sooner."

(Han, Hak Ja, (2024, April 24) Speech given at the 64th Anniversary of the Holy Wedding of the True Parents of Heaven, Earth and Humankind)

The entrance ceremony of Cheon Won Gung Cheon Il Sanctum, scheduled for March 16 of the thirteenth year of the heavenly calendar (April 13, 2025), is less than a year away, and we are now in the countdown towards D-Day.

The entrance ceremony of Cheon Won Gung Cheon Il Sanctum will be a day when the Heavenly Parent is firmly established on earth, and it will be the most joyous holy day in 6,000 years of human history. This will be the day that "the ideal of one human family under Heavenly Parent" that the Heavenly Parent dreamed of at the beginning of time will finally lay root on earth after 6,000 years.

It is also the day in which True Parents - who have performed the highest acts of filial piety in the history of humankind - and True Mother - now the Only begotten daughter who is leading the providence on earth - together with True Father in Heaven will offer the highest glory to the Heavenly Parent. It will be a cosmic event that will lift the curtain on "heaven's providence and the completion of human history."

So, let me reiterate the providential meaning of the entry into Cheon Won Gung.

True Mother said, "If the Heavenly Parent's dream is a life on earth, a heavenly life on earth with His children, then there must be a home." Therefore, the most fundamental meaning of Cheon Won Gung is the "house where the Heavenly Parent and His children live a heavenly life together on earth." Based on this fundamental meaning, let me explain it in the following three points.

Cheon Won Gung and Cheon Il Sanctum

The primary meaning is that the Cheon Wong Gung Cheon Il Sanctum will be where heaven's heart will rest in the age of Cheon Il Guk. It is also the base that will be firmly established eternally on earth to welcome God as the Parent.

True Mother said, "Cheon Won Gung is the eternal holy temple," and "It must be a place where the people of the world long to visit and live with nostalgia." She also said, "Cheon Won Gung Cheon Il Sanctum will be the headquarters of the cosmos." She gave precise guidelines as to the design and gave meaning to the buildings.

Cheon Won Gung Cheon Il Sanctum will be constructed so that a person (myself) stands in the center of the sanctum to represent the ideal of 'heaven, earth and humankind' in unity. In addition, the 14 giant Cheon Il sacred paintings on the left and right sides, will express True Parents' life course and the experiences throughout heaven's providence that were aimed at realizing the ideal of peace.

It symbolizes the completion of heaven's providence and human history, and the establishment of "Cheon Il Guk sovereignty" through the settlement of the Heavenly Parent on earth.

Once you step into the sanctum, you will be greeted by a moment of excitement and joy where the heavenly heart of the Heavenly Parent and the hyojeong of humankind come together. It was as if True Parents' life course was for the moment of inviting humankind into the sanctum where they could have an inspiring encounter with the Heavenly Parent, so majestic and magnificent, and yet feel the delicate heart of True Parents' forgiveness and love.

It also depicts the "footprints" of senior members who devoted their lives to heaven, serving the Heavenly Parent and True Parents. It is full of the world of heart that True Mother wants to leave behind forever on earth for humankind, and it will move people involuntarily to tears of gratitude.

Hall of Education

The second meaning is Cheon Won Gung's "hall of education" will be a place to educate the lifestyles of heaven's people during the age of Cheon Il Guk.

True Mother said, "All human beings in the world should come to Cheon Won Gung, receive education, see the facts, see the achievements of the parents, become reborn children through the blessing, and make life on earth that is fulfilling, beautiful and fruitful."

In addition, it was said that the CheonBo Blessed Families "must have achievements that can be recorded in the Cheon Il Sanctum through their efforts of cheongseong."

Cheon Won Gung is a base where we can inherit the tradition of "heaven's lifestyle" that serves the Heavenly Parent, and then spread it to all people while we establish this as our life of faith.

The core of what True Parents taught us throughout their lives is the tradition of living for the sake of others. The only way to realize a world of peace is to live for each other as brothers and sisters centered on the parents' heart.

In this sense, Cheon Won Gung is a place to educate people on True Parents' life course so they can grow and prosper as citizens of Cheon Il Guk, and it is also a hall of records where the practical lives of CheonBo families and blessed families who practiced "love heaven, love humankind, love country" are recorded as acts of the age of Cheon Il Guk.

Central Agency of Cheon Il Guk

The third meaning is that it will be the "central agency of Cheon Wong Gung" where the rule of heaven will be developed substantially in the age of Cheon Il Guk.

True Mother said, "Cheon Won Gung is the concept of the central agency of Cheon Il Guk," and that it is the place where the Heavenly Parent will rule the whole world through the True Parents. It symbolizes the "government that governs Cheon Il Guk," and is the core agency in which the government of Cheon Il Guk is carried out with True Parents at the center. It is also the symbol for realizing the peaceful world of interdependence, mutual prosperity, universal values, where harmony and unity are achieved centering on the ideal of Cheon Il Guk.

It will have an international conference hall and banquet hall, as well as the office of True Parents, and will also be the central agency that can deal with the world leaders.

Considering the three providential meanings of Cheon Won Gung mentioned above, the entrance ceremony of Cheon Won Gung, will undoubtedly be a historic and victorious consecration ceremony that

will remain in the history of the cosmos for a long time. We must prepare for it with our utmost cheongseong.

True Mother said, "The little needle that I found in the desert in the middle of a sandstorm was the children who could become one with Mother, the Only begotten daughter." That's right. We are as precious as the needle that Mother found in the midst of difficult adversity. We absolutely must become (that needle).

It is natural that we become one with True Mother, and that is our destiny. Wouldn't it be the most vital condition to dedicate the entrance ceremony triumphantly by becoming completely united in one heart, one body, one thought, and one harmony with Mother?

In the 12th year of Cheon Il Guk, the year of the Blue Dragon, let us become one with True Mother, fly and ascend to heaven, and be victorious in bringing the entrance ceremony of Cheon Won Gung.

Chapter 1 Path to Becoming CheonBo Family

True Parents and Blessed Families

During the forty years since the True Parents Holy Wedding, we have paid the indemnity for four thousand years of history and opened a new age. We have opened a realm of blessing for all people, so that they may abide within the realm of liberation. The worst problems now are related to youth and to the breakdown of families. There is no sovereign, no teacher, no one to solve these problems except the True

Parents. I have the special authority to do so. I have resolved all the hidden resentments accumulated in history, in the spirit world and on earth. I have paid indemnity for everything and attained victory, so when you determine to become one with me through absolute faith, absolute love and absolute obedience, day and night, centered on true love, you can rise. God has authorized the True Parents to form a lineage of true love, a clan of true love and a people of true love. Therefore you blessed families are more precious than anyone else in history. This is how the True Parents pass down heavens treasures to each family

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 4, Section 2, 11)

True Parents are the Adam and Eve who did not fall. God is the first generation, True Parents are the second generation, and blessed families are engrafted into the realm of the third generation. Now that you wild olive trees have received a graft from the true olive tree, you need to make much effort to become true olive trees. Your most urgent priority and responsibility is to purify yourselves internally and externally in order to cultivate true love, true life and true lineage. You must feel that the True Parents are your own parents and that you are their direct lineage. By fulfilling your duties you must become completely one with True Parents, attending them as their filial sons and daughters. Then you must serve the nation, and also heaven and earth, as patriots, saints and divine sons and daughters.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 3, Section 2, 21)

You do not become complete by yourself. You become complete through the love of True Parents. Once children are born from the parents, they will resemble the parents, regardless of whether it is good or bad. In the same way, the Unification Church (Family Federation) teaches you the way of True Parents. This is the greatest blessing of all. The desire of human beings is to meet True Parents. Even if you lose all of history, all of the ages, and all of your descendants, if you meet True Parents, you will regain history, you will regain the ages, and you will regain the future. Such people are truly True Parents. The fallen history of the past has longed for a world of peace. We have held on to the hope that someday a world of peace will be established here.

(1970, 10.19)

The blessed families are true children of Heaven's lineage to whom my husband and I have given birth through our tearful embrace. They are called by Heaven, so I call them chosen blessed families. We will not forget for even a moment our countless children's intense tears and streaming sweat as they endured lonely struggles for the sake of God's will.

(Mother of Peace, p263)

Tribal Messiahship: True Father's Will

Today, as I have returned the conclusion of the final perfection to You, Father, I know that up to this moment, I have offered my whole life to You. I am spending this time now to bring my life to its conclusion, to bring it to a close with utmost devotion, in accordance with Your Will. In order that we may return to the original Garden of Eden, the garden with no trace of the Fall, and surmount everything that came to be connected to Adam's portion of responsibility following the error committed by his betrothed, I, who have the authority to grant liberation and complete freedom to everything, declare that anyone who follows True Parents, be it someone in the fourth dimension, or be it someone who would otherwise go even to the fourteenth dimension of hell, will be adopted into the kingdom of heaven and registered in the fourth dimension. I declare that if, centering on the fourteen sons and daughters, the tribal messiahs are able to fulfill the calling of national representatives and restore the 387 nations [of the Abel UN and Cain UN], everything will be brought to a conclusion. I have accomplished everything for this. I have completed everything. Aju!

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, True Father's final prayer, August 13, 2012)

You need to become a tribal messiah and return to your hometown. As a tribal messiah, you have to recover your hometown and your ancestors and serve God. What is first? It is the earth, the homeland. Second are the ancestors and third is the true realm of God's heart, where we can live together with God. The land where you were born and grew up is not part of Heaven's realm, nor are your father and mother the ancestors from Heaven. That is why we cannot dwell with God. The land of the unfallen, original Adam and Eve is both their land and God's land, and they are the ancestors of humanity and the ancestors of God. With God dwelling there, that would be the kingdom of heaven on earth. As of now, we have not realized this original homeland. It will not come unless you fulfill tribal messiahship. You have been following me, but when you return to your country you need to do so as a tribe, just as did the Israelites. You are meant to enter heaven only with your family; this is true whether it is the kingdom of heaven on earth or in heaven. The kingdom of heaven is the place you enter with your family and relatives, as did the Israelites. Without them, we cannot recover our nation.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 3, 1)

If our earthly life is only for the sake of our own physical self, we will not be able to gain the perfect qualifications to enter the eternal world. It should be one of practicing true love in accordance with the words of True Parents. People in such a position should live for the sake of others. This means that we

should not be in a position where we are the only ones who have received the Blessing and know True Parents. That's why (True Father) blessed us with his final words, "Heavenly Tribal Messiah, bless 430 families." It is a blessing.
(True Mother, November 20, 2014)

Mission of the Tribal Messiah

How will you settle Satan's claim against you? How will you liberate God and True Parents? Throughout history much indemnity has been paid. By carrying out your mission as tribal messiahs, you can liberate God and True Parents. The nation, world and cosmos are all connected to you in this. Originally you should have gone through the course of a tribal messiah, a national messiah, a world messiah and a cosmic messiah in order to connect to God. These things have all been done by the True Parents; you have only your mission as a tribal messiah.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 4, Section 2, 12)

Why do we have the term "tribal messiah"? The messiah is in the position of parents. Now, unless one becomes a subject partner of true love, the term "parents" does not apply. The realm of parental heart, which is to love one's children and do whatever one can for them, is the only original reality that remains in the fallen world. It is diminished, but it is a heart whose true nature and essence in fact has remained, like a live coal, since the creation of the world.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 1, 1)

Up to this day I have taken responsibility for everything, but henceforth you have to take responsibility for your extended family. If you align yourself with this mission and attune your heart to God's at a ninety-degree angle, you can bring oneness on the levels of the individual, family and tribe. Nothing in your life - whether it is eating, sleeping, getting up or anything else - should revolve around your personal desires. Your life should be for your extended family, your clan. If you are part of the Kim clan, give your life trying to resolve the issues of the Kim clan. The Unification Church needs to prepare for this. This is the way to give life to the people and to give life to the nation as well. Please advance relentlessly in your tribal messiah mission.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 3, 6)

Blessed families must raise the families within their tribe. You have to stand in the position of parents raising children. When the families you raise are in pain, you should feel even greater pain. You have to be people who cannot bear the sight of someone in your neighborhood going hungry. You should bring something to that person with the heart, "It is better that I go without food than let you starve. I cannot be one who eats when someone has nothing to eat."
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 8, Chapter 2, Section 6, 22)

Today should be better than yesterday. What constitutes better? It is giving your ancestors the Blessing. You should bless your parents and grandparents on the earth, your ancestors in the spirit world, and your family and relatives. Centered on your clan, you should bless your descendants and save your ancestors, who are in the position of Cain. If the way to the Blessing is blocked, no one will save them. If you clearly know this and yet fail to carry it out, who will take responsibility? No one will. You have to take care of your own clan.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 32)

Formation of the Realm of Protection

Selfish individualism is ruining the free world today. How we can save the free world from selfish individualism? The answer is simple. It is by living for the sake of others. We can save the world by doing just one thing, which is to live for the sake of others. Can the Unification Church unite all religions? By living for them, we will unite them. We need to live for the sake of others. What is the final destination? What is the solution? In order to break down the barriers and benefit everyone, what should you do? You should become a tribal messiah. Only by doing this throughout the world will we eliminate the conditions upon which people accuse us on every level - individual, family, clan, people, nation and world.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 1, 24)

After you achieve victory as an individual and form a family, your family should overcome the levels of tribe, people, nation and world. Therefore your wish as an individual should be to mold your family into one that stands on the side of Heaven. After establishing such a family, however, your attitude may become, "I have gone through hell and beyond for the matter of the Blessing and have overcome all the obstacles. I have reached my goal now that I am married." You then may try to take a nap and enjoy your life. If you do, Satan will lay siege through the world, the nation, the people and the tribe to engulf you. The individual needs a family in order to settle. Thus we have been struggling to establish families. But by the same token, a family without a tribe cannot settle. Your tribe should serve as a hedge that protects you and your family from blasts of wind and other adversities. Without creating such a realm that can

serve this purpose, you cannot live as a peaceful family. The way to do that is to become the tribal leader for your relatives. That is the objective of the tribal messiah mission.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 3, 7)

Living in the Same Era with True Parents

Now we are in the Cheon Il Guk era. Cheon Il Guk, the beginning of a new history. We must recognize that the responsibility of the blessed families living in this era is to gather a healthy harvest for Heaven. We cannot delay any longer. We must create the life of heaven on earth where True Parents and blessed children live together with Heavenly Parent.
(True Mother, October 15, 2023)

There is no doubt that you are all happy people today. There is no doubt that you are all blessed people, too. Why? I don't know how much you have expanded your environment, but the fact that you lived in the same era as True Parents will forever be your value in history. Where can you find a greater blessing than this? Therefore, you must fulfill your responsibilities.
(True Mother, November 20, 2024)

All of humanity needs to know they must be reborn with new life once again through the blessing bestowed by True Parents. These 7 billion people living at the same time as True Parents do not know who True Parents are. They were not even able to hear the term "the blessing." Why does fallen humanity not know that they are living in the time when they can return as Heavenly Parent's children? Why could they not participate in the blessing? How many human beings will go to the spirit world still harboring resentment? When you think about it, you cannot just pretend that you have fulfilled all your responsibility for today and sleep. You can't be satisfied with that.
(True Mother, August 30, 2018)

Responsibility as Heavenly Tribal Messiahs

Blessed families must fulfill their responsibility. The Marriage Blessing should not remain within or end up as a blessing that extends only to your family. You must reveal to your neighbors, your tribe, and your nation that True Parents are the true owners. That is the only way for you to go today if you want to receive the crown of glory, the only way to prove that you lived in this era with True Parents. Please engrave this in your hearts. All the blessed families gathered here today and also those participating via internet throughout the world should proclaim True Parents to all four corners of the world, and fulfill their responsibilities as tribal messiahs practicing true love according to True Parents' teachings. Humankind is suffering and dying amidst the destructive force of religion, race and national borders that is afflicting tragedies upon the world today. Can you gaze upon them without doing anything? We must educate everyone and raise them up as True Parents' children. That is the only way to go in order to bring about one united world that we, Heaven, and all humankind have longed for. I sincerely ask that you engrave these goals in your hearts, and do your best
(True Mother, March 3, 2015)

All couples that receive the blessing today, as well as all blessed families here with us, are chosen blessed families who are to complete history and Heaven's providence. There cannot be a nation that is an enemy to a chosen nation or family. This is because we are all one family centered on God and True Parents. I sincerely hope that you all become blessed families of the Heavenly Chungcheong nation, who attend Heavenly Parent, practice True Parents' teachings in your lives, and fulfill your responsibilities as blessed chosen people.
(True Mother, July 21, 2019)

After Adam and Eve's fall, all people fell into great uncertainty. Humanity longed for God and a world of peace. Humanity's hope was to return to the bosom of the true owner, our Heavenly Parent. People thought about returning but did not know how to do it. However, because God worked so hard through the providential history of salvation, so we now know that with the birth of True Parents, fallen people can begin a new and miraculous story. For fallen human beings to come back to the bosom of God, the Heavenly Parent, everyone must be reborn through True Parents' Blessing Ceremony. Thanks to True Parents' hard work, today many blessed families exist all around the world. Thanks to them, second-, third- and fourth-generation members are at the center of the providence. Today, there are already more than 7.6 billion people in the world. Their hope is the same ours, but they do not know it. We have to announce the good news to them. Keep in mind that that is the blessed families' mission. Through you, your ancestors could receive liberation. These ancestors have been waiting for this time to arrive. Please remember how long they waited and that they are now free thanks to you. Can there be a greater miracle than this? To whom did Jesus leave the keys of the kingdom of God before going through crucifixion? We must accomplish the providence on earth for its accomplishment to take place in heaven. Ignore all limits Dear blessed families, while you are with me in this earthly world, do not think about how to liberate only 430 generations of your ancestors. You have to liberate all your ancestors, even those who came to earth six thousand years ago. So, should we stop when we reach 430 couples? ... Once 430

couples have been completed, the whole family is mobilized to make more than 430 couples each.
(True Mother, February 17, 2019)

Therefore, Blessed families and leaders from Japan, what can you do? The only solution is to give the Blessing to your people, so they may belong to the chosen people. A chosen people governed only by God and True Parents! Do you understand? This is the path to becoming eternal citizens of Cheon Il Guk. You must fulfill your responsibilities. Being in Blessed families and being chosen people who strive to fulfill God's dream, should you expand the environment God created or should you reduce it? Our mission did not end with yesterday's event. You will have to go forth and continue to teach others, creating prestigious families that can register in the CheonBowon Genealogy Center.
(True Mother, October 7, 2019)

Hope towards the CheonBo Family

How long we have been waiting for this one day! Our Heavenly Parent has wanted to fulfill His dreams together with his children on earth. However, the human Fall filled our Heavenly Parent with so much pain. How difficult it has been for Him, how much He has endured, how long He has waited for this moment. The families inducted as CheonBo today are the authentic citizens of Cheon Il Guk, registered as the original clear and pure CheonBo (heavenly treasures) that Heavenly Parent has dreamed of seeing. While we are on earth we must offer to the Heavenly Parent, who has been waiting, one family of humankind that attends the Parent of all people, which is Heavenly Parent's and True Parents' heartfelt desire. In welcoming this day, families inducted into CheonBo today have the responsibilities of the citizens of Cheon Il Guk. How we expand our heavenly spiritual energy as CheonBo families toward our neighbors, tribes, nations and the world while we are on earth will determine whether we fulfill our responsibilities as families happily registered under the name of CheonBo - and through this we will achieve eternal freedom when we go to the spirit world. I hope, then, that you will all become great and prominent families who receive respect and love forevermore, generation after generation, throughout the course of human history.
(True Mother, October 10, 2020)

After True Father had ascended, who proclaimed Foundation Day? True Mother, God's Only begotten daughter, proclaimed the founding year of Cheon Il Guk. The gates to Cheon Il Guk, under Heaven's governance, have been opened. In that case, there need also to be people who are qualified as the citizens of Cheon Il Guk. This qualification is not obtained simply by receiving the Blessing. There is a period of growth; that is, a duty and responsibility. Therefore, the status of a family will be determined by how much responsibility that family takes on, and how the family does in fulfilling it. Hence, all blessed couples around the world of course need to fulfill their responsibility as tribal messiahs and become couples that are inducted as CheonBo. And they should not stop there, but continue to advance for generations to come. As CheonBo couples, how much have you expanded your domain here on earth during this time that True Mother, God's only begotten daughter, has been with you? This will become your asset in the eternal world.
(True Mother, October 11, 2020)

As you have already seen in the video, during a seven-year period I visited even places people said I should not go. I did so because I know of Heavenly Parent's dream and hope. This is because True Parents must guide all of humanity, who are like orphans, to the Heavenly Parent. Through the Blessing, True Parents must open the door through which all people can stand as Heavenly Parent's children. In the Bible we read that whatever you loose on earth will be loosed in heaven. The earth plane is essential. Hence, in order to live lives without blemish or stain, you must absolutely become one with God's only begotten daughter, the True Mother, and work toward the completion of the providence. Please remember that this is the only way for you to stand in a position where you can receive Heavenly Parent's congratulations and blessings. From that perspective, I am not so young anymore. It is also True Parents' mission to find and set up children through whom Heavenly Parent can freely work. That is why I said that it will be good if we can restore all 7.7 billion people of the world by 2027. However, through the 7-year course, I became aware of the many barriers that need to be overcome. Hence, I am calling all families who have been inducted as CheonBo, and all blessed families, to work with me in restoring at least one-third of the human race.
(True Mother, October 11, 2020)

Only the victorious True Parents and people that are attending Heavenly Parent, [God], will, in attending Him, realize Heavenly Parent's dream, the kingdom of heaven on earth that we have yearned to see realized for so long. However, to bring this about, the responsibility of the Cheon Il Guk CheonBo couples is important. Through you, only the beautiful environment of the heavenly kingdom will remain, an environment in which our second and third generation will naturally attend the Heavenly Parent and return love, joy, and glory to Him. Therefore, the responsibility of the CheonBo couples, who are to realize Heavenly Parent's dream, is a weighty one.
(True Mother, August 24, 2021)

In this age of Cheon Il Guk, however, True Parents are in a position of having accomplished the providence on earth and can dedicate a temple in which we can attend Heavenly Parent on earth, but it is not only up to them to fulfill this task. It depends on the blessed families, the proud CheonBo families of Cheon Il Guk. When the number of CheonBo families is sufficiently increased, True Parents' dream, that is, the realization of Heavenly Unified Korea, must be achieved while True Mother, the only begotten daughter, is still here on earth. Please know that through your efforts and devotion we are now just one step away from the top of the hill, at the point of recapturing the highest ground. Our Heavenly Parent is love itself. As long as Heavenly Parent's love is with us, the people of Korea will need to stand upright and become the Heavenly Unified Korea. Once again, I bless you all to become victorious CheonBo families and blessed families as you continue working to make that a reality.
(True Mother, August 29, 2021)

Making the Flower of CheonBo Bloom

In 2013, True Parents proclaimed Foundation Day and the founding year of Cheon Il Guk. After that, True Mother, the only begotten daughter, traveled the world with a heart of life-or-death determination and achieved the actual restoration of seven nations, seven denominations and a continent, on the foundation of which she proclaimed the firm establishment of Cheon Il Guk. Cheon Il Guk! Since Cheon Il Guk has been established, it should be overflowing with the citizens of Cheon Il Guk. For this, the registration of CheonBo families - blessed families that have fulfilled their responsibilities - is necessary. That is why I began this undertaking. And today, more than five thousand couples being registered as CheonBo families means you have achieved the feat of quintupling the number of CheonBo families in one year. Your responsibilities do not end here, however. CheonBo families are the CheonBo flowers that will never wither or change.
(True Mother, October 10, 2021)

I have already said that now the age of the Asia-Pacific Civilization has dawned with the Korean Peninsula at its center. When Asia unifies; when you, the CheonBo flowers, blessed families registered as CheonBo, spread throughout the world; when all the beautiful, shining CheonBo flowers in the seven continents and in all nations come into full bloom - on that day when we celebrate the 60th Heavenly Parent's Day in 2027, on this earth all blessed families registered as CheonBo around the world will gather in attendance of the Heavenly Parent, together with True Mother, the only begotten daughter, in this nation. We will sing songs and have a festival to offer gratitude and respect to our Heavenly Parent. May every one of you become families that realize this day without fail, and thereby become prominent and noble CheonBo families of the era of Cheon Il Guk, of whom everyone can be proud. I also pray that as CheonBo families, most beloved of our Heavenly Parent, you will all shine brilliantly forevermore as beautiful CheonBo flowers. I pronounce this benediction in the name of True Parents.
(True Mother, October 10, 2021)

Of course, it is Heavenly Parent who wished to establish, on earth, His dream for the creation of heaven and earth. The 60-year history of our Unification Church was a course through the wilderness. We could not establish ourselves, nor could we achieve firm settlement. Through True Parents, however, a new nation began on Foundation Day: Cheon Il Guk. And the people who should be at the center of the nation called Cheon Il Guk are Heavenly Parent of course, True Parents, and the true children that are you, the blessed families. True Parents have opened a new era, a new history, Cheon Il Guk - something fallen people never dreamed of in 6,000 years. And you have received the blessing of qualifying as the people of Cheon Il Guk, which means what? To be CheonBo families, right? Yes. What did I say last time? Didn't I say that the victorious CheonBo family is "the eternal flower of CheonBo that never withers"? In the era of the Asia-Pacific civilization, these flowers ride the strong current of CheonBo, and countless CheonBo flowers are blooming in the regions and nations of the world! In order to create such an environment, there must be a central axis, mustn't there? This nation that gave birth to True Parents must wake up. It must rise up. It must become a country that can serve Heavenly Parent.
(True Mother, November 25, 2021)

You should know that when you move forward in unity with True Parents, with True Mother, the only begotten daughter, miracles that you do not expect will take place ten-fold and a hundred-fold. I am saying, please don't sit quietly. Even if you do sit still, you are still in the position of having received the Blessing, which distinguishes you from the secular world. All the more, if you act, how very brightly you will shine! Now, you are in a new era, wearing new clothes and receiving indescribable cosmic power from our Heavenly Parent. No one has been able to experience anything comparable. So what should you do? Now there is no path other than to move forward actively. You have to step up to meet the goal. Do you understand? You will do that, won't you? So I believe in you and I love you very, very much. Please be strong.
(True Mother, November 25, 2021)

What did Father say to you all today? Did he just tell you to just stop and let the fruits of your effort pass by without hope? Surely not. Is True Father asking you to become one with True Mother, who is leading the providence on earth? Then, Father will bless you to work together with Mother and spread to all of

humankind the fact that Heavenly Parent's love is with us from Heaven, and bless the entire human race to form beautiful CheonBo families that can fulfill their responsibilities as filial sons and daughters and loyal citizens serving and attending Heavenly Parent. Are you going to make that determination and put it into practice? I believe in you. I love you

Chapter 2 Liberating Ancestors and Leading them to the Blessing

Blessed Family Representing the Ancestors

You represent the history of the resurrection of your ancestors. In a sense you are their bodies and you wear their faces. How long is this history? Some say it is hundreds of thousands of years. In the end, the purpose of the long, arduous course of history has been to give birth to one person, which is each of us. To create one such person from, say, the Kim family, countless ancestors came and went. Thus we are the fruits of human history.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 2, Section 4, 1)

Let us consider our value and the significance of having been able to attend the True Parents, who represent God's six thousand years of hope and longing. How precious it is to go forward as children of True Parents. Even a single hair on your head or one of your fingers is something historic; they belong both to the current age and to the future. As the ancestors of a new age, you stand in a solemn position.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 8, Chapter 3, Section 5, 4)

The time has come for you to understand clearly who True Parents are. Unless you know True Parents clearly, you will remain ignorant of the tradition and will be unable to own it. The Heavenly Parent and True Parents have set indemnity conditions throughout history. I have walked this path in order to stand in the position of the ancestor of the world. Thus you as well have to walk this path in order to inherit the tradition and become the ancestor of your tribe. Because you have to set up a tradition for your tribe, I counsel you to know and own the tradition.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 3, 17)

Adam and Eve failed to stand in a public position, and thus left behind a condition for accusation. Had they stood in a public position and succeeded in the way of sacrifice, they would have been free of accusation from their descendants, all of humankind. You are standing in a similar position. Therefore you should always keep in mind, "I represent three eras." The spirit world is in your hands; in other words, your ancestors are at your mercy. The spirit world, your relatives, and your country are all in your hands. Even the task of setting the right tradition for your future descendants is in your hands. Whether you as one person do well or poorly will determine whether your ancestors and relatives in the spirit world can be liberated, and whether your descendants can become the liberated chosen people.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 35)

"Through True Parents we have become ancestors who engender a new bloodline, and a blessed tribe through whom the realm of liberation can unfold! Our tribe will be of God's eternal and unchanging family and lineage!" When this happens we will bid Satan farewell forever. This is why we in the Unification Church honor our ancestors. Does Christianity allow memorial services for ancestors? The Unification Church has such a tradition. It is not a secular tradition. The realm of the tribal messiah that connects the succeeding generations by serving the Heavenly Parent, the heavenly kingdom and the heavenly ancestors, becomes the royal domain in which we can attend our ancestors for thousands of years. It will become the nation where we can attend the king in the eternal reign of peace. Only after having lived in such a nation can your parents, family and clan go directly to heaven.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 26)

Salvation for Spirits

The twisted, sinful result brought about when our human ancestors failed to become true parents - - the twisted sin committed through the failure to form a true people, a true nation and a true world - still remains before God and humanity. Who can take responsibility for this sin? People who have gone to the spirit world cannot resolve the sins they committed on earth. Therefore, unless someone on earth takes responsibility, the people in the spirit world cannot be liberated. All people living on earth must clear up the sins they have committed before they can go to the heavenly kingdom. Then who on earth, as a representative of history, can clear up the sin that corrupted everything? This must be done by some person, some religion or organization, but the religions and people living on this earth today do not know about this mission. Since only the Unification Church knows about this, we who know should take responsibility.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 3, Section 2, 26)

The Unification Church is not just trying to save the people on earth. It is also trying to liberate the spirits

who spent their time on earth, were captured when they went to the spirit world and are still tied up in the chains of hell. This is the teaching of the Unification Church. Thus ours is a cosmic-level ideology. It does not work through legal conditions. It is possible only when a filial son emerges, a son who can bring God to tears and who can resolve all of God's historical anguish. But a filial son is not enough. A family needs to emerge that says, "God: Jesus forgave humanity, as Your individual son. Now we, as a husband and wife of Your family, Your son and daughter who have created a family, are in the position to make an offering of atonement. We plead with You to save even the people who have gone to the spirit world." Only such a family, which has come together like this, can liberate the entire human race, in the spirit world and the physical world.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 10, Chapter 2, Section 4, 39)

All people have many spirits within them. In the works of Chung Pyung, True Parents pull out these spirits. Then, True Parents emit a searchlight so that these spirits can rise up from the hell of the spirit world. Anyone can follow that light. All good spirits are like that. We open the way for people to rise up. We completely remove the walls and conditions that were there. We have to open those walls of liberation. Therefore, you can go to heaven in a short period of time. Now, people are being harmed by evil spirits, so we must cut off this connection. We must drive out all the evil spirits. Because the family of Adam fell and became a family of evil, we must do the work of re-creation. We must re-create our ancestors. Therefore, we must prepare a family that is in the position of archangel. Then, we will enter the era of mass blessing and the blessing of liberation of the spirit world.

(1999. 1. 8)

True Parents will transform everything that the false parents have created. When True Parents enter the spirit world, they must do so after having created better conditions. They must liberate all the prisoners in the prisons of the earthly and heavenly worlds. They must open the gates of the earthly world's prison and open the path to the heavenly world. If you go to the heavenly world according to the level of your faith and conscience, you will be educated. We must create a system in the spirit world that can educate people about the words of the Divine Principle and the content of the ideal world. If we educate people who know each other through their own clubs, they will be restored in a short period of time. Then, the world will become one. In this way, the heavenly kingdom on earth will begin, and the heavenly kingdom in heaven will begin. We must even liberate Satan.

(1998. 6. 2)

Ancestor Liberation and Ancestor Blessing

Your many good ancestors in the spirit world are anxiously waiting to receive grafts from the true olive tree through you. Regardless of how good they were when they lived on earth, your ancestors entered the spirit world as false olive trees. They are floating about like duckweed, unable to take root in that world. This means that unless your family receives the Blessing, your ancestors will remain trapped in circumstances that prevent them from taking root. When you uphold the true lineage, the true root, you can become the eyes of Heaven. Then you will be the bridge that your ancestors can have faith in and depend on, the bridge that enables them to cross over. This is the priceless value of the marriage Blessing that you receive from the True Parents. It is a blessing of infinite value, which addresses the eternal life of your clan today and also the life of your ancestors and your descendants.

(Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, 18)

In the Unification Church we have the spirit world liberation ceremony. There are ceremonies for ancestor liberation and for ancestor Blessing. The blessed family members of the Unification Church cannot attend their ancestors just as they are. We can attend them as heavenly families representing God only providing we have blessed our elder and younger siblings, our mothers and aunts and any others in spirit world. Now that time has come. It is not idol worship.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 13)

In order for the kingdom of heaven to be realized on earth, the cosmic realms of the spirit world must also be liberated, and only True Parents on the earth can do that. The first human ancestors, Adam and Eve, sowed sinful seeds as false parents. The Messiah must liberate humankind both on earth and in the spirit world, by coming as the True Parents.

(Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, 4)

So as we celebrating the 1000 day memorial of True Father I really hope that all of you will be able to liberate your ancestors in the spirit world. True Father has mentioned that you need to liberate 210 generations. So what is the meaning of Father's words? We need to liberate up to 420 generations of our ancestors. The spirit world has, until this point, followed the fall. It has taken 6000 biblical years to get to this moment. What a long period of time. The spirit world is filled with fallen history. The fallen people do not know God's Providence, but thanks to the True Parents we have received the Marriage Blessing and as Blessed Families, are you aware of the providence or are you ignorant of the providence? If you are aware of it, my hope then is that all of you can liberate all your ancestors and lead them to the Marriage Blessing and I hope you can accomplish this mission of making your ancestors absolute good

spirits. This is the responsibility that you have been blessed with as Blessed Families. Do you understand? That is why we need to expand the good spiritual heavenly sphere.
(True Mother, May 30, 2015)

In Las Vegas, I told them to liberate their ancestors. What I meant is that we need to establish a foundation, an environment for True Father, so that he can work in the spirit world. No matter whether he is the absolute being or the king of kings, he cannot let his status be known without citizens to do activities. There should be citizens. The spirit world was darkened by its relationship with Satan over the past six thousand years. By liberating, blessing and educating your ancestors, the path to a good spirit world will open.
(True Mother, June 22, 2015)

Mobilizing the Spirit World

The spirit world and the earthly world are not two separate worlds cut off from each other. Under the fundamental principle of existence they have a mutual relationship of giving and receiving, that is, mutual exchange. We began our association originally as the Holy Spirit Association, with the aim of achieving unity through divine spiritual power. What is divine spirit? It does not refer to distributing transitory spiritual power or spiritual activity. It is the power of God's love through which the spirit world and the human world can harmonize and resonate based on true love. The Unification Church movement of course moves the hearts of people through a lifestyle of true love, living for the sake of others and investing oneself for others, but also through gaining the spirit world's cooperation.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 2, 1)

We have to mobilize the spirit world. How can heaven be built without mobilizing the spirit world? It cannot. Heaven is supposed to begin from the True Parents, not from the fallen descendants who have existed until now. Just as the angelic world helped when Adam was created, the spirit world should come down to earth and help at the time of re-creation. Otherwise it cannot be achieved.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 9)

If God were to look down upon this neighborhood, He couldn't help but shed tears because the people here are destined for hell. That being the case, you should feel of your own accord the desire to shed tears in His place. When the power of resonance enters you, enabling you to shed tears with the heart of God, the entire spirit world is mobilized. As human beings, you should be moved to tears in God's presence. You cannot communicate with the spirit world unless you reach a position where God can say, "Thank you! The descendants of the fallen Adam and Eve are much better than the Adam and Eve of old," and then be moved to shed tears Himself. Only when God is moved to tears, asking, "How could the descendants of fallen Adam and Eve, the descendants of traitors, come to be like this?" will the spirit world come to your assistance. It is from there that the spirit world opens. Anything less than that will never work. This is the Principle.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 8)

Returning Assistance from Ancestors

When your entire family comes to believe in God, and the grandfather and grandmother, sons and daughters and grandchildren take charge of this and that responsibility, the family can function as three generations. When this happens, you restore your parents and thus, all at once, your grandparents and their parents and their parents' parents - in short, your ancestors over thousands and tens of thousands of generations. The age is coming when the spirit world can return to the earth. The system on earth determines the system in the spirit world. They become one. When such an amazing thing takes place, will not the spirit world be overjoyed? This being so, the era of the victory of religion has now come. In other words, the era of the victory of the spirit world has come.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 10)

You who are on earth should become brothers to the eldest brother in the spirit world. On earth, you should cooperate with and consummate the work being done by the eldest brother. This cannot be done in the spirit world. You need to keep this in mind; you should pray daily for your ancestors and ask them for assistance. Only then can you fulfill your responsibility to make everything right on earth. When you complete what your ancestors failed to carry out on earth, the heavenly world can be liberated. This is crucial; you have to understand it in detail. Not only your life but the lives of all your ancestors depend on your settling this. You need to carry out on earth, as the younger sibling, what your eldest brother is doing throughout the spirit world. The final responsibility rests not with those in the spirit world but with you.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 33)

In the spirit world there are no such concepts as far and near. Since that world transcends time and space, no matter where your home is, it is in your field of vision. This is why spirits can help you at any time, across any distance. In such a manner, spirits moving in the spirit world come down to earth frequently, following their network. As the number of spirits who come down to a village increases gradually and

they start relieving one another, they can carry out a campaign to eradicate the evil spirits in that village. Thus the environment is naturally purified. They carry out that kind of campaign. They come down to earth and form connections centering on their relatives. When they return to the spirit world, their efforts become indemnity and form a proportional foundation for them to go to a better place. Therefore even the spirit world will enter an era of competition.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 6)

Thanks to the coming of Jesus upon the earth, the good ancestors who preceded him were able to transition from the form-spirit level of the spirit world to the life-spirit level. Likewise, your ancestors have come into a realm of special privilege where they can return to earth through the conditions you set on the earth. If you understand this aspect of the Will and become a branch of the victory, then you are in the position where you can become a life spirit and your ancestors will cooperate. In the same way, you should become the base upon which thousands of generations of your good ancestors can return to earth. The era of Jesus was one in which the spirit world helped conditionally for the sake of resurrection to the life-spirit level, but now is the era in which you can achieve the divine-spirit level at which spirit world helps unconditionally for the sake of resurrection. Since such an era has come, there is no greater blessing. The point is that the spirit world is helping you.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 11)

Now the ancestors in the spirit world must be deployed to the earth, and who is the person who can deploy them? God cannot deploy them; to do so would violate the Principle. I am the one who must deploy them. No matter where they were born, they are to return to their birthplace, their hometown. All will return. You enable your ancestors to rise above paradise and go to the kingdom of heaven by having them participate in Blessing activities. This is logically correct. Do you know what virtuous people have lived in your hometown and passed on? You should surpass them. When we think that the spirits who died with sorrow and regret are returning to the earth, and that they are coming to where we live to cooperate with us and attend us as if we were their elder siblings and their rulers, we should become the best there.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, Chapter 4, Section 3, 7)

Chapter 3 Loving Area and Saving the Nation and the World

Blessed Family Community Centered on True Parents

We will create a community based on the culture of heart, in harmony and unity, with True Parents and true families. Each of you, without exception, found the path of God's Will because Heaven chose you. It was based on the merits of your ancestors and because of the character you personally acquired. In order to follow True Parents and enter this realm of victory that we have now, you have faced immeasurable persecution. That makes us all a part of a single family, a community of heart centered on one Parent. Division and conflict continue to afflict the world, but the Unification family can become brothers and sisters who can easily transcend race, nation and any barrier. If you can display an exemplary life of giving and living for the sake of others, this dream will surely come true. Especially in this time of great transition in the providence, I ask that you unite with True Parents in your heart.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 12, Chapter 4, Section 3, 11)

If you receive the Blessing of the Unification Church, your domain will expand because, with God as your focus, you will begin forming a family of the new mainstream. Therefore families that receive the Blessing in the Unification Church consider other such families to be members of their own tribe. After connecting to new parents, known as the True Parents, families that have inherited the innermost heart of the heavenly principles emerge and multiply horizontally. What this means is that within the Unification movement a tribe is being formed that will later expand to become a people and eventually a nation.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 5, Chapter 2, Section 4, 1)

The value of the Blessing can be recognized only when you fulfill your responsibility. Therefore you blessed members should not speak offensively, in the worldly way. There should be something different about you. The family is a small church. Hence your family should be, as the agency of God, a family that God would like to visit. At least three families must totally unite as one family. What I would like to say in particular is, first, that your family should be one that many people visit. Harmony among people is most important. Second, Heaven's families should build solidarity with one another. At the very least the families in your Blessing trinity should be completely united with one another.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 11, Chapter 4, Section 1, 10)

Unification Church members constitute a tribe. My blood is flowing within each of them. Thus all tribal members should be able to cry when I cry and rejoice with me when I rejoice. We are kin, bound by blood. We are a unified people. We go over the barriers of color separating the five races and the differing cultural backgrounds separating various national standards, to create and build the new heavenly kingdom. The heavenly kingdom will manifest when we as a people become divine. The world will open

up when we live as a people of the divine nation. The cosmic kingdom of heaven on earth and in heaven will come down upon that world. Just talking about it will not make it happen. The individual has to make the final decision and then proclaim it in heaven and on earth. It must be proclaimed again centering on the family and again centering on the tribe.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 1, 4)

Home Church Providence

Home Church symbolizes Adam's family in the original garden of Eden, a family that did not fall but became one in total love, with God as the center. When Home Church starts this way and develops into a tribal-level Home Church and then a national-level Home Church, it can lead to one unified world having the ideal form of a global family. I teach this based on the Principle viewpoint. You ought to understand the importance of what the Unification Church has done in presenting Home Church and establishing it before God, humanity and the entire cosmos. It is the very path that Adam and Eve would have taken had they not fallen at the outset, but had instead centered on God throughout their lives, lived on earth in the midst of His love, given birth to sons and daughters and then entered the spirit world. It is also the path their children and their children's children would have followed. Adam and Eve and their entire lineage with all their descendants would have naturally entered the kingdom of heaven.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 1, Section 1, 1)

You should miss your parents and shed tears for them until you die. You cried when you were born, so while you live you should shed tears as well. You should cry for them with a heart of missing them, and you should shed tears of joy whenever you see them. You have to live such a life before you leave this world; only then can you enter the kingdom of heaven after you die. This is the Principle. However, because you could not do so, the True Parents have come in the present time and established the Home Church movement. Through it, they are giving you a chance to make the proper conditions to enable you to enter the kingdom of heaven. Thus Home Church is the starting point of the kingdom of heaven. The cosmos-centered way of thinking is the True Parents' way of thinking. To center on True Parents' thought means you need to bring your family and relatives to become part of the heavenly kingdom. That is what Home Church is for. You should stand as the center of your Home Church, then of your family and then of your tribe - three stages. This is formation, growth and completion. Without tribes, a nation cannot be established. This is why we started using the term "tribal messiah" when we inaugurated the Home Church movement. Thus the Home Church movement is the beginning of the heavenly nation, namely, the kingdom of heaven. So when can you meet the Parents? Only when you go to your Home Church.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 1, Section 1, 10)

Where is the kingdom of heaven? We can conclude, "It is in my heart and in me." Yet, after having heaven in your heart, you need to have the heaven of the body. Only after having the heaven of the body can you actualize heaven in your family, which is your own Home Church. In that heaven, Satan cannot accuse you; he cannot even live there. It is a place where Satan's activities are not permitted. Hence unless you can become a person who can say heaven is in your heart and body, you cannot establish a heavenly environment. Your Home Church refers to a heaven that includes the environment. What kind of base does your Home Church make? Your Home Church provides a base for you to receive the approval of Heaven. Once you set up that environment in your Home Church, it connects you to the nation and the world.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 1, Section 1, 19)

If there is a treasure I am bequeathing to the Unification Church, it is Home Church. After going the way of sacrifice throughout my life, what I am leaving behind for you is the treasure of Home Church. Again, what is the treasure I am leaving behind for the members of the Unification Church? I am giving you the opportunity to proudly inherit the authority of the Unification Church from heaven and earth, from God and Satan; that is the treasure of Home Church. When Home Church is completed, the name "Unification Church" will disappear. God's providence may remain in the realm where Home Church is not yet completed. But in the realm where Home Church is fulfilled, there will be no need for religion or God's providence, for it is where the citizens of heaven will live. What are the 360 homes for? They are to bring all humanity equally to the ideal. In your Home Church area, you should gather people of twelve neighboring communities or at least of twelve nationalities.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 1, Section 1, 14)

Constructing the Foundation of Saving the Nation and the World

You must reform the entire town with the new habits you have acquired through your training in the foreign land and your passionate activities centered on God's Will. Just as God created a sphere of love by investing all of Himself in the midst of nothing, you must invest yourselves. You must be united as one. You must be united as one. If you reach the highest position among the people of your hometown, the spirit world will cooperate with you.

(1988. 6. 15)

Since God's main purpose is to save the world, we must ponder how to develop a step-by-step process to make this extent of salvation possible. The principle is actually very simple. All it takes is for the family to exist for the clan, the clan to exist for the people, the people to exist for the nation, the nation to exist for the world and the world to exist for God. Unless you are a person who exists for the world, you cannot be eligible to become a child of the omnipotent and omniscient God, who created the universe. If the world stands in the position of existing for the sake of God, God will stand in the position of existing for the sake of the world, for the sake of the nation, for the sake of the people, for the sake of the tribe and for the sake of the family.
(Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 1, 3)

Until now, the church has been in an era of individual salvation. From now on, it will be in an era of family salvation centered on blessed families. If families unite, we will move beyond the era of tribal salvation and national salvation. If a tribe receives the blessing, the tribe will receive salvation. If a nation receives the blessing, it will enter an era of national salvation. The dimension will leap forward. Therefore, the era of the church centered on the providence will pass away. The family was turned upside down due to the fall of Adam and Eve as individuals, it must be restored. The body and mind must become one, the family must become one, the nation must become one, and the world must become one. It is said that we must be unified. In Adam's family, everything was divided due to the false lineage connected by Satan. Now, with the coming of the True Parents, we have entered the era of restoration and unification, in which the whole world is restored on the foundation of families that have been united centering on couples whose bodies and minds have become one. When the True Parents bring the true lineage and connect the bodies and minds of individuals, men and women who have become completely one will be perfected and united centering on their families. Then, when these perfected families expand and the world is automatically expanded horizontally, it will be the Kingdom of Heaven that God governs.
(1997. 5. 1)

Blessed families are formed on the basis of absolute faith, absolute love and absolute obedience. Thus they possess Heaven's right of ownership and are able to embrace all Heaven's nations and the world. I went to the heavenly realm and restored the lineage with the heart of absolute faith, absolute love and absolute obedience. I fulfilled the change of absolute lineage, the change of the realm of absolute ownership and the change of the realm of absolute heart. I recovered them all. When tribal messiahs fulfill the change of absolute lineage, the change of the realm of absolute ownership and the change of the realm of absolute heart in numerous tribes, the nation will automatically be saved. That is the end of everything, and everything will be made clean and clear. All these results hinge on your confidence in carrying out tribal messiahship. You have to work with the confidence that success will come through your activities carried out with energy. Please realize that you are the sons and daughters of the True Parents who can gather up the entire world of their victory and claim, on their behalf, ownership over all that for which they have paid the price. This is the national restoration that tribal messiahs need to fulfill, and once you gather the entire world you will offer it to True Parents.
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 3, 10)

Chapter 4 Preserving Heaven's Lineage and Guiding our Descendants

Preserving the Lineage of the Blessing Eternally

Article One of the constitution of the heavenly nation is "You shall not stain the lineage; you shall preserve its purity and eternally protect the pure lineage." Article Two is "You shall not violate human rights." Article Three is "You shall not embezzle public money" This constitution is absolutely necessary for all of you to maintain the kingship of the heavenly nation and become its people, a parent, a spouse, a child and siblings before that kingship.
(Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 1, 9)

The question now is how you will guard the pure and true lineage that you have received from God. Even though Garden of Eden was an undefiled place, still the Fall occurred there. How much more difficult it will be to protect the pure lineage in this evil and corrupt world of sin. So, the people born in this sinful world, no matter how much they suffer, have to take responsibility such that the children of future generations receive and maintain the marriage Blessing. It is their responsibility to create a pure and pristine environment that will never again be defiled.
(Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, 15)

God is the first generation, True Parents are the second generation and you are the third generation. However, you need to understand that the original tradition of the Blessing should have been: God as the first generation, you as the second generation and your children as the third generation. You would have been pure men and women, like unblemished white jade. When you united as couples, upholding the ideal of the four-position foundation, you would have bequeathed pure love, pure life and pure lineage to countless generations of descendants.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 11, Chapter 4, Section 1, 27)

Absolute Purity

Men and women must both preserve their purity. They must not stain themselves before marriage. After chastity, next comes purity of lineage, of the bloodline. Every person who seeks love has to maintain sexual purity and know about the renewed lineage, the lineage of purity. This is why we speak of chastity, pure love and pure lineage. When a man and a woman preserve these three, become one through marriage, continuously live for others, do not keep a record of their good deeds, are not swayed left and right, and persevere in sacrificing while forgetting those sacrifices, they will liberate the world for tens of thousands of years, even if the four corners of the earth relocate, even if up and down reverse, and even if front and back exchange positions. They will bring everything into harmony and realize a world of peace. (Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 8, Chapter 2, Section 5, 3)

Establishing a youth movement for pure love Innumerable heroes and sages in human history, including our first ancestors Adam and Eve, were unable to overcome one critical issue, this very issue of pure love. Today's problem is that no one can take responsibility for this matter of pure love - not the family, schools, churches, or even the government. I have been teaching that belief in absolute sex is the best method of keeping one's purity. This means that once you have formed a bond of love with your spouse, it is eternal, and it is an absolute love relationship that can never change no matter the circumstances. This is because a husband and wife come together centering on God's love, which is eternal and absolute. This is not something that is emphasized only to men, and neither is it applicable only to women. It is the heavenly way that is the same for both men and women; both need to uphold it absolutely. (Pyeong Hwa Gyeong, The Holy Scripture of Cheon Il Guk, Book 7, 6)

God's ideal of creation is based on love that partakes of His chief attributes: absolute love, unique love, unchanging love and eternal love. Based on such love, you can maintain your purity. This means that coming from a fallen lineage, you need to maintain your purity - to take the completely correct position for true love and true life. On the foundation of purity you can change your lineage. After that, you can experience pure love. You receive your inheritance after settling as a family of filial children; and then you expand the scope of your family to become a family of patriots, saints and divine sons and daughters, uniting the world on the horizontal plane. Then you will inherit the authority of victory which is as sweet as a fragrant flower.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 5, Section 3, 12)

Pure Water

How much I have missed you all! There is a distance between Korea and Japan called the Genkai Sea. I am your Great Mother who was born for the first time in human history after six thousand years. I love you. Looking at the phenomena occurring in today's world, we have reached a dead end where human beings cannot do anything about it. Regardless of whether you believe in religion or not, there is a reality that a movement to attend Heaven must be developed in order to solve the problems facing humanity. (True Mother, September 17, 2023)

Heavenly Parent's dream was for True Parents and their children to work together to establish a heavenly kingdom on earth. You, the second generation, born through True Parents, are the sons and daughters of True Parents, whom Heaven has regained after 6,000 years. I have told you that you are pure water. Water should not be in a state of stagnation. You, who are clear water, must continuously expand widely toward the ocean and the world, in line with the providence of history, which is to purify the muddy water of the world. That is your responsibility. By becoming one with you, all the children of the world who are living in a murky world will also become pure water. And if you fulfill your responsibility and mission in overcoming and resolving all the world's problems and difficulties, the world of one human family centered on Heavenly Parent, which humanity has been waiting for and Heaven has been waiting for, will come. Now, it is important that you must reveal the truth of Heaven's providence in a fair and square manner without shrinking. Your original form as pure water must not become stagnant or corrupt. From now on, let us become one with our only begotten daughter, True Mother, and build the kingdom on earth that will fulfill the dream of Heavenly Parent and the desire of humankind in our time.

(True Mother, September 17, 2023)

You second, third and fourth generation children who were born of blessed families through True Parents, I told you that you are Pure Water, did I not? Your Mom is Wang Omma [Grand Mom]. [Applause] Wang Omma is directly attending Heavenly Parent and is making history by bringing the dream of one family of humankind to fruition on earth. In this case, you, Pure Water, should become the central figures in the work of national restoration and world restoration that Wang Omma is carrying out - and in establishing the kingdom of heaven on earth where we can attend Heavenly Parent on earth, in our homes, families, churches, and nations. Only when you become 100%, 120% one with me while I am here on earth and achieve the completion of the providence will you become great and historic central figures forever, and will prestigious descendants come through your families.

(True Mother, May 19, 2024)

Noble Family

I sometimes say this. Be a noble family of distinction. This is the only moment of truth to distinguish your family! Become an ancestor of a noble family! Who else should become the families of distinction other than those who have spent this era together with True Parents? You are in such an incredible moment of history after the longing 6,000 years. I do wish that all of you can stand in such noble positions, but it depends upon the fulfillment of your responsibility. You cannot blame or resent anyone else. Once again, I wish that all of you, as ancestors of noble families, will dedicate loyalty to Heaven forever.
(True Mother, March 19, 2014)

Do not continue to live with the habits you inherited from your mother and father. From now on, be serious about teaching your sons and daughters. If you just leave them the way they are, the Blessing you were given will fall to ruin. This is why I cannot help but dispatch you, making you take responsibility as messiahs. Don't you know you are living in the greatest time in history? The spirit world and physical world, heaven and earth, are watching you. The entire universe is watching you. You are called to become the owners who can lead an era of such amazing love!
(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 9, Chapter 2, Section 1, 20)

You should raise successors and inheritors. What did I say? I told you to form noble families, right? Noble families must raise successors. You should be able to raise sons and daughters greater than you. I believe you are all great people. I want to boast of you. One more thing I would like to ask of you is to raise devoted children who are greater, trustworthy and more loyal than you. Only by doing so, can our future become eternal and hopeful.
(True Mother, July 27, 2014)

There are many who have their names registered in CheonBowon. Since God's creation is eternal, your efforts should not end with the first generation. Your children and grandchildren should align with True Mother, the only begotten daughter and thereby maintain a loyal family that remains forever unchanging. The elder blessed families, especially, must accomplish their responsibilities. They should guide their children and grandchildren to join their public efforts. This is the example they should set as elder families. Will you do that? Each one of you must complete your own responsibilities and achieve victory. I sincerely pray that I, God's only begotten daughter, will recognize many blessed families and that they will receive my seal while I am still on earth.
(True Mother, April 20, 2019)

Chapter 5 Providential Significance of the Entrance Ceremony of Cheon Il Sanctum in Cheon Won Gung

Beginning of the Providence of Cheon Il Sanctum in Cheon Wong Gung

There is a dream that True Father and True Parents have planned for this Chung Pyung complex. It is for the people of Cheon Il Guk who will visit in the future. You are currently living with True Parents. The physical body decays. Only Heaven knows when I will pass away. However, if there is a wish of yours or a wish of mine, I want to fulfill all of them in my lifetime. I want to show you "this is what a world centered on Heavenly Parent and True Parents looks like."
(True Mother, May 6, 2016)

The work that I need to accomplish is to show the citizens of Cheon Il Guk how to attend Heavenly Parent in their daily lives. After father ascended I mentioned that I would build Cheon Won Gung, but unfortunately my direction was not immediately implemented. There were so many secular and manmade limitations. However, now I have decided the date. In 2023, in the beautiful season of spring, Cheon Won Gung, the temple that will attend heavenly parent, the Cheon Il Temple will be offered to heaven.
(Applause) Korea Has to Become Heavenly Korea By Attending Heavenly Parent I'm sure you remember what father said in the past. "Now, all of the people around the world who know this will, will gather like a flood and there will be no end to the cruise ships lining up in Busan." Father's words cannot be allowed to fall on barren ground. We need to bring father's words to fruition, isn't that so? We must have something to show for, isn't that right? (Yes). That is why in order to hasten the process of the unification of the Korean peninsula, the wish and dream of the Korean people... I have mentioned several times in the past, there is a limitation to human understanding and efforts. This country has to become heavenly Korea by attending Heavenly Parent.
(True Mother, May 8, 2020)

Though Heavenly Parent found the True Parents who could realize His ideal of creation on earth, 60 years have passed by because the right environment could not be created. Truly, it has been an indescribably long and dark providential history. Through the course of making many declarations in stages over the

past 60 years, True Parents finally proclaimed Foundation Day in 2013. The founding year of Cheon Il Guk was the beginning. However, True Mother, the only begotten daughter, was alone in ushering in that beginning. Knowing Heavenly Parent's dream, I worked for seven years amid indescribable circumstances with the determination to realize, without fail, an environment in which we can attend the Heavenly Parent on earth. In so doing, I restored seven countries and seven religious groups. I let people know that the day humanity has been seeking with hope is coming, and through the process of restoring a continent, I came to proclaim the firm establishment of Cheon Il Guk. This way, we have finally created the environment in which we can dedicate the Cheon Il Temple that Heavenly Parent can directly preside over. Now, True Father, who has entered the heavenly realms, will conduct the providence to attend Heavenly Parent with God's only begotten daughter, True Mother, on earth.
(True Mother, August 24, 2021)

Role of Cheon Il Sanctum in Cheon Wong Gung

Therefore, in front of you, centering on the Chung Pyung complex, I will build the Cheonji Sunhakwon, to be best and to be unique, so that Heavenly Parent's dream and True Parents' wish can be achieved and be shown in the front of the world. I plan to make it a sanctuary where in the future, your descendants can experience and feel True Parents love and give unlimited gratitude and glory to Heavenly Parent. Ladies and gentlemen, here today, please dream great dreams. I pray that you will unite with True Parents, unite with me, and that you become proud citizens of Cheon Il Guk that can bring the day closer when the heaven on earth is realized (which Heaven hopes for) and when the 7.3 billion people of the world are one and are attending Heavenly Parent, centered on Heavenly Parent and True Parents.
(True Mother, May 7, 2016)

I am educating the people of the world that we must become a nation, people and individuals who truly know God and attend Heavenly Parent. I've explained a lot, but isn't it also important to show you? We talk about a peaceful world and the kingdom of heaven on earth, but what does the kingdom of heaven on earth look like? It is a nation where Heavenly Parent are united with True Parents, and that is Cheon Il Guk. I told you that the Cheon Jeong Gung Museum is the most holy place centered on True Parents, and that Cheonji Sunak Won is the concept of the Central agency. It is also called "Cheon Won Gung. It is a place where True Parents, who are actually on earth, watch over humanity and all nations.
(True Mother, July 4, 2019)

All humankind from around the world should come to Cheon Won Gung to receive education, see the truth, and see the accomplishments of the True Parents, and become blessed children who have been reborn through the blessing, and make their lives on earth beautiful, fruitful, and fulfilling.
(True Mother, July 4, 2019)

This day's existence is a once-in-a-lifetime eternal [opportunity] in your lives; it is the beginning, the starting point. It is eternal and this is a unique time. Also, today, all different departments are meeting to complete this temple This kind of [meeting] never existed in the past and will not exist in the future. However, [it will bear fruit in a work] that will remain eternally. People from all over the world will want to visit and want to live here. So, you should be grateful for all the blessings you are receiving these days and for being alive during this time on earth. Through this temple, people can receive education. We want to create an environment where they can experience [God's heart]. Heavenly Parent's dream was to love and embrace humanity and to live with them as their parent on earth. This parent wanted to realize the kingdom of heaven on earth.
(True Mother, June 4, 2020)

Cheon Il Guk's Cheon Temple will be the world headquarters, the cosmic headquarters. Do you understand? [Yes] I have said that all the religions, now that they have reached the final stop, must get off. They must get off and look for the fathers, find them and receive their Blessing. It is the only path to your survival. It is the path of eternity. Do you understand? Firmly, say it firmly.
(True Mother, February 16, 2022)

Path to the Dedication of Cheon Won Gung

Today, I want to say to all the blessed couples that are working to become CheonBo couples as well as all CheonBo couples that I love you. For the first time in God's providence as well as in human history, the True Parents on earth are building a temple where Heaven's dream is coming true, and where we can live together and in attendance to Heavenly Parent. Please do not forget that you are living in a golden age together with True Mother, God's only begotten daughter, a time when the fruits you bear through your devotion and effort can be recorded in your name in the Cheon Il Temple. What you do will be remembered in the eternal world, and you will stand as proud and honorable ancestors and a noble family in front of your descendants. Considering this, I sincerely hope that you will lead your lives so that you can return gratitude and glory for the tremendous love God has given you. I give you my blessing for this..
(True Mother, May 1, 2015)

Through the dedication of Cheon Won Gung, the central agency that governs Cheon Il Guk, and Cheon Il Sanctum, the main sanctuary of Heavenly Parent that has never been built in history, which are the completion of God's providence and the completion of human history, I am confident that the ideal of the cosmic family will be realized and the world of Heavenly Unified World will be completed when God substantially settles on the continental level. Beloved leaders and blessed families of Heavenly Japan! At this critical time, no matter what temptations or difficulties may come to our motherland, Heavenly Japan, I pray that you will become one with True Mother and, without wavering or hesitating, will take a stand that is as pure and clean as crystal, determined to complete the 60-month course for the final providence and walk with me. Until now, in order to restore the original position of Heavenly Parent, I have devoted myself to traveling around the world from east to west, from south to north, to announce the truth of the providence of Heaven, for those who have ears but cannot hear, and those who have eyes but cannot see. I had difficulty standing up, with sores in my mouth and swollen feet, but I could not rest. This was because I had decided to walk this path and I had promised God that "no matter how difficult the providence, I would finalize this history of misfortune in my generation". And the final moment of that providence is approaching us. If you unite with me in this golden age of the providence and make a life-and-death decision and put everything into the final 60-month course, you will be remembered forever in the providence of Heavenly Parent and become the proud apostles of Cheon Il Guk and the true children of True Parents, who are remembered by all people.
(True Mother, June 17, 2022)

Dedication of Cheon Il Sanctum in Cheon Wong Gung

O Loving Heavenly Parent! You have endured so much and waited so long to see this day! Sixty-three years of True Parents' course has unfolded since the appearance of the True Parents, who were able to fulfill Your ideal for Creation. Heavenly Parent, there is no way to express how deeply sorry we are in front of You, and our heart of deep obligation and gratitude. Nevertheless, Heavenly Parent, please accept this dedication with joy. Although there have been many challenges leading up to this day, in the midst of Your giving Your blessing this day we can dedicate to You the Cheon Won Gung and Cheon Il Sanctum, where Your glory, Heavenly Parent, can be manifested on high. The tremendous joy, excitement and gratitude we feel in our hearts through doing so are beyond words. Heavenly Parent, please accept this dedication with joy. Although some aspects are still not yet complete, we will ensure they will be fully in place and ready for the entrance ceremony in 2024. Accordingly, we will make every effort to create a broad environment in which You can directly commence this providence on earth with the True Parents. O God! Give us the wisdom and ability we need. Today is a blessed day that can bring about the Cheon Il Guk where your hopes and wishes are fulfilled, where all the people whom you can embrace and love will appear around the world. Please therefore accept this dedication with joy. We offer all this in the name of the True Parents. Aju.
(True Mother, May 7, 2023)

Glory be in Heaven. On earth, the exhilarated and joyful voices of the people of Cheon Il Guk resound throughout the world. Please hear this stirring and exciting sound of joy and exultation! Throughout history Heavenly Parent has worked hard and waited to embrace humanity. Now, due to the True Parents, day by day the voices of the people of Cheon Il Guk will resound with praise for our Heavenly Parent. Heavenly Parent, receive glory and rejoice with us. We are immensely grateful. We are so deeply grateful to dedicate this beautiful holy temple. It is certain that the people of this nation and the whole world will come to know that Heavenly Parent is always with us. We love you. We thank you. Heavenly Parent Mansei!
(True Mother, May 7, 2023)

10 years ago, I said I would build Cheon Won Gung Cheonil sanctum. We can now see and learn at a glance the 6,000-year history of heaven's providence through the 14 sacred paintings works of art made of mother-of-pearl, showing how the eternal Creator, our heavenly Parent led the providence for the salvation of fallen humanity. They are unique works of art created by some of the finest artists in the world. They will be preserved for humanity forever if planet Earth is not destroyed.
(True Mother, May 23, 2023)

Cheon Shim Won Prayer

We must pray and report our wishes at Jeongshinwon (Cheonshinwon) as a place where we can always experience attending True Parents and interacting with the spirit world so that all 7.7 billion people in the world can know about them quickly. We must pray so that True Father, who has gone to the spirit world, can walk even further ahead. The earth is important. We must resolve the difficult North-South and Japan-Korea relationships. We must create an environment on earth so that the spirit world can move. The Jeongshinwon is a place where we attend True Father and spend 365 days together. You must live a life in which all members of the family are united in love, attending True Father, Hyojin Nim, Hunjim Nim and Daemo Nim centered on Jeongshinwon. I have established True Father's dignity through the 7-year course. From now on, we must achieve unification of the north and the south. True Father must stand

directly and mobilize the spirit world to unify the north and the south. Only then can we strongly advance the providence of restoration. The Jeongshinwon must become the mainstream of the providence and achieve unification of the north and the south.
(True Mother, June 8, 2020)

I have said that the Family Federation must now advance based on two pillars: the Holy Spirit and the Truth. You need to offer a lot of Cheon Shim Won prayer devotions for a good environment. There are still a lot of obstacles in the way of achieving a heavenly unified Korea and a heavenly unified world. You all know this, right? (Yes.) Therefore, please offer prayer and your devotion.
(True Mother, February 6, 2023)

I have said that from now on, the Unification Church will continue with the spirit and truth. That's why I have been saying that we will work with a dual system of Cheon Shim Won and the Family Federation working together as one. Why is prayer at Cheon Shim Won important? We are saying that Father in the spirit world should come forward to expand the environment that Heavenly Parent needs. This is Father's desire and humanity's desire. Therefore, you all should pray to True Father fervently at Cheon Shim Won. You will visit this place today. Pray, "Please be with us, Father. Please show us the power of Heaven." Do you understand?
(True Mother, November 11, 2023)

Heavenly Parent, True Parents and "I"

There have never been true parents in all of history. Because there were only false parents on the earth, there were no true parents in the heavenly world either. God is called the Parent of humankind, but what position is God in? For God Himself to become a true parent, He must have true children. If He does not, He cannot be a true parent. Therefore, when we look at God's own position, we see that even though He created us, He could not take the position of the True God, the one who created us. In other words, because the first human ancestors fell, God could not become the True God. If human beings had attained perfection, the true family of humankind with True Parents at the center would have emerged, and together with this true family, the true tribe, true people, true nation and true world would have emerged. If this had happened, people would have had blood ties to the True God and would have inherited the heart of the True God. Being related by blood to the True God, they would have formed the people of the True God. Based on that one people, one nation under God's direct governance would have been established.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 2, Section 1, 1)

God is the vertical True Parent. Our Creator, God, stands in the position of the vertical True Parent based on true love. Yet if God were the owner of vertical love only, His love would touch only a single point. Thus He would ask how He could expand His love horizontally. True Parents, not God Himself, are the ones who give birth to children. True Parents are a couple standing as the parents of horizontal true love. They possess horizontal love at a 90-degree angle to the vertical love of God, the True Parent. You need love from the parents in both positions. One is the Parent who is the Creator. The other is True Parents, whom God created in the position of the body, as His object partners, in pursuit of the ideal. Thus God is the Parent in the position of the mind, and True Parents are the parents in the position of the body.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 1, Chapter 2, Section 3, 16)

God, True Parents, and each of us are absolutely necessary to the completion of restoration. The first human ancestors should have become True Parents centered on God, but they fell. Now, in order to overcome the motivation behind the Fall, the three must find a meeting point. God's Will, True Parents' will and our will must concur. The purpose of humankind is fulfilled when the Lord of the Second Advent comes as the Parent of humankind, reaches the standard of a perfected human being, and unites humankind with God's purpose of creation. Then, through the unity of the parents and the children, the original garden of God's Will is established. When the parents and children forge an eternal, unbreakable family bond in that place, they will accomplish God's Will for the first time.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 8, Chapter 4, Section 5, 12)

The True Parents are the hope of God and the hope of humankind. They have been eagerly anticipated by heaven and earth. They have come to the earth to resolve our bitter history and to inherit the great work of God's heart. You must inherit the heart of the True Parents. In order to inherit their heart, you must experience at least some part of God's sorrow as well as True Parents sorrow, even if you cannot fully understand it. In order to claim the earth anew, you naturally must understand the hard work being done by Heaven. If you cannot fully understand it, you must at least grasp some aspect of the heart and of the grief of the True Parents who have worked hard on earth.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 4, Section 5, 12)

The question is how you can deeply experience True Parents' heart and God's love, and how you can enter into the state of their heart. For this, you have to become like Adam and Eve had they not fallen, free from Satan's accusation. How then can you be liberated from Satan's world? You have to win in the battle with

Satan. How hard will you have to work and how much will you have to suffer to achieve this? Jacob and Moses were each deceived ten times. Jesus Christ was also deceived. It was the same with me. You must overcome this as well ; then you will come to know God's heart and come to know the True Parents' heart. Without such experiences you will never know their hearts. If you lack such experiences, Satan will never leave you alone. Unless you triumph over Satan, you will never be able to know True Parents' heart or God's heart.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 4, Section 5, 8)

You will not receive salvation unless you attend True Parents with the attitude that they are the source of your life, the entirety of your hope, and the beginning point of all your ideals and happiness. You must have conviction enough to say, "I am a son (or daughter) of True Parents, and I will unite with them for eternity." This kind of devotion must transcend even the awareness of your own existence. This is the kind of firm conviction you must have.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 2, Chapter 3, Section 1, 17)

Becoming One with True Parents

Although True Father is in the spirit world, he is always with us. He exists without corporeal form, but he never leaves our side even for a moment. What do you think he desires from us at this time? He desires that we march forward without pausing. God's providence has to continue throughout the world until, with True Parents as the center, love and peace overflow, a culture of heart settles, and a new order is established. Moreover, from the victory of Foundation Day, we should advance further to offer great glory to Heaven and to True Parents, and to instill great hope as we stand before the world and before all of history.

(Cheon Seong Gyeong, The Holy Scripture of Cheon Il Guk, Book 12, Chapter 4, Section 3, 12)

What I am saying to you today is that we absolutely have to realize God's dream. This must be realized centered on True Parents. I already have the design in my mind of the great cosmic kingdom of heaven on earth. Through True Parents' victorious achievements, True Parents have already achieved 99.99% of that great dream, God's dream. All that you, who are unstained, must do, is fulfill the 0.01% of the responsibility. True Parents' grand design is like a puzzle. You are the ones who have the last piece, which will complete the puzzle. Therefore, you must say to Heavenly Parent, "Together with True Parents, I will! We will! create the environment, through which we will realize our Heavenly Parent's dream. Should the day we can offer this come quickly? or come slowly? [It must come quickly.] In order to accomplish this, you must go forward united with True Parents.

(True Mother, August 21, 2017)

I have spoken to you. Because the life you live in the kingdom of heaven on earth is reflected in the spirit world, your spirit self and your life must be as clear as crystal. To achieve this, you must know the providence correctly and become one with True Mother, the only begotten daughter, who is now working towards the completion of the providence on earth.

(True Mother, April 21, 2022)

As the only begotten daughter, the mother of peace, and the mother of the universe, I proclaimed the Cheon Il Guk and the firm establishment of Cheon Il Guk. On this foundation, at this time when we must now manifest the completion of the providence before this nation and the world, you must become magnets. Through the principle of the magnet, which is united with True Parents, wherever you work and go, there will be the righteous people whom Heaven has prepared with so much effort for this day. You must have confidence and reveal who you are. You who has become one with the True Parents is like a magnet that attracts others. I pray that you will all have such confidence and courage to move forward.

(True Mother, February 6, 2022)

Have you all visited Cheon Won Gung? What did you feel when you went there? Did you say, "I'm so sorry," to Heavenly Parent? Even before the only begotten daughter, True Mother, you were unfilial. Then, how unfilial have you been before Heavenly Parent? As a blessed family, you should fulfill your responsibilities by living a life that is not just for yourself, but for the sake of others. However, you are currently in a position where you are not. Have you made a new resolution and determined to win? At the leaders' meeting yesterday, I said that before the entrance ceremony welcoming Heavenly Parent next year, we should expand the sphere of influence in which Heavenly Parent can do their works on earth. How can we welcome Heavenly Parent when we have not even restored the nation? We are very sorry about that. Is that right or not? Therefore, before it is too late, we have decided to create even one country in the Asian continent which we can say "the nation has been restored".

(True Mother, June 8, 2024)

Can Japan be left out of Cheon Il Guk? How should we enter Cheon Il Guk? Why have the Japanese people not known about the Unification Church until now, even though it has been over 60 years since its founding? Why don't they know about the Family Federation? Why don't they know about the importance of the family? Japan is an aging nation that has reached the "population cliff," and yet the Family

Federation has many second and third generations young people who are building true families and producing many blessed children. When the politicians and citizens of Japan learn about this fact, will they be proud of you, respect you, and want to do something for you, or not? If you are certain, there is nothing to worry about. Are you confident? We are not going forward alone. As pure water, the second and third generations are creating a huge wave, making great voyages, and advancing into the world. You are all participating in this, so what are you worried about? I believe you will fulfill your role splendidly. You must become one with the only begotten daughter and the mother of peace. Not only you, but also your leaders and politicians should welcome the only begotten daughter. You must offer your devotion and pray so that they can say, "Only begotten daughter, please come to our country once."
(True Mother, June 8, 2024)

Toward Entering of Cheon Il Sanctum in Cheon Wong Gung

Now is the age of Cheon Il Guk. With the victory of True Parents, Cheon Il Guk has been established, and at this time when we have dedicated the holy temple where we can attend Heavenly Parent, who is the owner of Cheon Il Guk, what should you do? The creation of the environment of Heavenly Parent begins with the restoration of the central nation. Politicians and all the people of this nation must know that the Heavenly Parent is the owner of this nation. However, there are still many obstacles. Until now, we have not been able to sufficiently inform people about the True Parents. We cannot delay any longer. We must not be unfilial or unfaithful to Heavenly Parent by making Him wait any longer. I hope that the staff of the many organizations will put everything down and devote themselves to carrying out the works of Heavenly Parent on the front lines. I ask that you deeply understand and reflect on the hearts of True Parents and Heavenly Parent, who hope that you will not let Heaven down any longer.

In the face of this miraculous fact - that the Blessed Families of the Unification Church around the world have dedicated Cheon Won Gung and Cheon Il Sanctum, the heavenly environment where we can attend Heavenly Parent on earth, and will actually hold the entrance ceremony in 2025 - we must fulfill our duty to repay Heaven for its faith and patience in waiting for us, and for the great grace it has bestowed upon us, through the restoration of the nation. If more than 200 nations around the world attend Heavenly Parent and become brother nations that attend True Parent on earth, is there any need for war? It is a peaceful world. The world of one family of peaceful humanity that attends Heavenly Parent is becoming a reality. In order for this to happen, we must witness. It is your responsibility to make sure that no one is ignorant of the providence of Heaven.

And now, as we are approaching the 13th year, a number symbolizing completion, we must finalize all aspects of the Entrance Ceremony into Cheon Won Gung and the Cheon Il Sanctum. Therefore, we must all unite for the sake of the providence. So, let's enter this hopeful 12th year of Cheon Il Guk, fully prepared in every way, with perfect order and organization. Aju.

In 2023, for the first time in the 6,000 years of the history of humankind and of the providence, a sanctuary where we can attend the Heavenly Parent, named Cheon Won Gung, was dedicated to Heaven. This was accomplished by True Parents. Now, this year, we will complete the final checks, and by the time we hold the official Entrance Ceremony next year, we will let the world know of the Heavenly Parent's existence.

After True Father's Seonghwa, the Foundation Day was proclaimed, but the dream of Heavenly Parent is to live in the Kingdom Heaven on Earth. There must be a house where we can attend Heavenly Parent. The 53 years of the Unification Church were a long period of wilderness, so now that we have seen the start of a new history in the era of Cheon Il Guk, all systems and environments must be put in order. First, I had to build a sanctuary where I could receive the central figure, but I did it alone. It took 11 years. Now, with the Cheon Won Gung dedicated, we are preparing for the completion of the entrance into Cheon Il Sanctum in one year's time, a place where we can attend Heavenly Parent on earth substantially. The 6,000-year history of fallen humanity has been unfaithful and unfilial before Heaven. However, it is time to welcome the day when Heavenly Parent will come to earth by True Parents. All the leaders gathered here from around the world, for this first day of this joyous occasion for humanity, we must offer glory to Heavenly Parent and prepare a place where Heavenly Parent can say, "You have had many hardships with True Parents. Thank you." Aren't you blessed family leaders who must do this? How do we create an environment where we can proudly say that we are the sons and daughters of Cheon Il Guk, who attend the Heavenly Parent? The essence of the Creator, Heavenly Parent, and the desire of Heavenly Parent is to meet True Parents on earth. He wants to love his children through True Parents. Then, who on earth should you be proud of? You should be proud of the Only begotten daughter of the First Advent, the

Mother of Peace, and the Mother of the Universe. This is the only way to advance towards religious unity and peace.

(True Mother, February 23, 2024)

This is religious unity. When the True Parents are at the center, all religions unify. The same goes for nations. Among the 200 countries, some are prosperous and some are not, but to all these nations, the Creator, who is the original owner of the universe, is our Heavenly Parent. How could we alone enjoy this immense, heart-fluttering gratitude and joy that the palace of Cheon Won Gung has been established, and next year we will hold the entrance ceremony to serve the Heavenly Parent? I pray that all 8 billion people of the world will rush towards this moment of welcoming the Heavenly Parent on earth and that in the embrace of the Heavenly Parent, all humanity will become one. I bless all the blessed families who bring forward and announce this day with all our devotion and effort.
