Sunday Service and Fast

Good morning, brothers and sisters,

We just had a spirit-filled service here [Chung Pyung].

Rev. Ken [Seong-yeon] Doo focused in his Sunday message today on the following three points:

1. Let us become deeply aware of True Mother's heart and situation (empathy and unity)
2. Reflect deeply and renew courageously ourselves and our movement.
3. In our families and communities, faithfully focus on the essentials of a principled spiritual life

He conveyed some of what True Mother shared with him directly.

True Mother to Rev. Doo who tries to comfort her: "It's okay because Heaven is with you. Don't be shaken by the current situation, but be faithful to the tasks assigned to you!"

True Mother to Rev. Doo: "Get on a night flight to Japan right now and convey True Mother's heart of comfort to a leader who has suffered and worked hard."

True Mother to Japanese leaders: "Thank you for your hard work. I love you. And let's hold on a little longer and share the moment of victory together! Thank you! I love you!"

True Mother to Youth at Pure Water Assembly:

"I pray that you will become a mighty, large tree with deep roots in Cheon Il Guk, and grow into a large tree that embraces and is loved by all people of the world."

Finally, he invited and encouraged us to join in a 1-day fast tomorrow, Monday, September 15 to support the three points mentioned above. Please adapt the condition according to your personal situation and health as necessary.

Wishing you a blessed Sunday!

From Korea with love,

Bogdan
