

## Our Mission for the Settlement of Cheon Il Guk

Hak Ja Han

December 6, 2015

True Mother's message to a group of Japanese members

Transcription of <https://youtu.be/Aj9uWSf8Qgk> by Airenae Culvy

It is good to see you.

When I spoke to the Top Gun trainees the other day, I told them that we need to take the path toward settlement of Cheon Il Guk, not merely occupation. The Chinese character "an" in anchak (settlement) is formed from the characters of a woman under the character for a house.

In this world, a large house was built. Who is the owner of the house? Is it the man? Is it the woman? In Korea, we call the husband bakat-yangban (literally outside nobleman) and we call the wife the anbang-manim (literally woman of the main room). The husband is the owner of the male side of a (traditional, divided by sex) house and the outside. What this means is that in the context of the providential history, the woman's role is important.

When God made the creation, He said that it was beautiful. He said that it looked good. Thus, He created one man and one woman, Adam and Eve, and blessed them. Why was that? He gave Adam and Eve responsibility.

God's wish and Adam and Eve's wish needed to coincide. God wanted to become the Parent of humankind. Not just a spiritual Parent; He wanted to become the visible Parent of the substantial world. Therefore, He created the universe. He gave a growth period to Adam and Eve.

That period, the growth period, was one in which they were to be responsible in an absolute position with God. When they reached perfection, God would have blessed Adam and Eve. God carried out the providence so that they would become the first true ancestors, the true parents of humankind.

Yet, what happened? When you look at the human history today, we can tell that this does not fulfill the purpose of creation as God had planned. Isn't that right? (Yes) The history of humankind, or the six-thousand year history in the Bible, is the providential history of restoration through indemnity that God has been searching for to establish human ancestors.

For example, God was working the providence to establish good individuals and a good people in the evil satanic world. At that time, the satanic world had formed many nations. Thus, God prepared the chosen people, called the Israelites, until they possessed the standards of a nation. He sent His only-begotten son who could personally carry out His providence and who could subjugate the satanic world.

The day that the Israelites had hoped for had finally come. Yet they did not support and attend the only-begotten son of God. They did not fulfill the ultimate responsibility as the chosen people. The Roman Empire was very strong during that era. Rome held so much initiative that they were said to have influence worldwide. However, Maria who was a central figure did not even fulfill her responsibility. Because Judaism, the Israelites, that had prepared an entire people, the central people, for four thousand years, could not fulfill their responsibility, Jesus had nowhere to stand.

In conclusion, he had no choice but to die on the cross. As he died, he said he would come again. He even explained what that meant by saying that he would hold the Marriage Supper of the Lamb. When we look at this, just as God had created the universe and created Adam and Eve, if he had sent his only-begotten son on the providential course of restoration through indemnity, that means there should also be an only-begotten daughter of God as well. You understand, right?

Do you understand? I should go and see who is sitting in the back.

The two-thousand-year Christian providential history was the providence of searching for God's only-begotten daughter. However, the Christians are unaware of this. This is Christianity that came about through the history of the Holy Spirit in Mark's attic. Jesus was unable to say much during the three years of his public ministry. He could not bring Heaven's secrets, the truth, to light. Thus, he held it to his heart and said, "I will come again."

Yet, even though the Christian church, which needed to prepare the foundation, did not know about the providential history or about the origin, they still prepared for two thousand years under the Holy Spirit. World War II, between democracy and communism, made it possible, made the birth of the democratic world possible and prepared people to welcome the coming of the Lord.

America should have fulfilled her responsibility but because he did not, Father had to carry out the providence while shedding tears of blood to save the world and to save America during the forty years he

lived there. To save America and the world, Father extensively educated people through the International Conference for the Unity of Sciences (ICUS) or the Professors World Peace Academy.

Back then, the way that America received Father at first was quite refreshing. Yet, some communists and Christian people set him up, and they put him in Danbury prison. At that time, Father said to declare the "end of communism" through ICUS. Dr. Morton Kaplan, who is still alive today, was the president of the conference then. His knowledge of Eastern and Western politics was quite extensive; he was a world-renowned scholar.

Father called Dr. Kaplan to visit Danbury prison and said, "Tell them this time that communism will perish." When Dr. Kaplan thought about the global reputation he had built up until then, he feared speaking nonsense. So, he said to Father, "I think I would like to say "maybe." He said this about three times, but Father said, "No. Say that it will perish."

So where was this declared? Do you know? It was at the Intercontinental Hotel in Geneva, Switzerland, near where the Soviet Embassy was. At that place, it was declared that communism would fall. Back then, communism still had great power.

Do you know how your Parents carried out the providence which no one knew of? That's not all is it? We traveled around the globe hundreds of times for the providence for forty or fifty years. However, what was Father's last request to us? You need to take responsibility for the united world that God and humanity yearn and hope for. The time when Cheon Il Guk can be established.

Originally, a nation should have welcomed the Messiah and he should have been able to carry out the global providence on a national foundation. Heaven had prepared that path, but the Christian church did not fulfill their responsibilities. Due to this situation, True Parents had to re-create an environment that had been lost and make their way up from the bottom. Those were such painful days!

God opened the way for humankind through the long period of six thousand years, to be in a blessed position where it is able to participate. He sent the True Parents to earth, but because the environment was not ready, True Parents themselves had to pioneer from the bottom. This providential history of restoration through indemnity was heartbreaking. It is a path that only God knows.

People have been reborn and have Blessed families through True Parents, but those people should not stop there. They have the responsibility to restore their tribe, their people and their nation, but they had not fulfilled their responsibilities.

Do you know that Dae Mo nim's work began because such an environment was not made not even up to the time of Father's ascension? Dae Mo nim's task was to carry out God's command.

Even though there are many Blessed families in the human world, they did not make an environment fit for the True Father, the True Parents, the returning Lord, the Savior and the King of Kings. There were only ignorant people who did not understand Father's position, but Dae Mo nim knew the providential history.

As I said before, the two-thousand-year Christian history was the providence of searching for God's only-begotten daughter. The only-begotten daughter of God needed to be born as God's daughter separate from the satanic world. I was the one who possessed such a standard. (Applause) The world didn't know but Satan knew. Therefore, the moment I was born, Satan said, 'Because you were born I am doomed. So I will kill you,' and he tried to kill me. However, Dae Mo nim fought and won. Thus, I am here today. Do you understand? (Applause)

Dae Mo nim had a Christian background and understood God's providential history. She lived her whole life in a position similar to that of a nanny who bore God's only-begotten daughter. Heavenly Parent knew this. Therefore, what did Dae Mo nim, who was in the spirit world, do for God's Blessed children on earth who were ignorant of the providence even when they had been told? She had to choose right? Thus, the Chung Pyung work began.

Dae Mo nim is in the position in which she fulfilled all her responsibility to eternally attend Father as the returning Lord, the King of Kings. That was her role. Now she is busier in the spirit world with her providence. is now in the position where it has grown within an established order, and if each individual offers devotion united with True Parents, they can personally experience Dae Mo nim's work on your own. Do you understand? (Yes) (Applause)

You need to know this. She lived her entire life publically and attended the returning Lord. In the sight of heaven and earth, she was truly loyal. That is why not just anyone can carry out Mother's role. No one can but me. Do you understand? (Yes)

If you go forward, one in heart, one in body, one in harmony and one ideologically with me, can you be victorious or not? (We can be victorious) You are Blessed people. There are seven billion people in the world, but how is it that you met me? Blessed families have been made through me, right? (Yes)

You should live your lives each day with a heart of gratitude and live for the future as long as you are alive. This is the fatherland of faith. This is the original homeland. I need to create a new culture. Will you cooperate with that, or not? (Yes. We will do it)

Therefore, I am trying to make Korea the world's holy ground within ten years. (Yes) (Applause) I hope that you will take part in this. Please take care of your health and let's accomplish this great work together. Thank you.
