### **TRUE MOTHER/TRUE PARENTS' MESSAGE**

The only Son of God and the only Daughter of God, The True Parents, are central to realizing God's dream and humankind's wish.

The Bible says that new wine must be put into fresh wineskins. If what you have been thinking, or planning until now is not aligned with True Parents, with Me, you must change it. Stagnant water spoils. It must flow.

I am very serious. I am The True Parent. In a home, when there is a mother and a father, who thinks more for your sake? Is it your father? or your mother?

Looking at the current situation today, even if we set aside religious thinking, people think in this way:

"A man-made world has limitations."

"Women must come forward. Women, mothers must be at the center."

Therefore, "In all areas we must find the way for healing, improvement, and development."

These are not My words but the words of famous scholars.

In the providence, Europeans played the role of loyal subjects (patriots) in the development of FFWPU. However, they have advanced in age. New sprouts must come. You must show you are still full of life.

Before we are the Unification Church we are True Parents' Church. True Parents!

No one can go to the ideal world without going through The Parents. They give you rebirth. You are born again. The past two-thousand years of Christian history was a time of rebirth through the Holy Spirit. However, the Holy Spirit is not substantial.

You can be reborn through the substantial True Parents, yet why can't you reach that position? We cannot use the same methods as in the past, especially while True Parents are on earth. The earth plane is important.

That is why, for five years I have continually gone without sleeping through the night. Because being on the earth is important...

The way for you to survive is through uniting with True Parents and achieving national restoration. In order to do this, you must fulfill your responsibilities as tribal messiahs.

Tears of repentance must overflow from deep within yourselves. We are not just individual people; each of us is someone for whom Heaven has waited for six thousand years.

"I am sorry I could amount to only this much."

"Now, I will truly come to my senses and go in one direction."

You have held honest meetings during this time and I will listen to your opinions from them. After listening, if you truly want it, I will provide support in that direction.

After Father's Seonghwa, I said the lights in our churches should remain switched on for 24 hours a day. By that I meant that there are prepared people. Find the people who are prepared; find the righteous people. If we want to do that, can there be night or day?

You have to transcend day and night and, offering your devoted effort, find those people. There are people who have been prepared. These are the nations and the people that must become one human family under God. I, The True Parent, want to put my trust in you.

(Over the four days, the leaders came into the conviction that nothing is impossible if they take action united with True Parents' Heart; and then, the leaders set out for the four-year course for the Victory of the Vision 2020.

*(End of True Mother/True Parents Speech)*
