

# Special Breakfast Banquet to Celebrate True Parents' Victorious Return

Cheon Jeong Gung, Small Banquet Room, April 10, 2018

I welcome you all to this beautiful heaven. When I opened my window this morning and looked at the training center, over there looked like the ordinary world and over here was heaven. Viewed from down the hill, it was like seeing the top of a mountain rising through a sea of clouds. One could see the bright Cheon Jeong Gung. When seeing this in the morning, didn't you feel that down there is the ordinary world and it is heaven here? After Father's seonghwa, I said I would reveal the truth and spoke of many things. When one speaks, depending on who hears it, it can become food that fills you up. If they eat it and digest it well, they can set off on a healthy life. Isn't that so? Are you happy or not after having eaten a healthy meal and seeing me this morning?

I have said that we have arrived at the springtime in the providence. With methods different from existing methods we must finish the providence and we must reveal the truth even if it is difficult. That is why it is true that we are taking this difficult course. However, because there is heaven,

because there is our Heavenly Parent and because there is all of you blessed families who have received the blessing through True Parents, if you fulfill the responsibilities you have received and align with me like a sunflower [aligns to the sun] Heavenly Parent's dream, the wish of humankind, absolutely, will be realized. If we offer this result to Heavenly Parent while I am on earth, you can become proud people standing before future generations, your descendants and all humankind to come in the future. This time will not always be here. When considering a human life, the time when you are alive with me, regardless of your age, is your golden age. Golden age! You cannot miss this time.

Our goal and the road we must take is one. It is the road to becoming sons or daughters who can stand proudly in front of Heavenly Parent. You must know that this time, when during your earthly life Heavenly Parent can embrace you saying, "You did well my son, my daughter," is your golden age.

While you are living your earthly life, if you ask, "I have a different wealth than others; I have different knowledge than others," who is this all for? If you do this for yourselves, it is not something that will last. If you devote yourselves and contribute to the providence, for Heaven's will, for Heavenly Parent, for humankind, and you help the providence, your descendants will be proud of you. I am giving you this opportunity. In light of that, should you be grateful or not? Should you complain? We have to live our lives in a way that each day we approach Heaven with a grateful heart. The earthly life is not eternal. In facing the eternal world, our earthly lives are the way for us to do our best and gain achievements. Now not much time remains until 2020. Therefore, especially since I am in Korea, I

told eight leaders to offer a special twenty-one day devotion. I have to realize the conclusion of the ideal world that Heavenly Parent originally created so that Heavenly Parent can say, "Everything is fulfilled. You are my proud and beloved children". There can be no divisions or imperfections in this. In the position of absolutely being aligned with True Parents, you must become victors who have fulfilled their responsibility from that position.

Therefore, with greater diligence, you must be loyal to Heavenly Parent and True Parents. Do you understand? In my heart, I want to do everything for you. However today, you have already received everything. This is because I love you! Isn't that so?
