

# **The current church leadership should discontinue establishment of Cheon Il Guk Constitution as they abolished the rough draft of Heaven's Constitution that True Father worked on!**

**July 22, 2013**

**They must stop damaging 8 Great Textbooks that True Father established as the roots of Heaven's Constitution including Cheon Seong Gyeong, Pyeong Hwa Shin Gyeong, and the Family Pledge and discontinue establishment of Cheon Il Guk Constitution, pursued by those who abolished the rough draft of Heaven's Constitution that True Father prepared making notes. If brothers and sisters sympathize with this historical atrocity or remain silent, they will be subject to historical judgment and punishment for generations to come.**

## **1. Disclose the rough draft of Heaven's Constitution that True Father directly worked on!**

Peter Kim distorted historical facts fooling pastors and brothers and sisters during <Hearing for the establishment of Cheon Il Guk Constitution> held for former and incumbent pastors on July 12. He said, "In 2005, when Rev Sun Jo Hwang was the president, a rough draft of Cheon Il Guk Constitution was drawn up under Father's order, but for some reason, it was not published. Therefore, I made reference of the materials during my research as chair of Legislation Committee for Cheon Il Guk Constitution. Actually under True Family's order given in 2009, I informed President Jin Choon Kim and Professor Jeong Chang Choi and created Constitution Establishment Committee. Due to unexpected circumstances, we had to discontinue at some point and now here we are."

The following is a historical background.

True Father stressed the necessity to establish the Constitution to Rev Chung Hwan Kwak in Yeosu in 2005 and told him to draw up a rough draft. Afterwards, Rev Chung Hwan Kwak repeatedly relayed True Father's instructions regarding Constitution to those who were working on the rough draft, and the point of True Father's talk was that the Family Pledge should be the center and the root of Cheon Il Guk Constitution. Since then, the rough draft of Cheon Il Guk Constitution, which was completed after a 3 year long preparation, was written in types that True Father could read, and on December 30, 2008, Rev Chung Hwan Kwak presented it to True Father. True Father said to Rev Chung Hwan Kwak, "Why is it so lengthy? I proofread it and made a rough draft myself." Rev Chung Hwan Kwak witnessed the original rough draft that True Father proofread crossing out some texts with a black marker. Around April 2009, True Father announced that he himself created the Cheon Il Guk Constitution rough draft. He also added that 『Pyeong Hwa Shin Gyeong』 is the rough draft of Heaven's Constitution.

If we look up the sermons of True Father, we can see that this is so true.

**We are working on the Articles of Constitution that will create a new world. Peter, do you know anything about the rough draft of Constitution? (I have not seen it but heard of it.) I have to take a look at it, not you.** (Volume 609, 199~200p. 3.10.2009)

**We have established the Constitution as well. I've read the rough draft of Constitution, and realize that it has gone too far. Everything is prepared.** (Volume 610, 171p, 4.23.2009)

**This book, 『Pyeong Hwa Hoon Gyeong』, has been changed to 『Pyeong Hwa Shin Gyeong』. It is created under God's order. This is the rough draft of Heaven's Constitution. I have already created Heaven's Constitution too.** (Volume 610, 223p, 4.24.2009)

Even though Peter Kim was aware that the 'rough draft of Heaven's Constitution' that True Father worked on really exists, he purposefully hid that fact during the hearing. We wonder if he informed Legislation Committee members of this. Furthermore, when he mentioned True Father's talk on the Constitution during the

hearing, he chose not to point out that True Father underlined the importance of Pyeong Hwa Shin Gyeong saying **Pyeong Hwa Shin Gyeong is the rough draft of the Constitution.**

Since a person with ill intentions is the so-called chair of < Legislation Committee for Cheon Il Guk Constitution > blinding Unification Community leaders and brothers and sisters, would God and True Father in the spiritual world be able to accept their final work?

**If they genuinely wish to comply with True Father's will in completing the Constitution of Cheon Il Guk, the first thing they should do is to disclose the rough draft that True Father proofread himself so that everyone of us can get an idea of True Father's will. On the other hand, having unqualified, unfitted scholars establish Cheon Il Guk Constitution using True Mother's authority and church power will eventually enrage Heaven.**

## **2. Fully restore True Father's sermons that are the rock before establishing Cheon Il Guk Constitution!**

True Father extracted the essence from the Sermons Collection to establish Cheon Seong Gyeong, and he called this Cheon Seong Gyeong as heaven's Bible and Scriptures. And the essence of Cheon Seong Gyeong extracted is used to establish Pyeong Hwa Hoon Gyeong. After the helicopter crash in 2008, the name was changed to Pyeong Hwa Shin Gyeong, and Father said, "This is the Constitution of heaven and earth. Since it has been approved by God, nobody should tamper with it." And he said that the essence of Pyeong Hwa Shin Gyeong is the Family Pledge. Father said Pyeong Hwa Shin Gyeong and the Family Pledge are the Constitution of Cheon Il Guk and the lighthouse that will guide the blessed families in the founding of Cheon Il Guk.

Based on True Father's talk, the basis and root of Cheon Il Guk Constitution is the Sermons Collection, Cheon Seong Gyeong, Pyeong Hwa Shin Gyeong, and the Family Pledge. Yet, the current church leadership downgraded True Father-established Cheon Seong Gyeong purporting to revise and enlarge it (actual abolishment of True Father-established Cheon Seong Gyeong), denied Pyeong Hwa Shin Gyeong, altered Family Pledge, and deleted a lot of details from the Sermons Collection (Volumes 594~615).

If the Sermons Collection, Cheon Seong Gyeong, Pyeong Hwa Shin Gyeong, and the Family Pledge are the rock, the Constitution of Cheon Il Guk is like a stone slab. As Moses committed a sin striking the rock twice, he was not able to cross the Jordan River nearing Canaan that he longed for. What is the reason? Hitting the rock is like striking a stone slab, which also means that a condition for Satan's interference was created when the messiah is supposed to come in the latter day as described in Divine Principle Part II Chapter II on Moses.

**Deleting, downgrading, denying, and altering the root and the rock of Cheon Il Guk Constitution - the Sermons Collection, Cheon Seong Gyeong, Pyeong Hwa Shin Gyeong, and the Family Pledge – is the same as striking True Father who came as a substance of sermons. How can those kinds of people say that they are going to establish the Constitution? Heaven and tens of billions of spirits are watching. True Father is watching and so is Satan. If they truly fear Heaven, they should restore True Father's sermons, which signify the rock, before establishing Cheon Il Guk Constitution.**

## **3. True Family who has to become a substance of sermons and root of Cheon Il Guk should be taken care of first!**

True Father warned, "These sermons were designated by Heaven, but what good are they? If we do not substantiate them, they will all be extinct. If True Parents, True Family, and the blessed families cannot be the substance of sermons, we are destined to be extinct (11.6.2009, Cheon Jeong Gung)." In addition to the talk about forming 12 tribes, True Father wanted True Family to become the substance of these sermons and settle as roots of Cheon Il Guk so that entire mankind can be engrafted to the True Family substantially. But unfortunately, True Family has not been able to do so and is rather destroyed. This resulted from the fact that the Unification Community leadership has completely denied its mission to protect and attend True Family.

Now that those who destroyed True Family are also trying to destroy the sermons that are equal to True Father's final words and establish the heaven's law at their discretion, how long can the rootless Cheon Il Guk system that these kinds of people built last, and how long can the blessed families living under such system go on?

Some people might want to say this. "True Family is complete and problem-free. True Mother is in unity with True Father, right? If not Second Generation, Third Generation can stand in the center to lead the providence, right?" Can any blessed families who are aware of God's providence and Divine Principle really support this remark and validate it?

**If they are able to read through the essence of sermons on a true ideal family, illuminated in Family Pledge and Pyeong Hwa Shin Gyeong that True Father regarded as Cheon Il Guk Constitution, they should not be talking about 'Constitution' at this moment but fully devote themselves to taking care of True Family.**

#### **4. Do not attempt to use Cheon Il Guk Constitution as a means of winning lawsuit!**

During the so-called <Hearing for the establishment of Cheon Il Guk Constitution> held for pastors, Chair Peter Kim disclosed his intent as to why he is rushing to establish the Constitution during his remarks at the end of his presentation. He said once the constitution is established, it can help reduce a great deal of confusion within Unification Community, "If we have the established Constitution, if we have the globally recognized Constitution like Vatican Constitution, before the court rules as vested by the judicial power of their nation, they will take our Constitution into consideration just like Catholic church."

**He inadvertently expressed his intent to create church laws in the name of Cheon Il Guk Constitution so as to have an advantageous position in lawsuits implicating himself.**

#### **5. Those who are trying to establish Cheon Il Guk Constitution are disqualified!**

If we check out the profiles of Legislation Committee members for Cheon Il Guk Constitution that the church leadership announced, their qualifications are highly dubious in terms of their past lives, morality, and knowledge of sermons and providence. Especially how can Peter Kim, who wrecked providence and triggered downfall of True Family, lead the establishment of Cheon Il Guk Constitution? Professor Kim, one of Legislation Committee members, is known as a political theologian who came up with 'True Mother messiah theory' while True Father was alive. Moreover, he is currently implicated in a scandal tainting his image. Rumor has it that another Legislation Committee members, Professor Choi, had to leave Korea a long time ago for committing a shameful act. No matter how many doctoral degrees they hold or no matter how competent they are, what good is it if they are flawed this way. Would it be possible for True Father in the spiritual world to dedicate Cheon Il Guk Constitution, completed by those who lived their lives as they pleased, to God?

#### **6. Conclusion**

We can no longer tolerate anti-providential act of church leadership who not only damaged True Father's sermons but also attempted to establish Cheon Il Guk Constitution at their own discretion. We would like to inform brothers and sisters that we will fight until the corrupt church leadership all resign in the name of blessed families and owner of Cheon Il Guk and ask many to support this cause.
