Hyun Jin Moon's Family Peace Association Regional Director for Europe

Dear Blessed Families

This is to inform you that in the law suit that FFWPU began in Washington DC against the person in the position of the True Elder Son, Hyun Jin Nim, Mother was deposed (called to testify) in the Washington DC Superior Court on Friday, 13th July and Saturday, 14th July. The deposition lasted for approximately 9 hours, about 5-6 hours of which were taken up by translation.

Please understand that I cannot comment on Mother's testimony. When we quote or comment on what Mother said, FFWPU's lawyers tell the court that we are "harassing Mrs. Moon". Mother's testimony was both transcribed and videoed, so you can demand the transcript from your FFWPU leaders. However, expect that your leaders will refuse to reveal the content, as it exposes in all clarity Mother's controversial convictions.

Sincerely

Mark Bramwell
