

The Kingdom's Door – October 9, 2016  
Rev. Hyung Jin Moon Unification Sanctuary, Newfoundland -PA

Let's go to the Kingdom's Door. Praise God. Let's start with Luke 13 and let's go from verses 22-30.

(Luke 13:22) Jesus went through the towns and villages, teaching as he went, always pressing on toward Jerusalem. (23) Someone asked him, "Lord will only a few be saved?" He replied, (24) "Work hard to enter the narrow gates to God's kingdom, for many will try to enter but will fail. (25) When the master of the house has locked the door, it will be too late. You will stand outside knocking and pleading, 'Lord open the door for us!'" But He will reply, "I don't know you, or where you come from." (26) Then you will say, 'But we ate and drank with you, and you taught in our streets.' (27) And He will reply, "I tell you, I don't know you or where you come from. Get away from me, all you who do evil. (28) There will be weeping and gnashing of teeth, for you will see Abraham, Isaac, and Jacob, and all the prophets in the Kingdom of God, but you will be thrown out. (29) and people will come from all over the world – from east and west, north and south – and take their places in the Kingdom of God. (30) And note this: Some who seem least important now, will be the greatest then. And some who are the greatest now, will be the least important then."

Amen! Wow! That some power there folks. That's some really powerful, powerful Scripture. That's interesting; because, he gives the warning to those who have heard the teaching of Christ, yet have refused him, who at the last minute they say ... 'OOOh! I didn't, we didn't eat and drink together?' But it was too late. Right? It's too late. But notice this. They are not allowed into the kingdom, but look? They are thrown out.

At the same time, there are those that are thrown out people, who will not be allowed in. At the same time that there are people who are thrown and not allowed in; but, look at this? People will come from all over the world. People will come from all over the world, from East and South and North and South to take their places in the Kingdom.

Wow! Isn't that interesting? Those who seem least important now, will be seen as the greatest. Then and those who seem greatest will be least important then. What a parallel to what is happening in the microcosm. You know just last week, just last week, we talked about the whole issue of Satanism. If you saw last week's service, you saw how the Satanist communities, or the different churches of Satan are using the cute imagery that I showed last week. You know, they are making it into these cute animations. They are making Backomat into these cute, pink colored animations. He's frying eggs, and he's oh so cute. He's there frying the egg and cleaning the floor, and aah! He's so cute. What is he doing audience? Planting trees? Planting trees? He's watering the trees and watering flowers. He couldn't hurt a child.

,Of course, this is the demon that demand killing of children for sacrifice. Okay? But yet, they're trying to paint him in this cute little way, coloring him pink; and, then all that satanic symbolism. Right? Paint all that little satanic symbolism, that little pentagram star on his forehead, get kids acclimatized. Get them used to seeing these images, thinking these images are countercultural or rebellious or whatever out of the norm, and then getting them to put them on their bags, and on their stickers and so on. We've seen that. Okay! So we explored that last week. We also explored that whole tradition in the occult of, remember the hand gestures? The hand gestures and hand postures. For example: The Vedic hand

gestures. They are called mudras. Alright. And these are basically liturgical that have meaning, that are done in actual satanic rituals. So Okay! We saw some of those last week. All right? We saw the whole situation with the Han Mother now. We are leading up there. You can see, ever since she has fallen and left her position and has betrayed True Father. You can see all these elements we've been talking about coming in. But, before we go into that stuff, just this week, she was giving another speech in Yong Pyeong. That was on just last week on the 5<sup>th</sup>. Okay? This was a couple of days ago; and, of course this is the reason why even the Korean ministers and the Japanese ministers are fearful to disseminate these speeches; because, now they are becoming so obviously heretical, so obviously satanic. Okay?

**10/5/16** (Words of Hak Ja Han on the screen)

- **connection to Satan for the first time in 6,000 years. God is my father. When Jesus Christ was born 2,000 years ago, God called him His Only Begotten Son. It is a miracle that I, the Only Begotten Daughter, was born 2,000 years after Jesus, and for the first time in 6,000 years. 16-10-15 Special Rally for Harmony and Unity among Cheonilguk Leaders in Korea and Japan**
- **Venue: Yongyeong Resort**
- **Participants: 800 leaders from Japan, 650 leaders from Korea**
- **Can you see all right? You are happy people. Why are you happy? Because you have met me, the Only Begotten Daughter. Elder members must have a lot of love for Father. However, there is one thing such elder members need to know. I am born with a lineage that has no connection to Satan for the first time in 6,000 years. God is my father. When Jesus Christ was born 2,000 years ago, God called him His Only Begotten Son. It is a miracle that I, the Only Begotten Daughter, was born 2,000 years after Jesus, and for the first time in 6,000 years. 16-10-15 Special Rally for Harmony and Unity among Cheonilguk Leaders in Korea and Japan**
- **Heaven had to endure 4,000 years of history of the Providence of Restoration through indemnity, while guiding the chosen people of Israel. Seeing how it took such a long time, Heaven's course must have been an incredibly difficult one. Heaven had to endure 4,000 years of history of the Providence of Restoration through indemnity, while guiding the chosen people of Israel. Seeing how it took such a long time, Heaven's course must have been an incredibly difficult one.**

So you see here, for example, in just the last week on October on 10/05/16, she said to 650 leaders from Korea and 800 leaders from Japan in the Yong Pyeong Resort, she says, **"Can you see all right? You are happy people. Why are you happy? Because you have met me, the Only Begotten Daughter. Elder members must have a lot of love for Father. However, there is one thing such elder members need to know. I am born with a lineage that has no connection to Satan for the first time in 6,000 years. God is my father. When Jesus Christ was born 2,000 years ago, God called him His Only Begotten Son. It is a miracle that I, the Only Begotten Daughter, was born 2,000 years after Jesus. And for the first time in 6,000 years, Heaven had to endure 4,000 years of history of the Providence of Restoration through indemnity, while guiding the chosen people of Israel. Seeing how it took such a long time, Heaven's course must have been an incredibly difficult one."**

So not only is she claiming that she has no connection to Satan's lineage. She's claiming that that's the first time that has happened in 6000 years. So, then she's saying Jesus' lineage had a connection to

Satan. And then she's saying that Father's lineage had a connection to Satan. So this is the reason why the Family Fraud now is not disseminating her speeches; because, they're so blatantly, blatantly, blasphemous.

She goes on about Mary...

**"Catholics today call Mary the Holy Mother. If you go to a Catholic Church, you will see Jesus hanging on a cross; whereas, Mary is presented beautifully as the Holy Mother. Does that make sense? It's the same with Protestants. There's no substance; because, they don't know the history of the Providence. Who did it? How did the name of the True Parents come about? It's the Only Begotten Daughter. The Only Begotten Daughter. This is what you need to know. I expect you know about the spiritual works in Cheong Pyeong works. The reason Daemonim could carry out such Providential works was because, she gave birth to the Only Begotten Daughter, and because she worked through out her life not for her own family, but for the Returning Messiah, the True Parents. She offered her devotion throughout her entire life. That is why after going to Heaven she is in a position where she must help me, the Only Begotten Daughter. There are many pitiful children who received the Blessing through the works of Cheong Pyeong, but struggle to live a life of a Blessed Family, because of the evil influence of this world. What can be done to help them? While she was still in the Physical World, she offered so much devotion for ten years while fighting off her illness. That is why she was bestowed with the title Daemonim; and, only Daemonim has been able to work until now at the center of unimpaired Providential history. Do you believe this?"** (Hak Ja Han's words)

The Han Mother goes on. **"That's why I established Daemonim's family completely and on the earth. Two thousand years ago, Mary failed her responsibility; however, because Daemonim fulfilled her responsibility, True Parents became perfected and unblemished. That's why you must love Cheong Pyeong. Korea and Japan, especially, are parent nations in the Providence. Correct? Japan is the Eve nation. It must fulfill the mission of the Eve nation. What kind of life did Daemonim and the Only Begotten Daughter live? What should the Eve nation do? The desire of True Parent is to fulfill the dream of the Heavenly Parent. You talk about the dream of the heart of filial piety. Japan must become the mother nation, the Eve nation, that leads the way by becoming a model for all of the children nations around the world."** (Hak Ja Han's words)

It's exactly what we told everybody. There's no one else in the community who told everybody exactly what is coming down the pipeline and I was right. All the Family Fraud leaders were lying. They were not telling the people what had happened. Okay?

(Hyung Jin reading) **"Because Daemonim fulfilled her responsibility, True Parents became perfected and unblemished."** Can you believe that? Because of Daemonim. Obviously heretical. It's laughable. It's laughable. It's so sad; because, the more she speaks, the more she herself reveals her own theology, which is utterly antithesis to the Principle. Of course, now you have the fallen... Even my sisters coming out. Even my elder sisters coming out publicly saying, "The Principle is patriarchal and needs to be revisited or rewritten." She went on about how the Han Mother is doing this and that. So they're openly, from the core, they're openly denying the Principle. Openly denying it. So in Korea, for example, there's a massive, even on the ground people are saying, "What in the hell is going on? Because it's nothing but from the pit of Hell.

(Hyung Jin reading Hak Ja Han's words) **"What kind of life did Daemonim and the Only Begotten Daughter live? What should the Eve nation do? The desire of True Parent is to fulfill the dream of the Heavenly Parent. You talk about the dream of the heart of filialpiety. Japan must become the mother nation, the Eve nation, that leads the way, by becoming a model for all of the children nations around the world."**

What does this mean? Basically this means, "Send me more money." That's what it means.

Okay and then she goes on about the typhoon and global warming... (Hyung Jin Nim reads) **"I spend my time everyday painting a picture. What kind of picture is it? Are you curious? When God created heaven and earth, and then Adam, He had a dream that he wanted to fulfill through Adam; however, the once beautiful Earth, created by God, has been destroyed so much. What's happening around the world lately? Global warming. Abnormal weather. Jeju Island was suddenly hit by a typhoon. I think, you must have brought the typhoon here. The original plan for today was that, if the weather were good, we would exercise on a sand beach facing Japan to express our joy and gratitude. Unfortunately, we aren't able to do that. Instead, from now, I had thought that President Song wasn't yet aware of the plan to play Yutnori; but, I see he has already prepared it.** (Hak Ja Han's words)

Even the founder of the weather channel folks, has come out saying Global warming is nothing other than the elites trying to tax the rest of humanity. They just want to take money from poor people, from normal people. They want to put a carbon tax on people. The founder of the dang Weather Channel came out and said these numbers are ridiculous that are coming out of the UN. There's nothing like that. Look it up. He's the founder of the Weather Channel. The Weather Channel man and all the meteorologists... I mean there is such fraud.

You can see how they, the Family Fraud of a microcosm, completely bites the hook. To what? To aid in more centralized power. To aid the UN in its mission for more centralized, communist power over the world. That is satanic. That is archangelic, to try to control and dominate people. That is what Satan does. It is a gift of God. Freedom and Responsibility. When you lead people to be free and responsible, and to have responsibility, they have to grow up; and, if they screw up, they have to take responsibility for it. Right? People end up following the Ten Commandments, even though they are not Christian or Jewish; because, you can't cheat people and succeed in a free market. You cannot cheat people and succeed. You have to serve the customers well. You have to outdo your competitors. You have to serve the people that are doing business with you the best. You have to treat them with love and care. You have to consider them in all things. You have to try to make their experience good. In that environment, even though they, let's say, they didn't even have access to the Bible, the whole structure is systemized toward treating people with living for the sake of others and creating win, win relationships. Not burning all your bridges. Not working with known frauds. You know, cutting off the bridges that are with known frauds, and then working with honest people. This is critical if you want to succeed in a free place.

On the other hand when you have centralization, you have Communism. You have all the political ideology and intrigue. You have all the lines of writing. You have all the decrepit things that happen. The corruption, the bribing. All that happens behind the scenes; and, the politicians are just the puppet liars to the public. Every Communist society has its falls to that. Every single one. From North Korea to Venezuela to Cuba. Everywhere! Everywhere! Every single example of a communist centralized state, fails. That's because Marx said, "Religion is the opiate of the masses." He forgot that Marxism is the

opiate of the intellectuals and the control freaks. Marxism is the opiate of the intellectuals; because, they literally believe that they are so smart they know better than normal people, what normal people should do. That's called archangelic arrogance.

Okay! So she goes on about global warming... etc. etc. etc. And then she goes on to say,

(Hyung Jin reading Hak Ja Han's words) **"I believe there's quite a large sum of prize money. I have to save as much money as possible, and I'm certainly not in a position to spend on a prize, money that could satisfy 1,400 people. But, I have prepared some prize money for you, and I will distribute it without holding back. Don't forget that Providential history could be perfected thanks to Mother, the Only Begotten Daughter. That also means that the Eve nation must help Mother bring about providential history."** (Hak Ja Han's words)

This is like the Frickin' mob. This is like "Hey! I want you guys to do this and do that, and do this and do that, and here's some money and play some Poker or whatever. This is what it is. It's ridiculous. You'd better believe this and that, and this and that. Here's some money you fools. All right. This is ridiculous.

So again, here she admits that she doesn't have any money. The whole structure is collapsing. They're now liquidating the assets, which we told you about three years ago. Balcomb and Jenkins were up at the Boston Church. Have you seen this? Saying "Ooh, we love you. We don't even have to talk to you." I didn't even see it yet. I just heard about it. But some people are freakin' out at the back. Why? Because we told you so, you dumb bums. We told you. This is what known what frauds do. This is what they do. They try to defraud people and if they can't do it, they try to sell it to keep their little system going, and all their little pensions and salaries going as long as they can.

This is the arrogance of the elites. It always happens when it's collapsing and in decline. They grab on for more; and, the more they grab on, the more they get exposed. The more they try to make from stealing and liquidating the usurping that they've done, the more people see them for what they are. Which are what? That they're there not because of faith. They're there not because they believe. They're there propagandizing. Why? Because of the money, and their stupid commissions that gets more and more obvious. But, they have no other way out, because their hands are too bloody now. And the lies have packed on and heaped on upon them. The more lies they tell, the more lies they have to tell to cover up the lies that they've told. This is the fall of every evil empire. Every evil civilization crumbles in such a manner.

Hak Ja Han's Words (on the screen)

- **Satan was the first to testify to me as the Only Begotten Daughter. There are so many stories that I can't share with you. Liberation came two years after I was born. So Japan was still in Korea when I was born. At that time, Japan was taking everything made of iron from Korea to prepare for the Second World War. That wasn't all. They cut off all of Korea's treasures. Let's say Korea's spiritual energy or qi. Before leaving. But the things they stole kept turning up in**

**the courtyard of the house where I was born. Things kept coming to my house endlessly from across the Genkai Sea. Isn't that alone enough to show I'm the Only Begotten Daughter? Yesterday, I gave you a very short explanation of the history of human civilization; but, Heaven had a blueprint, a plan, to create the Only Begotten Daughter, and guide the Korean people to fulfill the responsibility as the Only Begotten Son and Only Begotten Daughter. Heaven wanted to bring forth a new beginning of the Providential history that would create one world centered on Heavenly Parent which was Heaven's wish. What is humankind as one family? That's Heaven and earth.**

(Hyung Jin reads): **"Satan was the first to testify to me as the Only Begotten Daughter."** That part is true. That's true. So she said that. She admits that Satan recognized her as his only begotten daughter, and as the blasphemous heretic. So that statement is true.

( Hyung Jin reads): **"Liberation came two years after I was born, so Japan was still in Korea when I was born. At the time, Japan was taking everything made of iron from Korea to prepare for the Second World War. That wasn't all. They cut off all of Korea's treasures, let's say Korea's spiritual energy or qi. Before leaving. But the things they stole kept turning up in the courtyard of the house where I was born. Things kept coming to my house endlessly from across the Genkai Sea. Isn't that alone enough to show I'm the Only Begotten Daughter? "** So you can see that she is completely living in a bubble and in utter delusion. She's now in a state where she can say anything. Even of course, they redacted everything, even the texts and photoshopped out Divine Principle. They don't even teach Divine Principle. They can't. Because if they teach it she gets exposed. Okay?

(Hyung Jin reading) **"Isn't that alone enough to show I'm the Only Begotten Daughter? Yesterday, I gave you a very short explanation of the history of human civilization, but Heaven had a blueprint, a plan, to create the Only Begotten Daughter and guide the Korean people to fulfill the responsibility as the Only Begotten Son and Only Begotten Daughter. Heaven wanted to bring forth a new beginning of the Providential history that would create one world."**

(Hyung Jin continues to read from the screen of Hak Ja Han's words. )

Hak Ja Han's words (on screen)

- **This needs to happen while Parents are still on Earth. However, it is true that True Parents had to live difficult lives because there was no proper environment for them in the satanic world. Fortunately, however, True Mother the Only Begotten Daughter is still here, and we will work towards establishing Heaven on Earth, which is Heavenly Parent's wish and dream while she is still here. However, our dream will not simply come true overnight like a miracle. We have to put in the work. Do you understand? For this, the parent nations have important responsibilities. Of course, Korea, the father nation, has to maintain a face.**

**However, the person in the position to fulfill the most important Providential responsibility is the Only Begotten Daughter. Do you understand? The Only Begotten Daughter fulfilled her responsibility by perfectly establishing the Four Position Foundation. If this is the case, then**

**the Eve nation, the nation with the responsibility of a mother, must resemble Mother and successfully fulfill its responsibility.**

- **Will you do it? All right, then. From now, I want you to do your best in the Yutnori that has been planned.**

So the more she speaks, the more she exposes herself. And the more it becomes clear. It becomes very clear, not only in good conscience, but as Father's sons and as those who know his identity why we could not go along with it. Why we could not go along with it. When all the prostitutes said "Oh just go along with it. It's billions of dollars. It's billions of dollars." Those dirty prostitutes. Dishonorable sychophants. Low life scum of the earth. Dregs of civilization. Poison cancer that destroys humanity. That is the leadership of the Family Fraud.

So the more she speaks, the more clear it becomes, why we could not...could NOT participate. We had to make the very heart-wrenching decision to say "NO!!" "No. No. No." "I love you but 'No.'" Right?

So last week we talked about this man and a whole host of other things. I showed you a whole lot of cute little images that the satanic church is trying to put out, so the kids pick it up on the internet and social media; but, this man is Antoine Le Bane. He started the Church of Satan out in San Francisco, California.

You can see, we talked about the symbolism here, of the pentagram of the baffonette of the satanic icon. But also we talked about the mudras. This is the hail satan mudra (referring to the picture of Antoine Le Bane in which his hand is positioned with the middle two fingers tucked down between the two extended first and fourth) or the hail satan hand posture that is used in satanic worship.

Remember how they always want to trick the little dumb kid and just say "No, no, no? It's just a ceremony. Why? Because you kids are dumb, and you believe dumb people. You're not able to see who is a predator or not So they tell you, "It's just a ritual and it's just a kid standing on the altar. It's harmless. It's all symbols and it means nothing. It's kind of an occult thing."

But, then of course, you see that not only does it stay in the liturgy or the ritual aspect, but look at that. It's the same hand gesture. Anton Le Vay is also on YouTube explaining that posture as the Hail Satan posture. So, you will see this in all the world of Rock and Roll. Without them knowing, they are using occult, liturgical symbology. Anybody who knows that system, sees all these young dumb, idiot kids and they start laughing. Like, "Look at these dumb, idiots." They're praising Satan without them knowing it. Here, of course, you see that these satanic liturgies always become sexual. That's the thing that these cults movements pull you into the occult, promising you super powers and clairvoyance and astral knowledge and astral travel and blah, blah, blah. It's ridiculous superstition. But they prey on your desire to want to be something, and want to be some kind of hero, and want to be some kind of star, and want to be some kind of thing to be worshipped.

They prey on that and say, "You'll get that power. You just have to go through the levels of the system." And of course, these young dumb girls get sucked into it, and they wind up becoming sexually abused, raped etc. and screw up their lives.

### Picture of the Family Fed. On the screen

But now you will see this in the Family Fed, in Cheong Pyeong, the kids are now doing the Hail Satan symbol. They're probably not in the satanic cult in the Church of Satan. They are in a satanic type of cults now; because, they're under the Han Mother in Cheong Pyeong.

But you can see now the satanic traditional, archaic, satanic symbology is starting to appear. It's starting to manifest in those areas. Why? Because they're playing around with Satan. They're committing adultery with Satan without them knowing. They just think it's cool. They think they're following the secular path; or, they just think they're going to be more modern and all the kids do it at the rock concert. So they do it without understanding there is a whole Spirit World surrounding around that. There's a whole Spirit World of murder. There's a whole Spirit World of killing children and eating them centered around that symbology.

If you're here for the first time, and this sounds a little extreme what I'm saying, you should go check out the BBC's interview with a 15 year old girl that was in the satanic cult that her grandma put her in. That insane, demonic woman put her granddaughter into a satanic cult. She would stand there and watch seven men have sex with her in these rituals. She was pregnant seven times by the time she was eleven years old, and they made her do what? In the BBC interview, they made them kill their babies and eat them. These people are real folks. This is not some kind of Fantasyland. I'll tell you what Fantasyland is. It's your stupid video games. That's what's Fantasyland. This stuff is real. This stuff is real. There are real devils out there. (Shows a picture of Cheong Pyeong participants with hand gestures on arms raised to the sky.) So you can see this kind of symbology now being allowed to come in, and they don't know. They are using Father's pictures in the background, as though he would approve of this. As if he would approve of global warming and the UN taking over the entire world with Communism. He only fought against that his whole entire life.

Another kid caught a kid on camera with a t-shirt with a symbology as we studied last week. This is the Free Mason's symbol with the God principle in the middle. The compass and the protractor and the measuring square, pretending to be a builder's guild, but really an occult sexual symbology with of course sexual union creating the God principle.

So since they have no consciousness. Since they have no ability to determine between what is Godly and what is satanic. Because they have totally relativized, not only Father, but have taught relativism now to the entire Family Fraud Church, all the kids now, you have a new batch of potential Satanist that are now rising up; because, they are now indoctrinated with the philosophy of relativism.

Remember how we talked about that? Satan has to get you believing in his philosophy of relativism before he can hit you up on the real Satanist stuff. He's got to get you believing that good can be bad sometimes, and bad can be good sometimes. He's got to get you thinking that, if you think that these things are good and these things are bad and they're black and white, then you are on the lower plane of consciousness. Remember, we just saw that with the Freemasonry, and the whole floor black and white checkered to represent the unenlightened mind that thinks that these things are bad and good? But the enlightened mind knows that bad is sometimes good, and that good is sometimes bad.

Every single satanic church or occult system operates around this philosophy of relativizing of good vs. evil. So, if you're brain dead, and you're an idiot, and you have never studied basic philosophy, and you

don't even know how to deconstruct relativism, which is so easy... If you're that brain dead and that uneducated, then you'll get sucked up into it. It makes you fall, so that you never can return. It makes you come into love with Lucifer.

Okay! So this kind of symbology you can see is appearing more and more. And because the next generation of harlots and leaders that they're raising up is even more secular, is even more liberal progressive, is even more leftist leaning, you will see then all sorts of sexual deviations that will start and will be protected and legitimized. This is, of course, interesting; and, the timing is that this is happening right under the Han Mother. She's right up there in the big picture.

So remember satanic rituals and cults always begin in liturgy; but, they always end up sexual, what they call sacred sexuality, which is nothing other than prostitution. It's nothing other than free sex. That's what it is. But they're calling it sacred and hoping that young, dumb idiots believe it. So, these dumb girls are thinking, "Oh, Okay!" I did some sort of cool thing. Oh! My friends are doing it. Okay! "No, no honey! We're just doing a little liturgy. Don't worry." And they can use social pressure on you girls; because, you girls bend to social pressure like crazy. When you've got a whole bunch of other kids doing it, you girls just bend. Nowadays, of course, the boys bend, because they're not taught to be boys.

They know that about your psychology. They know that about you; and, they use it. And you think it only stays liturgical. You think it only stays gentlemanly and in ritual. Right? No! No dummy! It always leads to them spanking you. Touching you. Having sex with you. That's the reality. That's the reality; and, nobody tells you about it, which is a problem. No church tells you about it, which is a problem. All the churches are taught to tell you good things. You've got to know what it looks like. What it smells like; because, if you don't know, you will just walk in the woods like little lambs and think, "I'm just going to see my friend." And you're walking into a wolf's den. It's like my stupid bunny rabbit who thought it was safe like her pen. Dumb bunny, taking a walk towards the pond and something came to eat her. Bites her head off. I found her dead in the garden. This is what happens.

You must understand how the devil works. You must understand how he moves. How he deceives. How he tricks you. How he understands your mind, your psychology, your feelings. And he will use everything he can to get you into where he wants.

All right so look? These satanic cults always end up in these orgies etc.

#### Fallen Eve Theology (screen)

- Eve becomes Goddess (Youth, Beauty)
- Goddess Worship > Temple Prostitutes > Homosexuality > Transgenderism > Pedophilia > Incest > more deviant sex.
- Modern day Fallen Eve Culture
- Feminism ("women's liberation") > Free Sex > Homosexual > Transgender > Pedophilia > Incest > more deviant sex

This whole week I've been studying particularly Goddess cults. When you look at Goddess cults, they are sold to young insecure girls; as if "Oh! We accept Goddess theology, then we'll be able to finally get some respect; because, we'll recognize the feminine side or divine side of the Goddess blah blah blah."

You've probably seen a lot of Goddess cults attached to many types of Feminist, Communist organizations. Many times their icons are Goddesses.

But who was the first one who said, "I want to be as God?" Eve. She created the first Goddess cult. When the devil came and said, "No, no baby, you won't die. You won't die. You're going to be powerful. You're going to be like God. You're going to be more powerful than you ever imagined. And I love you. I love you. I love you." That all he did and she said, "Really? Really. You love me? Yeah I am pretty hot. I am pretty sweet." And she gave it.

So Eve becomes the first Goddess. It's very interesting. When you study the Goddess cults across the world, they are almost always centered around youth, fertility, beauty, and sexual power. Always. You don't have grandma Goddesses running around saying "Hey baby. I'm fertile." They are all young, buxom, blooming girls. That's the reality. When you look at the Goddess cult, that's the worship of beauty. Of sexual availability. Of fertility. Which means that woman is going to produce a good offspring; because, she has better genes biologically.

So it's always connected to youth and beauty. In turn, sex. The Goddess worship leads to sex. Goddess worship leads to sex. You'll see this in the same pattern that you see in the modern age. When you see in the women's lib. movement. The Second Wave in the 60's. My wife gave an excellent presentation on that. Wasn't that an amazing presentation she gave on that? Women's Lib. All that kind of stuff. They called it Women's Liberation.

What was the Liberation? Liberation from what? Liberation from the evil husband and evil marriage? The oppressive liberation of marriage; and, what are you liberated to? Liberated to sleep with everybody. Liberated to become a dirty slut. Liberated to hate yourself and to become even more insecure and unloved and unhappy. And disease ridden. Congratulations! You're liberated. You're liberated to hell is what you are liberated to now.

So, you had the women's lib. Movement, which is nothing other than a free sex movement, pushing for more political power. In the end their goal was more centralized power, for stealing resources. Communism, socialism. That's all about social resources. Stealing resources from people who have it for people who are your friends.

So you have the Liberation Movement, which becomes a Free Sex Movement, which ends up supporting in their 1971 declarations supporting the Lesbian Movement; because, you've got women's rights. You've got to empower the women. They want to be liberating lesbian women; and, then the homosexual men. We now see how they're pushing the Homosexual Movement. They're pushing the transgender movement. And now Pierre even found this article with the SRI. (Sexual Rights Institute) They are pushing for the rights of children to have sex at 10 years old. They are trying to legalize pedophilia, which in Germany, they've not legalized it but they've decriminalized it. They now see it as a medical condition. It's what they call, Minor Attraction Syndrome. So, instead of getting the pedophile and hanging him, now you have to have compassion for him, or her because that person is sick. That person is born with it. Haven't you heard this argument with the gay agenda argument, too? And the Transgender Movement, too? Haven't we heard the same exact argument?

So, that's Minor Attraction Syndrome. And now it's the Gender Attraction Syndrome. Pierre, also found (because he's been fighting the homosexual agenda for 20 years.) a porn addict who wrote an article and has been freed by Christ from porn; but, he's still writing about it just to help people. This guy wrote that he went onto the major porn hubsites and of the top 40 videos, 4 of them (10% of them) are all related to incest. So mom has sex with son. Step-dad has sex with step-daughter. These are now the clicks that are getting the most hits. You see. Once the free sex culture starts rolling, then all other forms of deviant types of sexual behavior become okay. We saw that. This civilization is crumbling because of that.

So you will see this in modern day, the Fallen Eve Structure. The women don't want a hardworking, honest, faithful, hardworking husband. They are liberated, if they want to be a slut. If they want to sleep with anybody; and, then anyone who throws a couple of coins at them can get them. And then, of course, this is tied to abortion and the killing of children; the business of killing children.

Of course, we can see societally, what this kind of Fallen Eve culture creates. The Goddess culture moves in that same exact process. With youthful beauty. The monetization of women. They always promise, "We're going to empower your women if we have a Goddess. You're going to be worshipped." And the girls buy it.

What really happens once you start accepting the Goddess; and, the Goddess is always tied to fertility, youth, beauty, sex? Sexual power. What do you get? You get the monetization. You get the monetized abuse of women. You get child trafficking of women. You get the religious justification to sell your daughters into being Priestesses for the Goddess.

Why? Because the Goddess now has to compete with the other gods in the market. And the Goddess has to give something special to her clients that the other gods won't give them. Which is what? That youthful, sexual power. "I'll show my love for you. Here are my priestesses. You can take one. You'll have a great time to worship me through banging them. By having sex with them, you feel my love for you." Do you see how it works? And in the end, you've got the Priests who are in the background. Who are the pimps, who are saying, "Oh. Yes. Yes. Yes. Goddess worship. Yes. The Goddess loves this. Yes." Monetization of prostitutes. Monetization of women. You won't get empowered by inviting the Goddess into your life. You'll get monetized. That's the reality.

#### A picture on the screen of Goddess Sculptures

So these are some pictures of Goddess sculptures found in the ancient world. In Crete and wdifferent Mesopotamian regions. Of course you can see that the Goddess is always tied to fertility, sexual fertility. That's obviously not a Grandma. Your breasts are not like that when you get older. Gravity works on them and they go 'whoop.' That is youth.

These sculptures represent the youthful power of sexuality. The youthful nature of sex. Then, of course, the monetization. Any one of these goddess cults are connected to temple prostitution, which they call sacred sexual rites. You call it whatever you want. You're selling girls.

This is Athena with the Alumo motif and grabbing the two snakes. We also think of Athena as being the Goddess of Wisdom. She's always so wise and so well dressed. She's got her boobs hanging out the front door. What are you talking about? She's always well dressed? She's acting like a slut. That's the Goddess

of Wisdom, that makes you wise? Dressing like a slut with your boobies hanging out all over the place? Give me a break!

If you worship these kinds of images, you're worshipping the flesh. You're worshipping, simply, youthful fertility. There's the owl of wisdom, so wisely perched upon her head. She looks like an idiot to me.

Inana and Ishtar in the other cults in other regions; all these goddesses get passed around by the way. They become Venus in the Greco-Roman world. They become Aphrodite. They just get passed around; because, they're sluts. These goddesses are sluts. You understand? They get passed around. They just get used. They exploit more women. Use more women and get passed around. "Let's abuse and monetize women some more." They are nothing more than prostitute goddesses.

Inana and Ishtar. Notice how they're not Grandmas? They're not. They are always tied with sexual fertility. Always tied with youth. Always tied with sex; because, when men are looking at these pictures, they're thinking about sex. In the ancient world, they don't have pornos and internet to click on a click and see some naked ladies. They go to the Goddess Cult to see some naked ladies. And then it's legitimized under religion. It's holy and it's sacred. You see this? It's holy and sacred because there is some priest who says, "Oh. Yes! That's the Goddess."

Picture on the screen: Venus star as seen from the Earth over 8 years

This is the rose of Venus. It's also tied to Astrology. The occult is also into the Astrology and all that. This is the pattern that Venus creates over an eight-year period in these geometric patterns and then it becomes a rose. The rose, of course, is tied to the shape of the female sexual organ; but, it's also tied to this Astrology. Which is the reason you have Venus who is Aphrodite, the goddess of sex, seduction, love etc. all tied in with Astrology and planetary worship with sex cults. Temple prostitute cults. Do you see how they're connected? And their religionized, transcendentalized as this and so. There are all these celestial bodies. "We're making love to this rose when we worship Aphrodite with their temple prostitutes and she loves me so much. She's making love to me."

This is what they make you believe. The Goddess Cult never lifts up women. The Goddess Cult always ends up exploiting women. Monetizing them. Monetizing you. Monetizing you.

Picture of Mary and a Rose (on the screen)

Rose of the Lei. And there it is folks. The rose and Venus. There it is, tying it into Catholic iconography.. Also, it starts adopting this Venus Cult iconography. Different cults within the Catholic Church start adopting this Maria motif. We saw how the Maria motif is always connected to the moon or Aritmus, Diana, which has no mention of that in the Bible. Why is she always standing on the moon? What is that about?

You see. Here, also with the rose or the Venus motif, which was the most predominant iconography in the ancient world, while the Bible was being propagated. It was the Roman culture which was dominant. It was these gods; these figures that seem to be mythology to us that were the dominant icons in temples in that time of the world.

Pictures of stained glass windows with Rose pictures (on screen)

These are actual pictures of Catholic Churches which were founded by the Rosecrucians, or the Knights Templar, as well. Both of them worship Mary Magdalene as an attractive, alluring, sexual female. And they attached it to the rose, or the culture which was existing at the time, which was the Aphrodite cult. The power of women's youthful beauty. The desire to want to worship that. The desire to look on beautiful women, to look at and gaze at beautiful women.

Look at this. It says Rosa Mystica and Mystical Rose up here, too. These are Catholic Churches in the Gothic style in Europe. What the heck are roses doing like that? They might say, it's the Rose of Sharon; but, the secret is that it is a mystical rose. It, of course, secretly represents the goddess that were secretly worshipping, and that is worshipped in Catholicism as well.

Here's another view of the Rosecrucian or the Rose Cross.

#### Picture on screen of Aphrodite Cult

There is a picture of the Aphrodite Cult. Here's Aphrodite with the roses. And again, all these Goddess Cults are tied to youthful sexuality. You can't separate it with naked girls. You can't separate goddess worship with hot, naked girls. Does that make sense?

#### Picture of Aphrodite on the screen

This is another picture of Aphrodite who is known for her power. Why was she such a powerful goddess? Well, because she slept around. She was such a slut. In the mythology she was married to Poseidon. He was ugly and a forge worker in Olympus. She's married to him, but she can't restrain herself; and, she has to bang every god and every human being around. So she ends up sleeping with Ares, and a whole host of other men. She's a slut. She's a total slut, and everybody is worshipping her. Do you see the problem with the Goddess cults?

It's a serious problem. What kind of culture are they teaching to young girls? "Well, the goddess that we worship, she sleeps around a lot. You want to sleep with that guy? Do you want to sleep with your uncle?" Do you see what I am saying? This is what it becomes.

#### Picture of Mother Mary (Virgin of Guadalupe)

The Mother Mary Cult is connected to the moon here. Why is she on the moon? There is no reference of her in the Bible of her on the moon. And of course you see the Mary Cult in all these images over and over again. There's always the moon and the star motif... always, always always. Why is she on the moon? These are ancient transferring of Goddess worship. The desire of these young priests to look upon beautiful women. They are supposed to be celibate. But they still have a burning desire to look upon beauty and the alluring power of sexuality. So Mary becomes a Barbie doll and she's connected to EXTANT (existing) goddess cults. Paul speaks out against the cult of Diana which is the Moon Goddess. He's railing against them. In fact he's destroying their businesses because he's telling people, "Don't buy those statues". And the people who are forging and making those statues are angry and they are saying, "Get Paul out of here." He's actually in a fight with those people who worship the Moon Goddess in the Bible.

Of course, you've seen over and over again, and it's now on the internet. There are people who are nuns. When you're a nun, you sign off all your human rights to the Catholic Church. You are basically owned property of the Catholic Church. You are property of the Catholic Church. There are nuns who left the

nunneries and became evangelicals. They've given their testimonies. You can go on line. You can hear them. They talk about how they were forced to have sex with priests from a young age. How, if they're beautiful, they're just given to the Cardinals. We know there is a huge issue with pedophilia.

What makes you think they are only banging boys? What mak

es you think that? Are you really that stupid? You're telling me they don't have an appetite for young nuns? Do you see what I'm saying? And a lot of people in the Catholic Church know they're doing that. They know the orphanages are the babies of the priests and the nuns but they just shut up about it. If you speak about it you get some visitations. The mob may show up. Right?

That's why they support the totally heretical pope of today. He says "Don't let the people be armed." They support the tax on people with global warming. All the craziness that communists believe, the UN is supporting, the Catholic Church is supporting. Totally ridiculous. Why because the same organizations. The same motivation to control.

Picture of Mary with moon on screen.

Again you see the goddess motif in the Catholic Church in the Russian Orthodox and Greek Orthodox church icon worship of Mary. You have the cross there but look? She's above it all. She's the Queen of Heaven. Look how huge she is compared to Jesus looking down on Golgotha. She dwarfs Jesus. She is like God. See how massive she is. And of course holding her and buttressing her is the Moon Goddess motif.

Another picture of Mary on the screen

There it is again. What is Mary doing there with the Artimus and Diana, too? What the heck is she doing there with the motif of the Diana and the moon all the time? What is she doing? Why do they have her connected to a Diana sex cult?

Father always chastised the Catholic Church. The nuns should be married. They should not be the property. There's a big difference. Right? If you give away all your property, and become the property of the Catholic Church, you are nothing more than a slave. You are literal property. Do you see how that's a problem?

See. God wants women to have the protection and sanctity of marriage. Not to be property. But when the worship of these things happen, even subtly, like they do in the Catholic Church, most Catholics do not recognize these areas. Most Catholics, if you show them these images, they don't even remember that there was a moon there. They've seen it billions of times, but they've never seen the moon until you point it out. They've seen it a million times; but, they've never seen that it is the Moon Diana Goddess that is connected to it. Which means what? Once you promote Goddess worship, you promote monetizing women. And what do they do? The women who become priestesses are supposed to become property of the church.

Another picture on the screen

This is of course the Diana/Artimus Cult. There you can see it again the moon motif. Diana is naked and is frolicking down the meadow path to save the hunter. The idiot. If he got lost, he should have a compass

or something. If he's gone into the woods, he should know how to get out; otherwise, he's no hunter at all. He's purposely getting lost in this; so, he can fantasize about naked women saving him.

Another Picture of Naked Diana with moon etc.

There it is again. The naked Artimus; and, she's a perpetual virgin, even though she sleeps with all the hunters. She's a perpetual virgin. This is the insanity. You will get in religion. Okay! Well, these temple prostitutes sleep with every single man. Dirty men. They've probably got genital warts and herpes and everything under the sun; but, they're still virgins for you. And you're so dumb. You say, "Oh really? Okay!" Do you see how unbelievably ridiculous it is?

Egyptian rite picture

Also in the Egyptian cults. Ritual "sacred" sex rites which is nothing other than temple prostitution. Nothing other than sex trafficking of young girls to be forced at a young age into these rituals - just like that girl who was forced by her satanic, demonic, evil Grandma to be raped by grown men and to be impregnated seven times by the time she was 11 years old.

Picture of a list of Love Deities

So here is a list of love deities. We have an Albanian folklore. Aztec goddess of fertility. Aztec mythology of the Quetzcoatl and Kukili and Tetzocal etc. They're Goddesses of fertility. Were they tied to female prostitution? Yes! Were they tied to the trafficking of young girls? Yes! Every single one.

But you told us that you should worship goddesses because that is going to make us more of a woman. You should worship goddesses because that will make your value increase.

In Buddhism, you have the Azinmyo (The Red Buddah) symbolizing lust. Canaanite mythology, you have the Astarte or the Ashtera. The statues we saw. Celtic mythology, the Irene. Chinese mythology, the Julienne and Shwang Tse. Egyptian mythology, you have Ishtar and Hathor. Etruscan mythology, Greek mythology etc. Aphrodite. Notice how all these goddesses of love and sex are naked women. Isn't that interesting? It's a cult of using and monetizing naked women. It's basically the ancient world's Victoria Secret.

Hindu mythology: Rama, Lati Yalamah. Mesopotamian mythology: Yahnah, Moroccan mythology, etc. So on and on. Venus. Slavic etc. Roman mythology. Venus Slavic. Voodoo has different goddesses. The black Madonna goddesses you've never heard of. Are these goddesses tied to fertility and sex? Yes they are. All these goddess cults are tied to the worship of the female naked body and the female sexual organ. They're all just different metaphors such as the Rosacrucia or the mystical rose, for the secret knowledge. The fruit of the knowledge of the good and evil.

As Kook Jin Nim has talked about, ladies. You have such a powerful power. This is what the feminist movement is telling young girls. They don't say close your heart. They literally say close your sexual organ to marriage and your husband. Close it. But open your sexual organ. Open your sex to everybody else. Sleep with the bad boys. Have fun. Be liberated. Go to clubs and go party. Do it with those boys. They're hot. Do you see what I'm saying?

And what choice women make, whether or not they worship a goddess and follow the path of the goddess, which is always licentiousness is the point of whether or not there will be a heaven or a hell

created. When will you understand that prostituting yourself to many, many, many, many unfaithful lying men will not get you happiness?

When? When will you understand women, that God knows the best place. That is within marriage with your man. That is the place to explore sexuality. Within the power of marriage, not the weakness of free sex culture. Because when you can be sexual, and powerful and beautiful within marriage the whole universe will resound. When you use that powerful sexuality in other places you destroy. You destroy your life. You destroy your worth. You destroy the dang world.

The goddess cult is not for the empowerment of women. It is for the sell-out of women. It is for the prostitution of women. Look at all the goddesses. They are whores. Look at all the music industry goddesses that they promote in front of you. The little sluts they promote in front of you. They are supposed to be good girls; but, they always make them into sluts. Milo Cyrus, Taylor Swift is now becoming a whacky. Brittany Spears ... These are little modern goddesses that girls are supposed to worship.

How do those girls behave? Are they girls that are faithful and honest and true to their man and their husband? They can keep a promise and they are trustworthy people, that honor their vow that they've made in front of God and their community; or, are they little sluts? To get more power. To get a better record deal, sleep with the executive. "Come on it's just sex, baby. Come on what's wrong with you? It's just sex. Why are you so hung up?"

The goddess sects and the goddess cults do not lead to the protection of women. They lead to your exploitation. And guess who loves that? Your little pimp daddies love that. Yeah get those girls. They don't even call you girls. They call you hoes or B'otches. Because you are monetized.

The goddess cult does not lead to your empowerment. It leads to your death. Which is the reason why God tells you "Do not worship the goddess." Do not worship any other gods but Him. And He is a Father who will protect you; who loves you; who dies for you.

And if you understand that He knows, of course, what is best for you. He prepares a person, and institution, a place for you to experience relationship. Experience joy. Experience duality. All the things you want to do but you want to do with the bad boys. He gives you a place to do it. That in the end creates power for you. It creates power for your children, the family. It creates power for the kingdom. It creates power for civilization.

Marriage is counter culture to this goddess worship. It is rebellious against this type of fornication. Against the prostitution of women. Against the exploitation Of young girls. Marriage is rebellious against those things.

#### Picture on the screen of Cretian Temple Prostitution

Here are some examples of Cretian prostitution. Even the early 5<sup>th</sup> Century BC Historian, Heroditus wrote about the temple prostitution.

#### Power point picture of words of Heroditus (blue print is illegible)

He wrote about the Babylonian custom. They'd have the young girls sit in the temple of Inana or Ishtar. Hroditus referred to it as the cult of Aphrodite because he was a Greek writer, but Babylonians refer to

them as Aphrodite, the goddess of fertility. That was Inana or Ishtar or Astar. They would have the temple there, and all the girls would have to come. This is Heroditus' extrication of that in his writings of 5<sup>th</sup> century B.C. Basically what it says is that the girls are lined up, and it was custom that all girls must give themselves to sex with a stranger at least once in their life. They have to do it. It's part of their culture. It's part of their growing up process.

So the girls are taken in to the temple of Asteroth or Ishtar. They sit on the ground and strangers come up to you and they throw you a certain amount of money. The monetary value is not important. So they give you a couple of coins and they say, "I invite you in the name of Milita which was the wife of some other god. Then you have to have sex with that guy that you don't know outside the temple and then you can go home. So the beautiful girls are all raped pretty quickly. And the ones who are not so beautiful have to sit there two three years. Sometimes up to four years.

It's the modern person that's so damn stupid folks. They know nothing of this. They know nothing of reality. They don't think this exists. Yes, it does. They only think it exists in some third world country. No it doesn't. It existed at the height of some of the greatest civilizations on earth.

So that was the custom. All girls had to be prostituted. All. All. Can you imagine if that was a culture that you had to grow up in? Think about that. You would have to go to a temple and sit up in the front; and, then some guys who just come off the street and say you have to have sex with them. And you are like thirteen. You're twelve years old. You just went through puberty.

Not all cultures are the same folks. This is a great lie of relativists. It is total bull. Cultures are very different. Some are good and some are evil. When you worship the goddess, girls, you don't get empowerment. You get slut-hood.

Picture on screen of temple prostitute girls.

Here is an image of that type of prostitution. Here are the girls sitting down, waiting to be invited in the name of Milita, the false demonic goddess who wants to sell them into prostitution. You're telling me that all gods are the same? You're telling me that all gods love you the same? They are all the same paths to god. Bull! Balogna! No, they're not. One leads you to God. The others lead you away from God.

Picture on the screen of the Cult of Festus

Here is the cult of Festus with temple prostitutes.

Picture on the screen

Here is a picture of an ancient temple prostitute actually have sex with a man.

Picture on the screen

This is the Avedic religion. This is the goddess Yevodah and the goddess demands that the girls, the devadasi, are sold into prostitution. I told you a couple of weeks ago in a sermon done on the devadasi, where these young girls are sold into the cult of Yevodah and they are forced to become prostitutes.

It doesn't only end with you by the way. When you start worshipping the goddess cult, it ends up destroying everybody. In this documentation series, it was a man that was forced into prostitution. He looks like a woman, but he is a man. He dresses as a woman, a prostitute.

So this type of fallen Eve theology leads to monetization of woman. Temple prostitution is almost inevitable. Why? Because the goddess is always sexy, sexual. The goddess is always naked. The goddess is always based on fertility. The goddess is always based on using sex as power, so the things that she demands, because she is totally naked. She allows you to be naked. If your leaders are walking around on the stage and they are all buck naked, what does that tell all the followers. You guys can be buck naked too.

If you're worshipping these rock stars, and these girls that are the new goddesses of the day, they are dressing skimpy. They give the message that you girls should be dressing skimpy like me, if you want all this love and all this fame. That's what you are being taught.

If you are in a cult, and of course this is what you are going to see more and more, as the Family Fraud collapses; because, they are basically trying to become goddesses at the top. As their finances collapse, and all that is collapsing, they now have to become more and more liberal to try to keep their popularity.

Remember the goddess cult does not only lead to the monetization of women, it also leads to homosexuality, which is why we've been talking about for a very long time. That pretty soon you'll see it in the Family Fraud. You'll see it. Certain theologians are arguing for, "Father loved everybody; so, even gays have the right to love."

Their leadership believes that. You people have no idea how liberal progressive and how communist their thinking is. How liberal their young leadership is. They're wicked, rotten. Almost all of them, 100%, support the homosexual agenda. Then they've got these idiotic First Gen. parents that are so idiotic. They just can't believe that the 2<sup>nd</sup> Gen. could do that. Sorry. You lost them a long time ago.

It always will lead to homosexuality. The new popular thing. Transgenderism. "Well, we've got to be inclusive to that, too. After all, Father just said to live for the sake of others, and love your enemy and to love everybody. He didn't hate. He loved. "

Even though Father railed against the depravity of the nation, he railed against Communism. He railed against the homosexual political agenda. He railed against the disintegration of morals. "Oh no. But that never existed. He's all about just love."

If you love everything, you are Satan; because, if you love everything, that means you love evil. If you love everything, that means you love selling children. You love killing children. You're supposed to love everything. Why are you complaining? You're supposed to love everything. "Oh, but that's illegal." But what if it's not illegal anymore? In 50 years what if pedophilia is legal? They are trying to make it legal. What if it's legal? Hmm? No standard.

All of this folks leads to Satanism. The fallen Eve theology. The goddess cults. All the polytheistic cults in the end teach you, number one, relativism. Good can sometimes be evil; and, evil can sometimes be good. There is not one thing that can always be good; therefore, there cannot be a God that is always good. God gives righteous with his right hand; but, He institutes evil with this left hand.

Some of the Judaic occultism say this, like Kabbalah. Why do all these cults ultimately lead to, not only the monetization of women, homosexuality, transgenderism, selling girls off to the priesthoods, to have to be sold into slavery, transgender, pedophilia, incest, they are always tied to sex folks.

As the Family Fraud tries to continue to worship mother as the goddess of heaven, you will see the same issues. The same issues will rise up. Guaranteed. Guaranteed. You will see more of the satanic symbolism. You will see the appropriation of "We should bless gays, too." You will see all the things that are the antithesis to True Father. Why? Because they paint him in their own image. They have no respect for honoring him. Only to monetize him. Profit from him.

What did Father say in **Cheong Seong Gyung 832**? He said. Let's read together. He said:

- **When human beings fell, it was because of love. Thus, the sexual organs are the most terrifying thing. Religion regards the act of adultery as the sin to be most feared. So then, is free sex in America part of the devil's doctrine for expanding hell, or a doctrine for expanding heaven? It is a part of the devil's doctrine. It is the kingdom of hell on earth and the kingdom of hell in the spirit world. All of it will be destroyed.**

Father also talks about the sexual organ, which by the way, God made; but, He made them for a place. He made them for the Blessing of marriage. And he says: (p. 1287)

- **The sexual organs are the palace of love, the palace in which external life is born, the palace that inherits the future descendants and lineage which will succeed to the eternally unchanging traditions of heaven. It is the palace of true life, true love and true lineage. It is the most precious place of all. You cannot do anything you like with it. You cannot use it without permission from God. It is a place that cannot be touched by any-one other than your husband or wife, who has gained the approval of God and the universe.**

There is a grand difference between a good sex civilization and a bad sex civilization. One will perish. One will continue to prosper. That's why Cheon Il Guk is a land of freedom and responsibility folks. Freedom and responsibility. People have the maximum amount of freedom, yes. The maximum amount of protection of all the rights of kings. Yes. But they have responsibility; because, we are held accountable to our faith community, to the people around us.

It is often said the God is a God of love. People mess that up a lot. You can't earn salvation. You can't earn God's love; because, all of us are sinners. Every single one of you. Every single one of us have sin. Right? Is that true or not? All of you have lied. All of you have stolen things. All of you have committed adultery in terms of lusting after people. We've broken the Ten Commandments.

All of you, even the small kids, they've lied. They've thieved. Nobody's exempt. You've broken the Law. You've committed a crime; and, the Bible says very clearly, "Liars can't get into heaven." You broke it. You have separated from God. God doesn't lie, and you lied, so you don't get near Him.

So we've learned that we can't earn God's love, but what people don't understand is that we have to work to earn his trust. God loves us. But it doesn't mean He trusts you. He may love you, but if you're a slut, He says, "You dummy, I don't trust you. I love you dummy. I don't trust you."

Does that make sense? You can't work to get God's love, but you'd better work to get His trust. There's a big. Big difference. People screw that up all the time. We have to be responsible to God. We have to be able to try to do thing that please Him.

The Bible says that very clearly. "He who does my Commandments is he who loves me." Why do we do the Commandments? We are, of course, trying to please God; and, in the process of pleasing God, He trusts us more. Does that make sense?

And we may even complain. Why doesn't God bring me joy? Are you serious about bringing God joy? Are you serious about trying to please Him? Are you serious about gaining His trust?

God loves all peoples, even sinners. It doesn't mean He trusts you. It doesn't mean He will give you the desires of your heart right now. Maybe you can't handle it right now. Right?

So. Understanding the point of responsibility. When we practice our responsibility. When we are faithful to God, we are more trustworthy. Not only to our spouse. Not only to our children. But to God. And as we become more trustworthy to God, God can bless us in a different way. He can give us different things that we can now bring into a larger dimension. He can increase our bounty, our blessing, our responsibility, so that it now impacts a larger circle.

But that doesn't happen if you are just thinking, "God you love me and why aren't you blessing me?" Are you trustworthy? Can God trust you with blessing? Isn't that interesting? It's very important. Very important. Can God trust you with the power of sexuality? That's what the marriage Blessing is. It's such a powerful force. Such a powerful force. God has given us a place for it folks.
