Dear Brothers and Sisters,

I am writing you at the end of this amazing year as people who found inspiration and excitement from Hyung Jin Nim's ministry in the past. Recently he has been urging us to reach out and let people know what is happening both on the micro level, meaning the Sanctuary Church, and on the macro level which include the insurgence of freedom loving people around the globe.

In this letter I don't have time to outline everything that is happening, but I will include links I think are important. Each of us need to do our own research to understand what is happening in the Providence and the world today. Family Federation leaders around the world do not want to talk about how Mother has been making up her own Principle that points to herself as the messiah and not the Eve that Father needed to raise up. Hyung Jin Nim loves his mother, but doesn't want you to be fooled by her false teachings or desecration of True Father's legacy and lineage. This is profoundly important information.

Repeatedly Hyung Jin Nim has been stating that we are living in dangerous times. The battle between the forces of God and Satan are only escalating so it is vital that we are aware and ever vigilant. It is in that sense of urgency I send this email to you.

If you would like to discuss these issues, please feel free to reach out to me at: Kyle.Toffey@gmail.com

May God bless you and your family in this coming year.

Regards,

Kyle Toffey
