

2017.12.10 ~ Kingdom of Resurrection II ~ Rev. Hyung Jin Moon ~ Newfoundland, PA

(First part of the program was a report from Dan Johnson, a young man with programs designed to put the control of public affairs back into the hands of the people, and out of the hand of the government. )

Dan Johnson everybody. Dan Johnson. Wow! Such a powerful young man. It's amazing the work he's doing. Wedobetter.org everybody. You got to check that out. It's such an important work; and, waking people up, waking people up about the reality of things we face as a community. You know, that's what we're going to have in the conference in Switzerland, talking about the Peace Militia. That's how it used to be, where there was the sheriff, and there were deputized individuals, who were volunteers, and would serve as law enforcements agents; but, you didn't have federalized police. You didn't have somebody who was above the law. You had citizens that were trained; but, also citizens that were protecting one another, and that's a very biblical principle, you know. Love God, love your as you love thyself. Very important.

So, we're going to be talking about that in Switzerland. That's why gun rights are so important. We were talking with South African activists down there. What was the gentleman's name again? Simon Roche. Great memory, Ted, but wow! That guys been hit with an axe in the face, he was shot at twice, and he was stabbed in the back. You know, he's called a White Supremacist every day. He was just saying, "Hey, we want to be free." Goodness, he was talking about how in South Africa, he saw a video by Bill Whittle here in America doing the breakdown that cities that have armed citizens, having like super-low crime; and, in cities, where they have tons of regulations, where law-biding citizens can't get firearms, the easiest way to defend yourself, etc. was force multipliers. Boom! The criminal rate will skyrocket.

So, this is very important. This is what True Father taught us that we have to protect one another. We are each other's keeper. Your brother is your keeper. You don't relegate to anybody else. Everybody's responsible. Everybody has freedom, and everybody has the responsibility to protect one another; so, that's a beautiful thing, and we're so grateful that people like Dan are on the frontline fighting the fight. He's exposing something about the tax system as well, and the different organizations with [www.wedobetter.org](http://www.wedobetter.org). They are becoming alternatives to what we usually see as government services, so to speak. Let's give it up one more time for Dan Johnson, folks. Wow! He's looking good in that blue suit. He's got his goatee on and everything. Looking good, man. Looking good.

Alright, folks, let's go to our Word today. The Kingdom of Resurrection II. We're going back to this, because last week, I had to run to the Republican thing here. Oh, we had a great time. It was a Christmas party. All the folks gathered. It was so fantastic. I was supposed to pray; but, I kind of gave a sermon. All these wonderful nice ladies, you know, my goodness. "Oh, my goodness. Thank you for bringing all that out. We feel so like stressed. We can't talk about that stuff. So kind, so sweet;" and, we can actually say Merry Christmas, again. Isn't that amazing, folks. We can say, "Merry Christmas," again. Wow! You're not a racist White Supremacist, bigoted, homophobe, if you say, Merry Christmas now, okay, even though you're not White, okay.

Alright, let's go back to **Revelation 20**. Alright, so we looked at this last week; and, we're talking about Dr. Peterson out there in Toronto, a Professor Emeritus of Psychology. This is what's interesting at the academies, now, at the universities. There is a big revolution happening in academia, in academies. You know, in the 90s, you had about 99% of Scientists, in the scientific community that were atheist; but, due to the double-sling experiment and the consciousness theories, etc, pushed my Michio Kaku, they

are not Christian, but a lot in the scientific community has moved to about 75% who are still atheist, but now 25% have changed; so, from one percent, they moved to twenty-five percent believing in some kind of Intelligent Mind. They all don't believe it's Jesus like Christians do; but, that's a huge step, a huge step. Science is unraveling the nature of this Intelligent Mind. That is the most plausible answer for this mathematically finetuned Universe. From the mastery of the electron and proton, you name it, gravity to the different forces. If you tweak it a little bit, everything is dead. Everything is dead, okay. We're talking about it billions of times; so, we're not going to go into that today. The point is, and we were talking about it last week, about how Jordan Peterson was talking about it.

Of course, he doesn't subscribe to it, not being a Christian. He greatly values Christian culture and ethics, because it sets the framework for our entire Western civilization. You know, it sets the framework for juris prudence, for example, seeing something within them, that are sovereign and of dignity. Even though they are criminal, they committed a crime, etc, there's due process. There's show me evidence, you know, innocent until proven guilty, right. Where does that come about?

It used to be, well, the tyrant said your guilty, now you're dead, right; but, this whole idea that everybody's made in the image of God, human beings are made in the image of God, which is absolutely central in Christian Anthropology. Central to Anthropology, or the make up of the person; and, also as well, men and women are made in the image of God. That's a very interesting thing, because in Sharia Law, a woman is half the value of a man in terms of the law, okay; and, if you are raped, you have to produce from male witnesses. Good luck on that. Good luck on that; but, in Western juris prudence, the reason why, it was the Christian movements in the early twentieth century that was pushing a fighting for women suffrage, women voting, and this whole idea, the concept that men and women are equal before the law, that men and women are made in the image of God, right?

It could say, man is made in the image of God, and woman is his slave. It could have said that. That's how the feminist always say Christianity is. That's what they teach the young people, that's what Christianity said. Yes, man is made in the image of God, and woman are his slaves. That's what feminist tell young people indirectly or directly, basically what Christianity believes, which is totally bogus. The whole idea in Genesis, which puts it right in the front, we have different roles as men and women; but, we are made in the image of God. Men and women have value; so, yes, the Bible talks about woman submit to the husband, and men submit to God, all those kinds of things. There's a proper order in the home, etc; but, it doesn't talk about different levels of value, and of course, it talks about to respect her husband unconditionally. It's really the secret to a long-lasting marriage. Love and respect, and the Queen is doing a beautiful course. Who was in the Queen's class this semester? Wasn't that amazing, wasn't that great? It was in Korean? Amazing, amazing. I heard some amazing testimonies. It's so important. It's the key, you know, God gives us the antidote, He gives us the formula, the formula for successful marriage, okay. This is very important, because you saw this whole thing. We show it all the time on The King's Report, with these new sex doll and AI technology.

These young, braindead, Marxist trained young people are getting, you know, think it's trendy, and think its Si-Fi. "Look, I dated a sex doll with AI. I love my sex doll. We talk about things on the phone. Oh, yeah. She's talking about things. She's sending text messages." It's a freaking rubber doll, you understand. This is how depraved, this is how pathetic men have become, and they want it like that, because obviously they don't want the human population to expand. They don't want you to have children. They don't want you to be romantic with a woman, okay, because you need to have that skill when you get

married. They don't want you to get married. They don't want you to have a family. They don't want a family. They don't want a husband and wife. They don't want a mommy and daddy in a house. They want you to be addicted to technology. That's the new thing. It's the new thing. It's new and cool.

You know, they're trying to give rights for these AI things, just in case you are a braindead lunatic, who's been brainwashed by your Marxist Professors thinking about a sex doll. Let me tell you something about AI technology: They're going to have recorders in that thing, recording everything you do with that sex doll. I guarantee you, they'll have that stuff in there; and, just in case you get a little uppity with your politician friends, they may release some recorded film of you doing some nasty stuff on that sex doll. Now what's ya gonna do sucka? You see what I'm saying? They got you. It's the perfect way to beat and trick you. Now, they don't even have to bring you to a brothel. You buy the thing yourself, and they got that video camera, and they got that freaking sensor, and they got audio in there, and now you are dead meat, you know what I mean? That's supposed to be kept between man and woman in the home under God's covenant in a marriage. It's not supposed to be recorded to use against you as blackmail by a federal bureaucracy.

Boys, you better not be stupid with this. I'm telling you. It already has AI. It already can talk to you. It already can talk to you over the phone. You don't think that things going to be recording your booty? It's going to be recording you. Give me a break. Absolutely ridiculous. It's dangerous. It's super dangerous. I mean, they're trying to sell you, "Oh, you're really not going to be engaged in dangerous behavior, because no STDs;" or, there's new modern couples, where the wife allows the husband to have a sex doll. Okay. Husbands, you better watch out. That thing is a cyborg AI technology recording machine. You see what I'm saying? Ridiculous.

And, of course, this is what they're pushing. Just a couple of days ago, I knew of this guy who made this stuff. We covered this on The King's Report. They're just trying to make you make men not be able to deal with women; but, in the end, women, you lose, you lose. You lose. When they get these boys brainwashed on these video games, and brainwashed on this kind of stuff early on, they're not going to have no more interest in you; and, as human beings, they'll have no more interest in one another. Then, we cannot continue a lineage; and, then they're trying to make it cool dating a freaking cyborg, because they've been doing for the last twenty years. China's been doing it for the last twenty, thirty years, where they're mixing human genes, you know, different animal species together. Then, what are you going to do? If this thing is half Chimpanzee and half human, alright, in the future, alright, China's already doing that. How will you treat that thing? In Cheon Il Guk, we know how to treat that thing. It's not the apex of creation anymore, okay, but there is some human rights issues. What percentage of the genes, what percentage does it have to have to have human rights? You see what I saying?

So, all these humongous problems. It's like in the days of Noah, where they're coming down trying to manipulate the genes. It's like in the days of Noah, we're in a state of affairs now, where that's happening. It's totally crazy, right; but, this is all meant to dehumanize us, and to make us separate from one another. Men to hate women, and woman to hate men. It's about separating all of us, because then we can't come together and create families, and marriages, and beautiful children, and the generations, and legacies, and the dynasties, and power that transmits through generations, which overtakes, and always outperforms what these crazy lunatics are trying to do with the Political Satanism, okay.

They're just trying to make it look trendy and cool on the movie screen, making young people think that it's gong to be cool to date a cyborg one day. It's not going to be cool, okay. It's not going to be cool;

but, you got these young boys that are brainwashed and braindead; and, also the girls that say, "I don't want a man, I don't want a man like this." They're pulled into that whole cult of divide and conquer, separating us, so men and women are no longer attracted to another human. There's no more romanticism. There's no more romance, there's no more intimacy, and there's no more closeness, and there's no more babies; and, when there's no more babies, they got you, right. We need to be able to reproduce and have babies in the covenant of marriage, so that those children will have the best chance to become powerful, epigenetics unlocked, you know, powerhouses for God, and for freedom and sovereignty, and responsibility. They become the protectors of the world, of the next generation, right.

So, it's unbelievably insane; but, Dr. Peterson, who is an Academic, I guess theist. I'm not sure exactly what he would call himself; but, anyway, he's super positive about Christian culture, and does like a psychological breakdown of Genesis; and, he describes the Dragon, and one element I guess you could say, he describes the Dragon as a compilation of all predators that we had to face during our micro evolutionary path; and, of course as Christians we don't believe in macro evolution. That is, this huge transition. I mean, an ontological species, right, of which Science could not give one example where one species transfers to another species. Not one example. You've seen the videos too. I've showed the videos by Ray Comfort, asking the Biology Professors at UCLA, at Santa Barbara, at Berkeley, at all the other universities. They can't give one example. They always say Darwin's finches; or, they say the shell fish. Hello, the shellfish became a shellfish. The Darwin finches had a longer nose. It was still a finch. It didn't become something else; and, that missing link they've been trying, you know, Lucy. They've been trying to bank their whole ideology on. It's a freaking Chimpanzee. It's a Chimpanzee. So, it's based on belief, that macro evolutionary Cosmology is a belief system; but, when micro evolutionary species speak, yes, a dog can become small like Chihuahua, it becomes large depending on environmental factors. People can get melatonin, and their skin gets darker. When you go North, you get lighter. Alright, but you're still a human being. You're still the same species, right.

So, he talks about the Dragon as what happens in our mind. Micro evolutionary, when we think about Dragon, it's this compilation of all the predators. Sharks, and bears, and tigers, and lions, and wolves. Anything that could kill you. Serpents, of course, vipers, and scary things like that; and, how that beast, of course gets feared of, but also gains power. Remember how he explains his view of Genesis. Adam and Eve find conscious awareness, okay; so, the Serpent forces them in this Garden of Eden, which is half wilderness, half civilization area. Then, there's the danger of the wild, the danger of morality, which is represented by the viper and his view, etc. Now, obviously, anybody who is a Christian doesn't actually believe that Satan is an actual serpent that was running around there and sane. I mean, there are a few; but, not everybody in the body of Christ believes it's an actual serpent, right, because in other Scriptures, it's very clearly an angel. He's very clearly an Archangel; but, here we have in the Scripture. Now, remember, there's going to be a binding of the predator. We talked about this last week. The binding of the predator; and, then we flipped it. We flipped it to micro evolutionary towards the predator's perspective. What's in the lion's mind. What's in the wolf's mind. What's in the bears mind. What's in the shark's mind, whatever it is. What is the image in their mind that evokes the greatest fear? Well, it's obviously a small humanoid that's holding a weapon, right. That's the thing that hunted the lion's out, the jaguar's out, and all that. It's that small human being. He may be smaller than the elephant. He may be smaller than a rhino; but, he's got that weapon in his hand; so, when they see that, any animal has fight or flight response, when you have a weapon; so, if you hold something up high, and start waving it, they'll get scared of that, right. People in Alaska teach you, if you see a bear, and it's

coming towards you, open your jacket real big, and if you're holding something like a cane, start waving it, or hit the cane on the ground, and start screaming, "No! Bad, bad bear," whatever. Do your thing, because it starts getting scared of that like, Whoa, that guys like Bruce Lee with a cane, okay.

Let's go over it one more time. Let's refresh our memory, and start from **Verse 1**:

#### **Revelation 20 King James Version (KJV)**

**20 And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand. 2 And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years, 3 And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season. 4 And I saw thrones, and they sat upon them, and judgment was given unto them: and I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Christ a thousand years. 5 But the rest of the dead lived not again until the thousand years were finished. This is the first resurrection. 6 Blessed and holy is he that hath part in the first resurrection: on such the second death hath no power, but they shall be priests of God and of Christ, and shall reign with him a thousand years. 7 And when the thousand years are expired, Satan shall be loosed out of his prison, 8 And shall go out to deceive the nations which are in the four quarters of the earth, Gog, and Magog, to gather them together to battle: the number of whom is as the sand of the sea. 9 And they went up on the breadth of the earth, and compassed the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them. 10 And the devil that deceived them was cast into the lake of fire and brimstone, where the beast and the false prophet are, and shall be tormented day and night for ever and ever. 11 And I saw a great white throne, and him that sat on it, from whose face the earth and the heaven fled away; and there was found no place for them. 12 And I saw the dead, small and great, stand before God; and the books were opened: and another book was opened, which is the book of life: and the dead were judged out of those things which were written in the books, according to their works. 13 And the sea gave up the dead which were in it; and death and hell delivered up the dead which were in them: and they were judged every man according to their works. 14 And death and hell were cast into the lake of fire. This is the second death. 15 And whosoever was not found written in the book of life was cast into the lake of fire.**

**Verse 3 And cast them into the bottomless pit, and shut him up, and set a seal upon him.** Now, this is very important for the predator, because how did Marx put it? He wanted to divide and conquer. Black vs. White, poor vs. rich, man vs. woman, all like this. Male vs. female, you name it. class warfare. Anything they could find, they wanted to divide up and make the war against one another; and, then they swoop in as the Saviors. They pretend that they're the Saviors, but very interesting here, that's when you flip that; and, now from the predator's perspective, he sees the human being, he sees the Rod

of Iron, he sees the image of the human being with the Rod of Iron, because they're trying to split up, they're trying to divide. Really, the real problem of the human farming is the psychopath ethnic class vs. the regular class. That's the real division. It's not the Black-White. It's not Southeast Asia vs. Northeast Asia, whatever. It's not, you know, Irish vs. Christian, or whatever it is. Catholic vs. Protestant. The real divide is the psychopathic class, which Scientists say is about ten percent of the population that is psychopathic; and, then you have forty percent who are sociopathic, who will go along with the psychopaths, if they can centralize power, and get them goodies, and get them riches, if they feel they can get power from it; and, then you have about fifty percent of the class of people who are just normal, who are hardworking, and just want to live their life, and not be bothered, okay.

That problem is the forty percent sociopathic class will go where they feel the most benefit, or where they feel they can thrive the best; so, in Cheon Il Guk, the Kingdom of God, under the CIG Constitution, that sociopathic class cannot survive under the psychopathic class. That predator class will be wiped out very quickly, and are very strong punishments on them on the freedom of the markets there, or the freedom of the association that's in the Kingdom; but, in that forty percent, there will be incentives. There'll be great incentives for them to do good, and to follow the normal people, who are not psychopathic, and don't want to screw people over, and don't want to pray on people, and actually want to help people, and live their lives, and not be forced to do this or that, but to pursue goodness in general., okay. So, that predatory class, that Satan, that Serpent, is bound up, shut up, sealed up, so that he may deceive the nations no more, until the thousand years should be fulfilled, and after that, he should be "loosed in little season."

So, there's always a fight back. The psychopathic class, which is really empowered by the spirit of the Archangel, because as Christians we believe that it is not only human beings, and flesh and blood that is dealing with one another. There are principalities and powers. There's are rulers of the darkness of the Earth, of the world, there are spiritual wickedness in high place that are real spiritual forces, okay; and, those spiritual forces are alive and well in people, and sure, yes, maybe you could say some of those psychopaths have mental diseases, etc. that are genetic and hormonal; but, there's a lot of it that's gonna be spiritual, a lot of it going to be possession, a lot of it is going to be temptation. You could say, "Hey, you get this. You can get that. Oh, yeah! You do this, you'll get this power. Yeah, you'll get it." Temptation, power, lust, all those kinds of thing can be put in front of them, and they will go for it at the expense of other people, with no empathy, etc.

So, there is a fightback when the goodness of God's Kingdom comes to start pushing that away. Well, there is it says a thousand years, but then again, the Bible says a thousand years is like a day, and a day is like a thousand years. There's a pushback, even though the Political Satanist is quelled, is shut up, is bound, right. There still is another time, where they may come back to try and go for their power grabbing, and their Marxist Revolution, and their Political Satanist Revolution, you name it, okay.

Democide and allied with atheist ideologies of Communism and Socialism, etc. Two hundred twenty million dead. That's what Nietzsche said, who was an atheist, predicted that in the eighteenth, nineteenth century, the late 1800s, he predicted. As the West gets rid of the God Ideal as a Christian, the Christian framework of the God Ideal, what will happen? You'll have genocide in the twentieth century. He was absolutely right. You'll have nihilism, and you will have genocide. He was absolutely right, because you fill that vacuum with relativism, with nihilism, with uberman, with the idea of might equals right, or you could make your own right or wrong. Oh boy! That's what Hitler believed, that's what Stalin

believed, that's what Mao Zedong believed, that's what they all believed. They could make their own right or wrong. They are the Überman. They're the special class. They are the enlightened class. They are the Superman; and, it always leads to Hell on Earth, it always leads to genocide, it always leads to the 220 million people who had died. That's what we got in the twentieth century, okay.

So, even now, the atheist professors, even Anthony Flew, one of the top atheist philosophers in the world in the twentieth century. He said that he believed in the Aristotelian God, okay; but, of course that becomes like the framework of modern rationalist philosophy, without a Christian reflection, of course, with acquiring aids, etc, that is deeply in concert and communication with the notions of Aristotle, etc. So, even though there's a push forward, with God's sovereignty, and God's Kingdom, and the people of God, there's also a pushback; and, we always have to expect there's always going to be a pushback. There's always a Marxist pushback. In the Kingdom, just because there is the Cheon Il Guk Constitution, that doesn't mean that the next generation, who are young, because you have freedom of speech, you have freedom of religion there as well, you could have the ability to really choose, because if you can't really choose, can you honestly choose God? Can you really be free that you love God? You can. That's why God gave Adam and Eve freedom. He gave them the ability to choose. They could love or hate Him. They could choose to reject Him, or not, and accept Him; but, that's really essential, that's really critical. Even in the Kingdom of God, it's critical. People have to be free. They have to be free to have to search for God, and/or not search for God, right? You can't be compelled. Nobody can be compelled, or forced to believe in God.

Everybody must go through that course themselves; however, because of that system, and of course in America, we've seen almost a takedown of this country last election realm with Hillary Clinton. It's because, if you remember the sin of process, and the sin of slavery that America did, it almost got taken down. It almost got completely wiped out. We almost lost America. If we had Hillary Clinton, boy oh boy. Boy oh boy. I mean, their trying to start a civil war now. Could you imagine if she had all the power structures.

At least had Trump in there, who discombobulating their power structure, and now launching investigations against their power structure, even though they're trying to assassinate or kill him, and behead the President like Cathy Griffin. That was nut's, nut's; but, I mean, you actually have somebody who's standing up for freedom of sovereignty. If you had Hillary Clinton in charge of all those levels of power, and the deep state, which is a hundred percent colluding with her, and almost sold us out to foreign nationals, then you'd have a situation where, boy oh boy, you better get ready for a fight. All them gun owners, one hundred fifty million, when they start saying register, register under Hillary Clinton. Oh boy. You know what that means. Boy oh boy. There was going to be a big old fight.

Just like Thomas Jefferson said that had to happen every thirty, forty years, to remind the government that the people are in charge. Thomas Jeffersons said that, okay. I mean, Larry Pratt brought up the history of Athens, TN, where the folks in Athens, TN saw the ballot box being stolen, they chased out the mafia. They went and chased them out. They had a fight with them. They had a gun fight, and they chased them out, and got back their city in the early nineteen hundred's in 1948.

So, there you have the Devil, who's pushed down; but, then he's loosed. There's going to be a loosing again. There's going to be another blowback, because it's so tasty. It's so tasty. The idea that you could just morally posture, and pretend you're doing good things, and do things for you, without any cost to yourself; but, you make somebody else do all the dirty work for you. It's just so tasty for young kids, who

want to just pretend there like so good, and get all this praise for doing the good deeds, without doing the good deeds, and making a big, big mafia boss like the federal government, force other poor people, and innocent people, to be stolen from them and robbed, so you could feel good about your little activity. Ooh, that is just so tempting for kids. Do you know what I mean? That's why the Cheon Il Guk Constitution prevents that. It prevents that. It doesn't allow them to do that. There is no way the government cannot exceed ten percent of GDP. Cannot. It's illegal. It's against the law. The Federal Reserve would be against the law in the Kingdom. Okay. The bank industry would not allow that kind of centralized banking system; and, as a bank you can only own up to one percent of the industry, okay.

So, it's wrecking ball towards Political Satanists class; and, of course, government welfare, which is stealing, and of course conning people is illegal as well. Then, all the welfare would be done by Churches, and not for profit organizations, etc, etc, etc. Where would people get the credit for doing the work? You get the credit for doing the work that you're doing, instead of some politician taking it from you, and saying, "Hey, vote for me again. Look how good I did spending 400 billion dollars."

**Verse 4 And I saw thrones, and they sat upon them, and judgment was given unto them:** Look at this? So, you see the thrones; and, I was just reflecting upon this from the primal instinctual epigenetic perspective from our time as tribes, and even Peterson and these guys saying, "You know, it's probably not healthy for you to live as a nuclear family, which is Dad, Mom and children." It's hardly ever been done in the course of our human history. It's not hardly ever been done. It's always been tribes. It's always been tribes; and that actually been the best environment for your children, too. IF you have a tribe; or, if you have the aunts and uncles to deal with different people, where they socially had to role play, and learn how to be nice to these people, you know. You can't be too tyrannical, and learn all this kind of thing. You have buffer zones. This kind of tribal unit set up like this nuclear family, which is like a pressure cooker. That's how these Psychologists like to describe it. Like a pressure cooker. It's just like Dad and Mom, and the kids. It's like a pressure cooker. No Grandpa and Grandma to keep it. What's Grandpa's and Grandma's job? Give them candy, and send them home, something like that, right. Give them candy, and send them home. I mean, Grandpa and Grandma used to part of every tribe. Every tribe. Anglo-American, Anglo-Saxon, White, Black, Asian. It's doesn't matter. Grandpa and Grandma is part of the tribe. Young kids grew with, not make fun of Grandpa and Grandma, but respecting Grandpa and Grandma. You learn that at a very young age. You learn like these ethics; whereas, in the nuclear family, where it's really split up, you have kids in public education for like eight to ten hours a day, playing video games for another seven hours a day. You have no time. Then you got to sleep another eight hours. There are children who sleep ten hours. Then, you got zero time. Zero time. Zero time instilling values, zero time instilling culture; but, you see it's like these thrones, even like in a tribal situation, a tribal humanity. People were like sitting on the ground, right, and even a lot of these tribes, where there's the Chief comes out, and everybody sits down, and the Chief will speak; and, these thrones represent a higher authority. Like this higher authority; and, I saw these thrones, and judgment was given unto the workers of inequity. The workers that supported the Devils, that support the serpent, and judgment went up them.

So, what is this teaching even a young person? In your mind, you're remembering, "Oh, God gives consequences. God gives consequences; and, your faith in God may not be strong, because your still young, but as you grow, and you develop a relationship with God more and more, then the teaching is, that God gives consequences. There's consequences to my behavior. It's not like He just trying to rule your life, etc. There are consequences to leaving His hedge of protection. There are consequences to

turning your back to a protector that's protecting me. There are consequences for doing those things. It's not always He's chasing, and hunts you down, and given you punishment; or, get back at you, because how dare you do this to me, right?

It's when you leave the hedge of protection of the farm, and walk out into the jungle, there will be all sorts of stuff out there. All sorts of stuff out there. God doesn't want us obviously to live in a hedge. He wants us to have dominion over the Earth. He wants us to be able to dominate the wilderness. He wants us to do all those things. That's why True Father pushed us out into the wilderness, pushed us out to do the fishing and the hunting, and the mountaineering, and the outdoors activity, and the martial arts, and all those sorts of things; because, it gives us dominion, it gives us confidence, it gives us strength. It helps us to unlock our epigenetics. It makes us stronger. It gives us ability to not live in fear all the time, because we're able to conquer the elements, and conquer different environments. It's not a bad way, where we're littering and destroying the environment. It's a good way, where we're keeping sovereignty, and take care of that environment.

So, you can see there upon the thrones, **4 ...and they sat upon them, and judgment was given unto them: and I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God,** Look at that? There's tribulation for those who believe in Christ, and stand up for Christ's Kingdom. Contrary to what many Christians in the body of Christ believe, Christ is a tyrant, when he comes back. He unleashes holy hell on the workers of iniquity to establish his Kingdom, he vanquishes Satan as a king. We're going to get into that; but, he comes with the two-edged sword. He comes with the Rod of Iron to rule over the world. That Rod of Iron is scary, folks. That AR15 is scary. Crowns on his head and a Rod of Iron; but, that's why in Cheon Il Guk, the citizens are the Kings and the Queens. They have the Kingly rights, only afforded to the satanic Kings of the past.

They have the right to private property. That's why every Christian should have private property. Every Christian in the body of Christ should have weapons. You should have to stand as a coheir with Christ, and a King, right. We're a collective of private citizens that come together, freely. There's no registry here. Unlike other churches, we don't even take membership registry. We say, "Don't sign up. Don't donate." If you want to, you can; but, I'm not going to compel anybody, okay.

But, you always hear me railing on you all, you have to have ownership. You know, you have to have your kids learn the value of owning private property. Become an owner. You have to become a King, you have to become a Queen in the Kingdom. Once you have that ownership, and you have that private property that God has given you, the whole idea of private property comes from the Bible. It's so central to Genesis, so central. God said to be fruitful, multiply and have dominion over the Earth, and subjugate the Earth, that He gave that to humanity, not the angels, not the powerful Archangels, not the powerful Lucifer, the beautiful, you know, he's the central planner. He's so beautiful. He'll do everything so right. No, he's not. The Archangel will not do it right. God gave it to those human beings, who Lucifer thought was so pathetic, and Adam was running around in the freaking mud, jumping and catching toads and frogs.

"Look at that loser. You're telling me you're going to give the whole world to this fool? Give it to me. I'm beautiful. I got wings, and I can make music. I'm shining, and I can central plan all this;" and, God said, "Nope! No, no, no. I give this to my son and daughter. I don't care how stupid and idiotic you think they look. Running around here catching frogs and birds, whatever. I give it to them. They're going to create my family. You're not. You're my servant." He said to the Archangel about the angels, "They're not God's

family, they're servants. They're like AI. They're like his aids. There like little things going around and helping God. They're not going to inherit. AI is not going to inherit the Earth." Their trying to make the new species, where humans are depopulated out, and they got AI coming in as a new species. To Hades with that. That's not happening. That's not going to happen.

**Verse 4 continued ~ and I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands;** I showed Pastor Dave this passage, "**upon their forehead, or in their hand,**" which could also be in your mind. If you adopt that religion type cult ideology, which is centralized planning, which is Socialism, Communism, Political Satanism, it's an actual place, and actual political ideology, which creates the atmosphere for actual Satanists to flourish. You know, pedophile rings, baby killers, all these things. Actual rituals of Satan become allowed, when you are literally violating people's lives, baby's lives, etc, okay.

**Verse 4 continued ~ neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Christ a thousand years.** They lived and reigned with Christ. They reigned with Christ. That's why it's so hard. When the young people do the peace police/ peace militia training, at first, they stimulated by BJJ, (Brazilian Jiu Jitsu) and you can defeat somebody empty hand, which is pretty cool, it's pretty badass in its own nature; but, I'm telling you, that's not the reality. Forty percent of all fights end with weapons; so, that's why we did the weapons training, too, so everybody could be a protector. It's not so you can bully people, and you go beat up people, no of course not, because you're going to get a whole bunch of Alphas coming after you. You are going to be accountable to your trainers and King, etc, and our community; so, you're learning these dangerous things, but responsibly. This is how a father, for example, teaches his son how to shoot a gun at three years old, four years old, or five years old. Teaches him the ethics of this type of power in your hand.

This is the same type of responsibility that needs to be instilled in young people, before the politicians and the Political Satanists promise them, "Ah, support me. I'll give you power." The young people have to be able to know how to handle that power early; so, they're not tempted with the lust of something they don't have, right. It's like if you have the school talking about sex, and hypersexualize them at five years old, six years old, seven years old, before you talk to them about that sex talk that's damaging, because now you got these brainwashed indoctrinators telling your kids that masturbating at five years old is totally normal. They tell them, "You could be a boy or girl, depending on how you feel. You know, you could be whatever gender you want." It's complete lunacy.

So, it is very important for parents to be talking, and getting your kids and talk about these things, not deferring, "Oh, talk to Mama about these things." No. No, no. The Bible says very clearly, the man is the head of the house. We have to bring that culture very openly, just like Father did into our home, talking to kids, warning them, and talk to them, about how sexual deviants, and how Satan will use sexual deviants to lure them into utter destruction; and, not fearing mongering, so they're just start be terrified and everything, but understand the proper place of sexuality in the covenant of marriage. That's where it succeeds and flourishes, and creates beauty and civilization, and art and culture, and God's Kingdom.

So, sexuality itself is not evil or bad. It has a place, right? Just like the power of the Rod of Iron is not inherently bad. It has a place in the hands of good people, who understand their Kingly rights, and Kingly duties. Hey look, if you believe in the King of Kings, you should have no problem with the Kingly rights. Think about it. If you believe that Christ is the King of Kings, why do you have a problem with Kingly

rights? They're not supposed to be for the super elite Western European structure, or whatever structure, Chinese totalitarian dictator structure Kings of the world. It is God's people, who are made in the image of God. They're the ones to be the Kings and Queens; and, when that power, and when that Rod of Iron in decentralized, and not centralized in the hands of the Bilderberg Group or Davos Group, but decentralized to everybody else, then ooh, Davos Group, Bilderberg Group, you better watch out.

You better watch out. You better not try and start something. You better not try to sexualize our children. We're going to come after you. You better not try and blow up our churches during Christmas time, right, because everybody in here is armed, or at least most of us. You better not try and pull no funny business. That's the thing. The body of Christ needs to wake up, needs to understand their Kingly duties. Their Kingly right as coheirs with Christ, the King of Kings. You have to try and understand the rules of the Rod of Iron of good people, who have the Rod of Iron, so that there is peace, because good people are not looking out for a fight, you understand. They're not looking to go and destroy, and pray on people. They want to have peace, so they can flourish and succeed, and have grandchildren, and have dynasties and families, and beautiful times together. That's what good people want; but, you try and take that away, you're in trouble, and in for a fight. Okay.

**5 But the rest of the dead lived not again until the thousand years were finished. This is the first resurrection. 6 Blessed and holy is he that hath part in the first resurrection: on such the second death hath no power, but they shall be priests of God and of Christ, and shall reign with him a thousand years. 7 And when the thousand years are expired, Satan shall be loosed out of his prison,**

Oh, this is the picture I promised you. This is Dr. Peterson's image of the Bible. Remember, he's not actually a practicing Christian, okay; but, he highly values Christian civilization and Christian ethics, what is does for society, alright. He made this (picture). This is actually the Bible. What's interesting is he explains this. The Bible is basically the internet. It's like the internet. Everything is hyperlinked to one

another; so, every passage in the Bible is hyperlinked to everything else in the Scripture. So, you all these connections that are made? You have this internal infinite web of Rhemas, and possibilities of the Holy Spirit that will guide you through the Bible; so, anywhere you open it, its linked up to everywhere else. It's like the internet. He literally explains it like a hyperlink. It was like the ancient hyperlink database. It's literally a piece of art. Isn't that beautiful. The different colors referred to different variants. How many times its referred to, whatever, this kind of thing; but, that was the picture I was referring to multiple times. You heard me talk about this, multiple times. That's the Bible. That's how beautiful that is. Isn't that incredible? So, beautiful.

So, it's very interesting. When we look at the whole landscape we're in now, and Jonathan Cahn, who is into prophecy as well, released his new book on the "Elijah Paradigms," the general breakdown of that is he goes back and traces some of the paradigms also in operation in America today with ancient Israel. Of course, now Trump has designated Jerusalem as the capitol of Israel. Whoa! Massive. Huge. Of course, now the whole Arab world is up in arms. They've already attacked Jerusalem. Hamas has already attacked Jerusalem. Jerusalem has shot back, twice I believe, in the last couple of days; but, it's creating total upheaval in that region. I don't know. Jerusalem is a land that was promised to the Israelites from God. Okay, there's a lot of political implications, but hey, we know we're in the Last Days.

Anyways, Jonathan Cahn is tracing this, all this kind of stuff back to the Bible. The King Ahab, he was the King to Queen Jezebel, okay. It's very interesting. Look at this. He goes on and tracks down, Ahab ruled 22 years. One of the main thing that Ahab did that he brought Baal worship, or the killing of babies to Israel. You have to sacrifice your children on the alter of Baal. Ahab brings this. He really substantializes Baal worship in Israel. He also a very divided person. In that sense, he's weak spiritually; and, also there's many scandals, as we will see. He orders the killing and the taking of the lands in Navot in the in the 19<sup>th</sup> year of Ahab, okay. In the 19<sup>th</sup> year of his reign he has a scandal, where he's using, basically, government power to do illegal things. He then, actually, repents. He repents. It's interesting. He also repents. He repents to Israel on the national stage; and, three years later, there's a calamity in Israel. So, he repents; and, then there's a calamity.

Well, it's very interesting, because you have a parallel in modern times in the End of Days, where really you can see the fulfillment of Scripture is coming through prophetically, and you have William Clinton, who was also kind of like a King. You know, obviously, not a King, King. He was the top of the world, so to speak. He also was in politics 22 years just like Ahab. 22 years. From 1979 to 2001. His political career goes 22 years. Very interesting. It gets deeper than that. He also promotes Baal worship in the form of Planned Parenthood. He's the first President to actually push it on the national level. Promote Planned Parenthood and the baby killing factories, okay. He's the first one to do it. He also has scandals in his 19<sup>th</sup> year. Look at that. In his 19<sup>th</sup> year, he has a scandal with the Monica Lewinsky, and the predatory scandal that he was using his office to exploit people, okay. He actually then repents. He does repent nationally. Remember that? He did admit that he had sexual relations with Monica Lewinsky, and he does admit it, and there was an apology at 8:29 AM in the morning. In three years, exactly to the day, at 8:29 in the morning on 9/11, then three years later on 9/11 from 8:30 in the morning to 11:29 the last towers finish's falling exactly three years later, after Bill Clinton repents of the sins of his office. On three years later there, you have a calamity on 9/11, just like you had with Israel.

Also, Ahab had a nemesis that rose up against him and tries to kill him, and that nemesis is not killed during the time of Ahab. That nemesis not murdered or killed. It continues on past Ahab. It's very

interesting, Osama Ben Laden was creating a problem for Bill Clinton in his reign, but Bill, apparently, had an opportunity to kill him, but he did not kill him, and he wait; so, that nemesis went on, went on to the next ruler. So anyways, Ahab and sort of the American Bilderberg King, Bill Clinton, 22 years had the same fate.

Now, look at this? His wife Jezebel, she's steeped in Ashtoreth worship, okay, biblically. Jezebel was steeped in it. Her mother was into Ashtoreth worship, etc; so, she's into Ashtoreth worship, a female goddess cult, also with temple prostitution, and that kind of stuff. That's Ashtoreth worship, okay. Basically, it's an excuse to religiously justify the selling of young girls into prostitution from a young age. That's what all these female goddess cults become. They become justification for temple prostitution, and/or sex trafficking of little babies, okay, of which a priestly class will basically run it. They'll run the Temple of Athena, or Aphrodite, or Ashtoreth. The men will be running that temple; but, the prostitutes, who are supposed to be the goddesses, or the representative of the goddesses, will actually have sex with the patrons. There like a pimp and prostitute relationship; and, of course, they're sold into it at a young age by their parents, who think they're doing a religious duty to God. They're nuts.

Of course, Hebrew and the Judeo-Christian culture railed on this to stop this practice. It was the first point in history, where a civilization said, "Nope! God ordains, the Creator ordains. No baby killings. No baby killings for sacrifices." All the other Pagan cultures allowed it. You'll see that same common denominator everywhere, from South America, Asia, China, Mongolia, Siberia, you name it. It's everywhere. You know, Europe, Rome, everywhere.

Okay, Jezebel is there. She's Ashtoreth worship, she's into Baal worship, she's into killing babies, and she's into witchcraft. Deep into witchcraft. Very deep into witchcraft. She continues in the halls of power after Ahab; so, Ahab is finished, but Jezebel continues alone in power. How long does she continue alone in power? She continues in power for 14 years. So, originally, you have 22 years. She's alone in power for 14 years. Whoa, interesting. Hillary Clinton, also does Planned Parenthood abortion. She says, you remember in the debates, she said, the question was, "So, one day before the baby was born, are you saying that we can abort it?" She basically admitted that's the case. A day before, when we know scientifically that's a human being; and, we know scientifically, even on the Left, they can't say anything about it, that baby is alive; but, she said, "It's in the womb. Kill it." You can kill it, basically what she said, okay.

So, she pushed Planned Parenthood and abortion. There were new age advisors. She was the first one to bring to the White House, these new age advisors. Let's see. I have the article right here from CNN. What's that women's name? "Jean Houston." There it is. The "co-director of the Foundation of Mind Research, which he describes as a group that studies the psychic experience and altered expanded consciousness." That's all a fancy talk for witchcraft, okay. That's where they say, I was talking to Eleanor Roosevelt, and I'm talking to dead people. Remember this? This woman is actually doing these things at the freaking White House and Camp David. She's crazy, but she's doing it, and CNN reports about it. See, I'm not crazy for being informed. I'm informed. It's the normal person, who's not informed. It's not that were on our high horse, or something like that. We're just facing reality. This is exactly what these people were doing; and, Hillary Clinton was in there at Camp David and the White House calling in these crazy people, these witchcraft practitioners, which explained their thing. "Oh, altered expanded consciousness and psychic experiences. They're doing black magic and witchcraft, okay. They're doing séance talking, too.

If you talk to a normal Scientist, they don't believe in psychic experiences. Scientists don't believe in this. Where's the evidence of that? But, they kind of cloak it in this new age science talk, and make you believe, "Oh, psychic experience and expanded states of consciousness. Pthth. That's called, doing a séance, okay. This woman is praying to Ashtoreth; and, this woman, this Joan Houston lady, she actually wears a goddess pendant necklace; and, one of the gods in her séances is the goddess Jezebel. In her pantheon of female deities, you can also connect with Jezebel. Anyways, it's crazy, okay. It's crazy.

So, that actually happened in the White House at the seat of power, in the age of the apostasy, in the rebellion against God, in the rebellion the Christian culture and Judeo-Christian culture, and the rise of post modern Relativism, and moral Relativism, and ethical Relativism, etc; and, it continues after her husband leaves office for 14 years. Look, her husband reigned 22 years; she reigned 14 years. She took a two-year hiatus; but, she came back for a total of 14 years. Very interesting. Isn't that interesting?

Then, it's interesting, because Jezebel doesn't get power right away. After Ahab, he has an heir and successor. Joram. So, it's not his wife, yet, that gets power, It's Joram that gets power. So, he's a younger man. He's charismatic. He's also in the same vein as Ahab, who wants to do the Baal worship, all this kind of thing; and, later you see, you get this thing in the form of Obama, because Hillary was supposed to get it, but Obama beats her. Remember, when she's running for the first time? Obama beats her, and he becomes the heir and successor to Bill Clinton, basically, and continues on with the Political Satanist system.

So, there's a younger heir to Ahab, which is not Jezebel. He dwells in the Palace with Queen Jezebel. Isn't it interesting. Obama appointed Hillary to be in his codery. She was the Secretary of State, just like Joram did to Jezebel. Interesting. Isn't that interesting. Paradigms. Paradigms. Also, there's a hostility to God, a mocking of God in Joram. There's a laughing at God. "You didn't build that. We built that, the federal government." Remember this? There's like a mocking of Christianity. He's like always putting down Christians. After every Islamic terrorist attack, Jihadist attack, he's like always, "This is because Christians are intolerant to Jihadis."

This is the message we got everytime. No, decrying of Islam. No decrying of female genital mutilation, no decrying of marrying five years old children as your wife or pedophilia, or lesba have sex at nine years old. No mention of sex slaves and ex-Passionist ideology in Orthodox Islam. Muhammad was a military leader, who himself with a General, watched the beheading of over 800 Jews. No mention of that from Mr. Obama, the first Muslim illegal President of the United States; and, it's interesting that his nemesis back then, the nemesis of Ahab, he's coming back in Joram's time; and, Joram is the one who kills the nemesis, or Osama Ben Laden; and, the Bible said, he's going to be killed in his bed; and, that's what happen. The SEAL team came in a killed Osama Ben Laden in his bed, or in his bunker, in his place of residence. So, the nemesis is not killed during Ahab's time. The nemesis is killed in his successor's time under Joram. Isn't that interesting. So, it's like a parallel to Obama.

Then, it goes, there is a weird warrior that rises up. There's a bombastic, crude, coarse, non-politician, White Supremacist warrior. No, no. Trump's not a White Supremacist. Come on. He loves all people. He loves all people. He's a human lover, okay. He's a Human Supremacist. You know, God is a Human Supremacist, too. We have power over the angels. We have power over the animals. You know, Black, White, Asian, we're humans; and, humans try to create AI, that's a lessor being. That's not a human. That's not the apex of God's Creation. They are devolving human beings. Just because you've got a faster memory program in your head, doesn't mean you are more evolved than a regular human being

that God made, because in order to put that in there to steal out your conscience, you switch us a memory bank for the illumination of your conscience, and your connection with God, your soul. But, there's a Warrior, then, who rises, who's name is Jehu. His name is Jehu the Warrior. He's not a politician. He fights with everybody. He's very coarse. He's bombastic. He's crude. He's not part of the swamp. The Bible as it says, is a race to the throne, or "crazy." He also has a fight to the throne. He's racing to the throne. He's also fighting Jezebel for the throne; and, he does an amazing thing. I'll tell you guys later. An unlikely person, but he's used by God, but there's a showdown. There's a showdown with the former Queen, Jezebel. He will be her downfall. What he does is interesting. Now, he's the King, right. Everybody who practices Baal worship, we're going to have a tremendous Baal Parade party. It will be an amazing event. If you are a Baal worshipper, bring all your temple priests. We're going to have an incredible event, with feasts; and, it's just going to be fantastic. I want everybody in the whole nation, who worships Baal, to come and enjoy the festivities. Jehu does this, okay. Jehu does this. Then, he says, "Oh, good, good, good, Yes, come. Oh, yes, the Baal Temple. Bring it, bring it. Do the worships okay. Yes, okay. Come, come, come. Come, come, come;" and when they all gather in the city, he gives the order, and kills them all. He kills them all. He wipes them out. He wipes them all out.

So, he baits them. He tricks them. Tells them all to gather in the city. He says, "It's going to be a great party." You know how those Liberals love parties. I'm not saying we're going to do this, or something like that, okay, but this is what Jonathan Cahn is saying; and, Trump announces his run for the first time; and, this is interesting, at the same time, when Jehu is fighting for the Palace, the Baal Temple falls.

Now, there's an actual Baal Temple, and you saw it. It was on tour. Part of it was in New York City. You remember this. They were bringing around the Town Hall in New York City, and they were parading it around; but, Trump, the Summer before he announces his run, the Temple of Baal actually fell in the Middle East. It actually fell. The actual Temple fell; then, they reconstructed it, then it's on tour, all this kind of stuff, okay.

And so, this Jehu the Warrior, who's crass, crude, impolite, fights with everybody. He plays a trump. I don't know if he plays a trump. I kind of put that in; but, he has a showdown with Jezebel, he has a showdown with Baal worship, he's getting rid of Baal worship. Remember, when Trump came in? He stopped funding the Planned Parenthood at the UN. Remember this? He made an Executive Order to start dismantling Planned Parenthood; and, now, just last week, the Department of Justice has launched a full investigation on the sale of fetal tissue by Planned Parenthood, the baby factor killing corporation. So, he is going after Baal worshipers. We're going to have a huge Planned Parenthood Parade in Washington DC, just be sure you don't attend that, okay.

So, when the Warrior arrives the Temple falls, the ending of Baal worship in Israel. Jehu ends the worship in Israel, and we see that of course, the end of Planned Parenthood, the divesting of Planned Parenthood in this paradigm that we're living in at the End of Days as well. Very, very interesting.

So, look at this in **Verse 8 And shall go out to deceive the nations which are in the four quarters of the earth, Gog, and Magog, to gather them together to battle: the number of whom is as the sand of the sea.** Let's go back here a second from **Verse 6 but they shall be priests of God and of Christ, and shall reign with him a thousand years. 7 And when the thousand years are expired, Satan shall be loosed out of his prison, 8 And shall go out to deceive the nations which are in the four quarters of the earth, Gog, and Magog,** What is Gog and Magog? Where is Gog and Magog? What is Gog and Magog? There are biblical scholars that believe it's in Russia. That it's in the North. Let's look at this video real quick,

about the explanation of Gog and Magog. Let's take a look at this. It's fascinating, the answer to 1984 is not 1776 in this one. It's 33 A.D. That's clever, isn't it? Alright let's take a look at this. Ankara, Turkey is likely the place of Magog. Why is it in Turkey?

1. The 7 Churches are in Turkey Rev 2
2. Satan's seat is in Turkey Rev 2:13
3. Ankara due North of Jerusalem Ex 38:15, 39:2
4. Noah's Ark lands in Mt Ararat, Turkey Gen 8:4
5. Persia, which is modern day Iran shares a border with Turkey Ez. 38:15
6. The Fountains of Waters in Turkey feed the Tigris and Euphrates Rev 16:12
7. The Bible says Gog is Turkey, Meshach and Tubal Ez. 38:3

Very interesting, because, during the past week, we had the entire Middle East in utter chaos, including Erdoğan, the President of Turkey say that he will supply millions to basically take over Jerusalem, basically, if they keep pushing this; and, of course, Hamas, we showed the quotes of the Breitbart article on The King's Report. You have main leaders throughout the Arab world now saying, "We want terrorism on Jerusalem now. We want terrorism. Launch terrorism." All Jihadis are called, "Go destroy Israel." We are living in very serious times, folks.

Now, at the same time, we got all the way out there in North Korea as well, the land of the Lord of the Second Advent. Now, a parallel of the Old, New and Complete Testament is coming together. It goes with the two main tinderboxes of the world right now. In the next six months, according to a top UN official, he believes Trump will attack North Korea. Attack with a nuke, or an EMP attack it. The next six months. That's what he is saying, this top UN official.

So, you have a scenario. Now in the world that we are in is serious, serious trouble. 2018, it looks like it's going good, because Trump is turning things back on. He's trying to do his best; but, these people don't want him to get away with it. They want to implode this, they want to start a Civil War, they want to start a Middle Eastern War, they want to start a North Korean War, which will basically suck in Russia and China, and force us all to be imploded under the guise of World War III; but, they're simply going to use that to destroy the different power groups, and take them over into a World Government system.

So, these are the most violent predator mafia groups on the planet. You think they're going to let some voting process stop them? Will Al Capone go away that easy; and, he's just a low-level city mob boss? Imagine international crime mafia mob bosses, who had the world laced up under the UN's and under the World Government structure, world Communism, whatever. You think he's going to let it go that easy? It is absolutely essential that the body of Christ has ownership and sovereignty of private property, and the means to defend that property. That is symbolized by the Crown and the Rod of Iron.

Symbolized by the Crown and the Rod of Iron. It is not because we are on a power trip, it is not because we're on ego trips, it's because God inherited the world to his people, and we are the rightful inheritors. I think I know a little bit about that, being a Rightful Inheritor. I think I know about that a little bit; but, we are the Rightful Inheritors, and the body of Christ must understand, it's not their responsibility not to wait for the rapture, to be raptured up before the Tribulation. Give me a break. Stop drinking milk shakes and munching on Doritos. You're not going to be raptured away. That preaching was pushed by

the Rockefeller Group, put into Seminaries, so you would become politically inactive. You are not going nowhere.

The Body of Christ has to be here. Get your private property, and get your Rod of Iron. Collectively, we start creating Cheon Il Guk just by the act of you having private property, and you having the right to defend that, collectively. We're a people, who stand together, united by civilization and core values. We start creating the Kingdom. In defense of the Kingdom eternal is the motto, right.

God is good, folks; and, we are living in the great and terrible day. We live in perilous times; but, God finds a way; and, in the end, God wants His people to be free. It doesn't mean we're all perfect. It doesn't mean we're all going to be righteous; but, we are going to have the freedom to search for Him, and yearn for Him. We are going to have freedom and righteousness and goodness incentivized for Him, not where evil is incentivized, where the Archangel is running everything. Evil is incentivized. Colluding is incentivized. Get political power and becoming part of the Deep State is incentivized. Doing illegal things, and running black op off tax payer money, and running the drug trade, that's incentivized. You see, that's the problem. That's a problem.

In God's Kingdom, where the federal bureaucracy cannot grow over ten percent, where the fake moral posturing and welfare that they create like politicians, like Dan said, these are illegal. All the credit will go to the citizens, who provide all the services that people need; and, they will create the win-win relationships; and, in that, in that, we are also free to pursue. How is it that we get to live this free? How is it that we have these human natural rights? Hey, our Creator gave it to us, and it's right there in the Constitution in the Kingdom of God.

So, we are in such an amazing time. We pray all the people in the Body of Christ are standing up, are rising up and inheriting that responsibility. Remember, to be a King or Queen doesn't mean you get everything done for you. You have duties, too. Duties. Duties to keep the peace in your nation, and preserve and protect the Kingdom. When all the citizens recognize that, and realize, wow, it's in God has given to us, not to any other powers. He's given it to the private folks, to the good men and women who are out there, and not try and prey on other people; but, try and serve other people, right. Serve other people; and, through serving them, whether a product, or business, or service, or church, for whatever foundation you are doing, you create that win-win cycle. You create a double win by serving. You get rewarded by serving. You become prosperous by serving other people. You're serving your customers better than that next guy. You become prosperous. You get blessed, when you love others, and love the gifts God given you, and unleashed them. Let them be opened for the benefit of humanity.

Let's read together, **Cheon Seong Gyeong 601**

**Unless your longing becomes stronger than any adversity, hardship, sadness or death that you may encounter in your actual life, you will become people who feel regretful before death and draw back from pain and sorrow. As Jesus surmounted the summit of death, entered the eternal world, and built the sphere of resurrection, we today are also destined to surmount the summit of death, and continuing on: Enter into the sphere of resurrection.**

Praise God this day. SOS, come on up. Let's all rise and give all the glory to God, who deserves all the praise. Amen-Aju!
