Time to be Colorblind

Whoever remains stiff-necked after many rebukes will suddenly be destroyed - without remedy. When the righteous thrive, the people rejoice; when the wicked rule, the people groan. A man who loves wisdom brings joy to his father, but a companion of prostitutes squanders his wealth. By justice, a king gives a country stability, but those who are greedy for bribes tear it down. Those who flatter their neighbors are spreading nets for their feet. Evildoers are snared by their own sin, but the righteous shout for joy and are glad. The righteous care about justice for the poor, but the wicked have no such concern. Mockers stir up a city, but the wise turn away anger. *Proverbs 29:1-8*

When I was in Hungnam, I received soybean flour once a month. Since there were thirty people in a cell, there wasn't much to share with each person. I gave each of them a spoonful on a piece of newspaper. The days when I shared the soybean flour were like feast days. Even though it was precious to me, I could not keep it all for myself.

I also mixed the powder with water to make soybean flour cakes. I packed the cakes in newspaper and took them to work. Because I would sweat a lot until lunchtime, the cakes would become wet. Still, when I shared them out, tears would trickle down a man's face as he ate it. What a precious life it was! By sharing my food and supporting them, I became their friend, in place of their mothers and older brothers. Clothing made with love The prison cells weren't heated rooms as in a regular house. Morning and night, the cells were colder than outside during the winter, because outside there was sunshine. Prisoners don't need silk or satin clothes. They would fight over who got a sack. Even a straw bag would be fine for them. You can appreciate the real value of clothes in prison.

I was always wearing the most ragged clothes. I gave all my good clothes to others and used a bamboo needle to patch up my worn-out ones. When family members brought me good clothes, I gave them to the most miserable prisoners. I also made articles of clothing out of tent cloth and gave them to people who never had visitors. They liked them so much. Among the prisoners there were those who were going out in the strong wind in clothes so worn that their bottoms showed. It was to these men that I gave the clothes I made. Hello,

We started the service with a short video message from Hyung Jin Nim, who was on the island of Kinmen, across from mainland China. It has been more than 70 years since the CCP took over China, so it is poised to fall. Pray that its 1.6 billion people can be liberated from Communist tyranny.

Then Regis Hanna summarized the 2nd King's talk in Geneva last week, where a large group of brothers and sisters from many European countries met with him.

Hyung Jin Nim started by talking about his prayer a few days earlier in the Kremlin, where True Father prayed in Moscow more than 3 decades ago. The Moscow police stopped the 2nd King while he was recording a RAP video. They wanted to check the lyrics.

The Unification Church educated 4,000 young people from Russia and brought many to the USA. The real reason True Father was imprisoned was because of his threat to globalism.

Father prayed for the Casino King until 2012. Three years later, in 2015, Donald Trump declared his candidacy for President. The attitude of many people in Europe is like that in Korea, where people think the 5,000-year history of slavery and oppression is normal.

Trump and Musk are exposing corruption. The 2nd King knows Stewart Rhodes and the Proud Boys, who were imprisoned for their involvement with the protests at the U.S. Capitol on January 6, so he expected to be arrested for being there as well.

The Department of Government Efficiency (DOGE), being led by Elon Musk, is the first time we have an Inspector General office like that described in the CIG Constitution. Why do people get government jobs? In many countries, the winning party gives those out to supporters.

Trump is a different kind of leader. Let's have peace with Russia, which has 6,000 missiles with modernized warheads. We outsourced the manufacture of our weapons to other countries.

If Kamala had won, government surveillance of speech in the U.S. and Europe would have ramped up. Our liberties would have been over.

Many churches think that when Christ returns, he will rule as a dictator, which is a Christo-fascist model. The Cheon Il Guk constitution makes clear that the role of Christ's lineage is to protect our freedoms.

We need to witness to our children. Listen to them and answer their questions. they have been indoctrinated by the world. We should treat them like a professor or evangelist who speak with humility and respect.

True Father ordered Hyung Jin Nim and Yeonah Nim to do date training and also with their children. In the CIG culture, children should have good memories of shared experiences with their parents.

In Tennessee, we are creating a "fellowship culture" of mutual friendship and protection. True Father did 300 squats a day. After his helicopter accident, that decreased to only 100 squats a day. Father set an amazing example for all of us to follow.

Hak Ja Han had just one thing to do after Father's passing: accept the lineage. That would have led to the establishment of the Abel UN in Asia, but because of her failure, it moved to the Cain world, America. In the years before his passing, the Han mother was saying to Father the crazy things she now proclaims in public, such as "I am God." That kind of thinking leads to a civilization that is based on self-worship.

Hyung Jin Nim explained, "I chose loyalty to True Father instead of power and money." Chris Darlington, a Christian country music artist, asked him to perform together with him when another musician canceled. "Kook Jin Nim and I are the richest in Father's love and tradition!" When they went to the NRA shot show, people were asking about the 596 necklace he was wearing, which was Father's prison number in Hungnam in 1948-1950.

Upstream of politics is culture and upstream of that is theology. In a theistic culture, the Creator bestows human rights and responsibilities. We have a CIG constitution that no one else has. We are few, but we have more than the number of disciples after Jesus ascended to the spirit world.
