A Victorious Day in the Free World

If it had not been the Lord who was on our side - let Israel now say - if it had not been the Lord who was on our side when people rose up against us, then they would have swallowed us up alive, when their anger was kindled against us; then the flood would have swept us away, the torrent would have gone over us; then over us would have gone the raging waters. Blessed be the Lord, who has not given us as prey to their teeth! We have escaped like a bird from the snare of the fowlers; the snare is broken, and we have escaped! Our help is in the name of the Lord, who made heaven and earth. **Psalm 124**

Persecution comes from individuals and from families, societies and nations as well. Even the world has joined in the persecution. Now, in the center of this free world, America, and even here in the heart of America, this fathering of members who revere and follow You has received rejection from all religious people, who are [supposed to be] following Your way. We know very well that behind the tear-stained sacrifices which we have made in order to pioneer and establish this foundation lies Your much more sorrowful history. Assembled here together, we are pledging to advance and progress -- and to be the kind of church that will never disappear in despair, but will bring the one victorious day to the free world. We are grateful for Your grace which infuses us with pride and confidence to take up the worldwide pioneer mission of laying the victorious foundation, upon which we can make a new settlement in this new time period.

SMM, Father's Prayer, January 1, 1983, (Midnight)

Hello,

Hyung Jin Nim explained that the Trump administration is arresting the Tren de Aragua and MS13 gangs, who are the "brownshirts" of the Democratic party. More jihadi terrorists need to be arrested. Instead of being used to arrest criminals, the Department of Justice was used to support them.

Trump is doing a good job on the economy. Egg prices are dropping. Tariffs are hurting China, which doesn't have enough domestic buyers. He is stopping the wars, leading to a pressure cooker in China, which has 84 different ethnic groups. People's anger is bubbling up against the repressive government.

Trump has also taken action against the Mexican cartels that sell fentanyl, also called "tranq." They are China's drug army against the U.S.

We will be planting a new church in Taiwan where we will teach that Christ is the basis of human rights. In China many believe in the Tao, an impersonal force. They should realize that every cell in our bodies has a complex "computer" code of 3 billion letters created by an intelligent mind. God is the origin of time and space. The person and teaching of Jesus Christ is the origin of the civilization that realizes the value of each individual, asserted in the Declaration of Independence.

In the ancient world, people sacrificed children to Baal and other gods. In our time, the fornication culture leads to unwanted babies. One million are sacrificed in America each year.

Without God saving Pres. Trump, the world would be headed to destruction. 8 shots were fired against him. He fell down on his knees, as if in prayer. Then he rose up with his fist in the air, saying, "Fight, fight, fight!" a type of resurrection. Trump gave credit to "God alone."

The Deep State, who are political satanists, promote the destruction of the family, of male and female identity, and of children. They seek to normalize cultural satanism. They even held [black masses on the Kansas state Capitol grounds](#).

Theology creates culture, which creates government policies and politics. According to Hindu theology, the gods created the caste system. Adherents felt threatened by Christian teachings, which command us to love our neighbor, the ideal of sacrificial love. Buddha taught and practiced meditation but did not practice sacrificial love or teach the ideal of parental love.

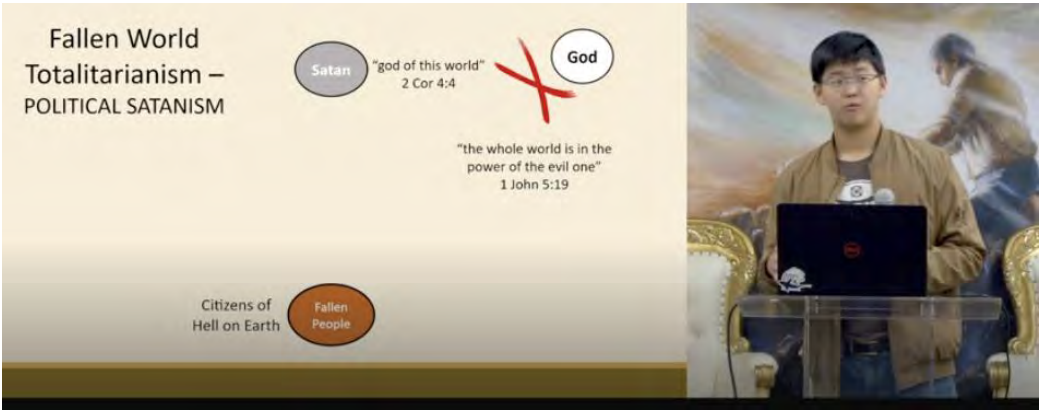

In the 1st century, Romans accused Christians of cannibalism, eating the blood and the body of Christ. Communities of diverse people can only be built with humility and sacrificial love. Otherwise, the community becomes divided and selfish. Hedonistic. Chasing your passions.

The D.O.G.E. of Pennsylvania - John Ventre Interview

God calls us to do the hard thing out of love. Politics is the result of theology and culture. Once totalitarians take over, they eliminate the "useful idiots." In the atheistic vision of the universe, the primary mover is matter, selfish genes that want to replicate. Therefore, the government will treat you like an animal. In the end, there is only survival of the fittest, leading to a culture of debauchery where there is no subduing of desires and pleasure now for future gains. It is a "spring break" culture. They are threatened by the culture of Christ, which does not emphasize one's feelings but rather being like Christ. We don't become God but seek to resemble Him. It's called "Theosis." We have a compass, a North Star, to aim at, even though we make mistakes.

Practicing sacrificial love helps your marriage since you do not always feel like you're "in love." A man is called to love his wife even when she is not very lovable. A woman is called to respect her husband even when he is not so respectable. Most men are not naturally good in the emotional realm.

He praised the 2nd queen, who showed respect by making an appointment to speak to her husband and even her sons.

Terrance Howard, the actor, said on the DBP podcast that P Daddy was raping young men. He warned "if you let any man defile you, then your spirit is destroyed."

Jesus did not chase power or pleasure. Emulating him creates a culture of service and forgiveness, affirming the value of each human being. If we continue to leave Christ, instead of reaching out for the hand of Christ, we will reach out for the hands of demons.

King Bullethead "But I Got More"

The elephant metaphor is used to promote relativism. The relativist claims to see the whole truth. But there is not your truth or my truth; there is only THE TRUTH. For example, the truth about H2O is that it has two hydrogen atoms and one oxygen atom. Jesus is the way, the truth, and the life. That is why the True Father said the essence of the Peace Police Peace Militia is sacrificial love. We should stay healthy and fit, ready to confront evil out of love.

Abandoning Christian culture leads to boys taking over girls' sports and mutilation of children's bodies. Plato said, "If you are not involved in politics, you will be ruled by your inferiors."

Pray for Trump, Elon Musk, and others who are risking their lives to stand strong against evil. Imagine if China was free, able to acknowledge God, and had the 2nd Amendment.

MKR #14 DOGE Uncovers Social Security Fraud

Last year, Russia arrested 400 for Internet posting, but during the same period, the UK arrested 3,000 for their online posts. The government of UK PM Keir Starmer seeks to arrest people for making disapproved statements. Hyung Jin Nim wants to teach people in Taiwan and the rest of Asia that you do not have to be a slave to the central authority.

With the long tradition of Martial Arts and kung fu, Taiwan citizens can come to understand the need for self-defense with weapons. Our freedoms must be backed up by patriots exercising their 2nd amendment rights.

May God bless you and your families!

Sincerely,

Richard
