Distinguished world leaders, ambassadors for peace and blessed family members who have come from all parts of the world in hopes of bringing about the realization of world peace, and building the ideal hometown in heaven and on earth:

I would like to express my deepest gratitude to all of you for coming together despite your busy schedules to take part in this rally to expand and elevate the Family Party for Cosmic Peace and Unification to a global level, so that it may be reborn as the Cheon Il Guk House for Peace and Unification; to make the Universal Peace Federation a model UN-type organization; and to make Cheon Il Guk the kingdom of the peaceful, ideal world through the concerted efforts of all the nations of the world.

A lifetime of looking only forward

As you may know, this year marks the eighty-seventh year since my birth. On this remarkable occasion, as the founder of the Universal Peace Federation, which is to open wide the Era after the Coming of Heaven, I would like to convey to you the essence of the truth of Heaven that I have taught throughout my life. This message is entitled, "God's Model Ideal Family and Nation, and the Peace Kingdom."

Ladies and gentlemen: On looking back, my life has indeed been like a dream. At the young age of sixteen, with nothing but the buoyant spirit and aspirations of youth, I was called by Heaven and began to live for the Will of God. This left no room in my heart for any worldly ambitions I may have cherished. It has never been an easy path, but I have followed it for more than eighty years, looking nowhere but straight ahead. This was the life I was fated to lead, with no choice but to shake off the embrace of my beloved parents, and brothers and sisters, who clung to me, wanting me to stay with them. They endured great self-sacrifice and walked a thorny path of dreadful suffering for my sake.

It has been a journey through the wilderness that no one among the 6.5 billion people living on earth could ever comprehend. Even when I persevered through the hardships of prison life six times, I never let go of the key to the providence; such has been Rev. Moon's life.

This was all because I came to know only too well how anguished, aggrieved and full of bitter sorrow was the heart of God as He waited for thousands of years to find us. I realized that if God, who is the origin of billions of people and the Creator of everything in the universe, was not relieved from His sorrow, human life would remain completely without value.

When, where and how did God come to carry such agonizing sorrow in His heart? Who on earth could inflict this grief upon Him, the absolute and omnipotent Being?

God created Adam and Eve and established them as the first ancestors of humankind. Since the parent-child relationship is the highest and most important of all relationships, He committed Himself 100 percent to raising them as His son and daughter, connected to Him through love, life and lineage. The relationship between parent and child is the only way through which God's lineage can be bequeathed and made to last forever.

However, this parent-child relationship, more precious and important than life itself, was severed due to the Fall of Adam and Eve. God's own flesh and blood, His first son and daughter, Adam and Eve, formed a blood relationship with His enemy Satan and became Satan's children instead. In the face of this, God's heart has been crushed and wounded with grief and sorrow throughout history. This caused the most mortifying and harrowing anguish for our Heavenly Parent throughout history, which no one in the past understood or could resolve.

Tragically, God's ideal of creation, which was to establish a true family in that very first generation of humanity, a family through which He could eternally pass on His lineage, was frustrated. The only way to relieve God's sorrow is to restore and establish a true family unrelated to the lineage of Satan. Herein lies the reason why all of us need to establish true families, which is God's ideal of creation. Herein also lies the fundamental object and purpose of the founding of the Universal Peace Federation.

In the Old Testament it is written, "So God created humankind in his image; in the image of God he created them, male and female He created them." (Gen. 1:27) From observing God's creation as expressed in this passage, we can conclude that God is a being who comprises the essence of one man and one woman. Having these attributes, God could not enjoy a solitary life. Therefore, He created the universe as His object partner. That is, God created all things in the universe in the position of an object partner in image, and in this environment He created human beings as His object partners in substance.

In this manner, the first masculine representative created by God as His object partner in substance was Adam, and the feminine representative He created was Eve. God had an objective in mind when He created human beings as separate beings, one man and one woman.

God's ideal of creation

First, God, who exists as an incorporeal Subject being whose dual characteristics are in harmony, wanted to assume a physical form through which He could relate with the entire world of substance. Adam and Eve were to become temples of God, so that through them He could communicate and work freely in relation to the entire universe, the world of substance. This is because the incorporeal God, without a physical body, meets certain limits in dealing with the corporeal world of substance.

Therefore, if Adam and Eve had attended God in their hearts and become one with Him, then married on the basis of having perfected themselves, had children and created a family, they would have become the external and horizontal True Parents in substance, and God would have become the internal and vertical True Parent in substance. If only this had come to pass, Adam and Eve would have resembled God 100 percent, both in their inner nature and outer form. If Adam and Eve, as a couple who perfectly resembled God, had become the true parents of humankind, human beings would have experienced the true reality of God in their daily lives.

Second, God created Adam and Eve for the sake of the fulfillment of love. He intended for Adam and Eve to grow to spiritual maturity and reach perfection, thus becoming the embodiments of love in complete union. On that basis, He would have come and dwelt with them as the Parent of true love for all humanity. Adam and Eve, standing in the position of the parents of substance in the image of God, would have established an ideal family, and consequently an ideal world, as this same standard of heart was multiplied in their own children. If this had come to be, the spirit world and the earthly world would have been linked through human beings. We can conclude that God's intention in creating human beings was to allow us to grow to become the connecting point between the spiritual and physical worlds.

By coming to dwell in Adam and Eve based on true love, God would have been recognized by succeeding generations of humanity as the True Parent, the parent in substance of humankind. Moreover, when the time came for Adam and Eve to end their lives on earth and pass on into the spirit world, God could take on their spirit bodies and manifest as the True Parent through their form. However, due to the Fall of Adam and Eve, God has not seen that ideal fulfilled.

God does not need money, knowledge or power. Since He is the absolute, almighty Being, He does not need such things. Though modern science maybe accomplishing spectacular advances, these are all part of the process of discovering new facts and truths within the realm of God's creation. The vast expanse of

this universe operates in an orderly fashion according to laws that cannot be fathomed by human thought or science. In this sense, God is also the absolute scientist.

Then what would have been the ideal that God hoped to achieve through the creation of humankind? It was to fulfill the four-position foundation. The four-position foundation signifies Adam and Eve in a state of complete union with God. This makes it impossible for them to separate from God's realm of love, no matter how hard they may try. The four-position foundation refers to the foundation of a family with God as its center, established when the husband and wife have achieved complete oneness not only with each other but also with God, and when they have become an ideal couple and give birth to sinless children. When the family four-position foundation is thus completed, that family becomes a family of the ideal of creation desired by God.

Generally speaking, a family is formed through the coming together of husband and wife and of parents and children. God's love must be the center of that family group. At this point, the husband represents heaven and the wife earth. Although they are two separate beings, when husband and wife have become one, horizontally speaking, their union symbolizes the unity of heaven and earth. Simply put, when husband and wife are in unity based on God's love, the way to bring unity in the cosmos opens up.

Ladies and gentlemen,

God created the world to receive joy from it. Since even the Absolute Being, God, could not feel joy while alone, He needed a partner with whom to share the giving and receiving of love. This is because joy cannot be felt all by oneself, but can only be experienced through a partner.

To put it in another way, God created this world to experience the joy of seeing humankind and all things of creation becoming one through His love, as we formed a harmonious and peaceful world of love. On such a basis, human beings were meant to form true conjugal relationships centered on God's love, and to establish families, tribes, peoples, nations and a world of true love. God created this world to participate directly in this process and to feel joy from it.

We can see that human beings are absolutely essential to fulfill God's ideal of love, and thus we can understand the concept that absolute value is derived from an absolute partner.

Our Parent, God, and all His children, humankind, were to form a vertical axis. This was the purpose for the creation of human beings. If this axis had been connected perfectly, that is, if God and humankind had united as one through true love, they would have been absolutely inseparable; no force in the universe could have broken them apart. How could anyone who has been bound to the original love of God, and who has tasted that love, ever be separated from it?

With the coming of spring, honeybees wake up from their long slumber and get a taste for the fresh nectar of the blooming flowers. Try pulling the abdomen of one such honeybee while it is lost to all else but sucking on that nectar. You will see that it cannot tear itself away from the nectar, even if its abdomen is pulled off. How about you? Once you really get to know the taste of God's true love, you won't get far from it before you come back and cling to it once again. This shows that the power of the vertical true love that connects us to God is greater than the power of life.

The value of a family of three generations living in harmony Ladies and gentlemen, the reason we miss the family we have left behind is because at home there is love for one another. Home is where the love of mother and father, the love of brothers and sisters, the love of one's spouse, one's children and one's close neighbors are all deeply embedded. It is a place of mutual affection, where all the relationships and affinities are brought together through mutual love. This makes you want to cherish each and every member of your family. It is the yearning and desire of any wanderer who has left his family behind to reappear boldly before his family, as a liberated being, and embrace the mountains, streams and trees, love his relatives and countrymen, and sing songs of ecstasy. However, the situation of humankind descended from the Fall has been different. Banished from their original heavenly hometown and destined to wander around in isolation and defeat, human beings have been never been able to go back, no matter how much they missed their families, for they have lost the root of the heart of their original homeland.

However, with the ushering in of this era of a new heaven and a new earth, we are being pulled out of the swamp that was sucking us down. The way is being opened for us to return to our hometown, which we have never forgotten even for a moment, and to meet with our true family. Could there ever be a day of greater blessing for humanity? The time of heavenly power and fortune has now come, making it possible for us to reestablish the original family that was lost through the Fall of Adam and Eve.

When seeking after the lost original family, you should set out from the position of the perfected Adam, the position of the perfected Jesus, and the position representing the perfected Second Coming of the Lord. God will dwell in such a family. That family would be one of three generations -- grandparents, parents and children -- living in harmony. Parents and children live in service and attendance to the

grandparents as the historical root of the ancestors.

The family sets the pattern for living together in harmony. The family wherein parents and children love and respect each other, husband and wife are grounded in mutual trust and love, and brothers and sisters trust and rely on each other, and all live together as one, is the model ideal family. This means that you need to establish a true family wherein the stem of true love emerges from the root of true love and bears the fruit of true love.

Such a true family is the root of history and the root of the kingdom of heaven, because it is from such a family that the kingdom of heaven on earth takes root. It is also where the everlasting root of kingship is firmly planted. The roots of the past, present and future are represented in the grandparents, parents and grandchildren, respectively. The root of the past represents the spirit world; the root of the present is the palace representing the world today; and the root of the future establishes the grandsons and granddaughters as princes and princesses. Through such a family we erect the palace of peace, representing the harmony of the two worlds, the spirit world and the physical world.

In this manner, the three generations of grandparents, parents, and grandchildren live together as one family, serving the eternally existent God. You have to know that to seek after and establish such a family of Cheon Il Guk, God's kingdom, is the responsibility of tribal messiahs, the mission of the ambassadors for peace, and the desire of God.

You must form families that God will miss and yearn to return to after He has been away. You have to raise families to which He can come freely as a parent visiting His children. This is what it means to live in service to God. Within such a family, God becomes the subject partner of our conscience, acting vertically. Following that vertical subject partner, our mind stands in the position of subject partner to our body and brings the two into unity. That is where parental love, conjugal love, children's love, and siblings' love -- the four realms of love or the four realms of heart -- are perfected. Only in such a family can the upper and lower, front and back, left and right be connected as one, in a circular flow of energy. This leads to God's everlasting, model ideal families and nations, and to His peace kingdom.

The age of the eternal, ideal kingdom of peace

Ladies and gentlemen! Why do we get married? It is to restore the position of an owner. A man or woman alone can be only one half of the whole. That is how God created us. For that reason, He has interchanged the owners of the reproductive organs, the love organs. The owner of the wife's reproductive organ is the husband, and the owner of the husband's is the wife. Only when each is rooted in love for the other can they stand in the position of the owner of their spouse. We marry to secure this position of the owner.

Then what are we trying to achieve by restoring the position of the owner? It is to fulfill and embody God's love from that position. God is the subject of the three great loves. As the owner of the universe, He is the teacher, owner and parent of true love. This is the original three great subject partners system of thought. All such teachings and truths are created based on the life of true, model families and once they expand, the society, nation, world, and even heaven and earth can be transformed into the peace kingdom of the model ideal family.
