What the teacher emphasized was to establish tradition. You have to build a tradition of the Word. Unification churches in Korea, Unification churches in Japan, Unification churches in the United States, etc. All must establish a unified tradition in learning the Word. In other words, we must establish a unified tradition centering on the Word as a way of thinking and lifestyle based on principles.

Until now, each has established its own tradition, but from now on, we must establish a unified tradition in Korea, Japan, and the world. This point was also emphasized when traveling abroad. Is to establish a world-class tradition of the Word.

Second, we must have a personality that can be united with the Word. In other words, the Word is that you must not be broken up as you are.

There are three major judgments in the judgment of the end. The first is a judgment on the Word, the second is a character judgment, and the third is a judgment on heart. This is the absolute standard.

It is the fall that man fails to stand in harmony with the word of God. We should have established a tradition by absolutely neglecting the word not to eat. However, because they failed to do so and fell, we

must establish a tradition that enables those who are walking on the path of restoration to become one with the one word of truth that will appear in the end. Such a tradition is established in heaven, but it is not a tradition for those who live on earth. If this tradition is not established, there is a possibility that the Unification Church will be divided into numerous denominations like the existing churches. In other words, how to establish a unified tradition centering on the Word is an absolute problem.

### **The standard of human nature**

According to the Word, we must not be separated from our own. It means that you must become a person who can grow yourself with the Word as the center, that is, you must become one with the Word of God. However, what you know is the Word that is related to Satan, and that the system of thought that you are seeking and thinking right now does not deviate from the position related to Satan. All the elements of the Satanic world are human-centered, so they cannot escape from the sphere of corruption. So, you have to innovate everything with a new word.

But can you just take it with you in harmony with the conventional words? It can never be. The conventional word must be completely broken and liquidated. Even the satanic ideas, beliefs, and habits that have been held in the satanic world must be wiped out. Therefore, we must establish a tradition centering on the word of absolute standards.

You should also come into contact with the standards of the teacher's heart when setting up the Word. Even if you learn the Word, it is for believing in the standard that you learned with the Word as the center, not perfect. Traditional standards are hidden behind those words, so you need to learn them. That is why we have to build a more tradition of the Word.

Next, you need character. Personality here refers to a person who can subdue Satan, and it means perfection of individuality.

Then, what is the standard of individuality completion that the Unification Church members say? Just because you have spent several years as a Unification Church doesn't mean that your individuality is complete. That criterion is the criterion that can subdue the unacceptable Satan of the billions, who has suffered God for 6,000 years and has caused God to suffer. That is the standard of human nature, created by God and not corrupted.

Who is Satan? This is the archangel. The archangel was a servant of God, and he was a serpent twisting the son and daughter of God. His father's servant is also his son's servant. However, that servant became an enemy and became Satan who brought accusation conditions before God.

Therefore, it is necessary to subdue Satan with a natural personality, and to subdue it, it cannot be done with force alone, so we must subdue it with the Word. Satan's test of Jesus was also done with the Word. Therefore, you must be able to confront Satan with the Word as the center, present all the facts of historical crimes from the motive of Satan's being Satan, from the public standpoint, and become the prosecutor's position to criticize Satan. Such a person is the one who truly subdues Satan.

Satan has dragged all fallen humans to hell, putting them in court before God. Of course, although humans have sin, Satan, who knows God's will well from its motive, has played a leading role in separating humans from God. We need to know that we are in a position to subdue this Satan.

It is the fall that man inherited God's authority and lost his original rights as sons and daughters, who had to dominate Satan. Therefore, in order for a man to go beyond his fallen standards, he must restore his natural rights. In order to do that, we must set up God as the judge, who judges injustice, centering on the law of heaven and earth and the public law of God. Therefore, we must qualify as a prosecutor who can bring Satan before God and expose all his iniquity to make a sentence. Only then will you become a person who can stand before God.

## Qualifications to become sons and daughters of God

Religion must be in harmony with God's will and enter the world that God wills. In other words, you must fall within the direct authority of God. In order for you to fall within the direct control of God, you must completely end your relationship with Satan and be in a position of eternal separation from Satan. Only then, under direct control of God, you will be able to subdue Satan.

The Unification Church members must subdue Satan and establish a tradition that can take control of Satan. To do that, you need to know Satan well. Behind the 6,000 years of human history, we need to know clearly what kind of sin Satan committed before God. Only then is Satan bowing his head, certifying it, and submitting to the Word.

If there is a murder robber in the world, he can live in a certain amount of hiding in any environment, in any world. Even if you think you have done something wrong with your conscience, you can still continue your life. However, if even *Samcheokdongja* (三尺童子: The analogy of a young, ignorant person) detects the crime and tells the robber that he has seen you have committed a crime, he will draw his head in front of him. Likewise, when you know the truth of all Satan's sins and appear with the authority to accuse or accuse him, Satan will yield.

In order for you to qualify to subdue Satan, you must go beyond the fallen position of Adam and Eve with the archangel, centering on God. Even Adam and Eve did not know that it was a fall before.

Then what should I do when I go out there? First, you must have God. In order to receive God, we must cut off all ties in the world. To quit, you have to quit with a loving heart. We must deny all social conditions. It must be completely denied. All religions are lined with self-denial. In other words, the right way arises from self-denial. The greater the religion, the more denial of history and reality, not just certain parts.

Christianity even denied the Old Testament before Jesus. That is why, in the course of history, we shed the blood of martyrdom and fought, but it has evolved until now. Why? This is because God wants the standard of human character to be in harmony with God's absolute love and to be united with God and His Word.

There is only one way for the Unification Church to go. You must make God's Word completely yours. You must learn the contents of all those words as mine. Thus, if you have a personality that is consistent with the Word, you become a son and a daughter of God. You cannot command a servant without being a son and daughter of God.

Although the archangel, who is the slave's position, has fallen and became Satan, the principle of heavenly rivalry never tolerates denying where he is. Therefore, the positions of the sons and daughters of God are higher than those of Adam and Eve. In other words, it is a higher position than Adam and Eve before the Fall. In other words, if you give a command to the archangel, it is a place where you must say yes and obey, a place where you can sing the glory as a child of God, and a place where you can receive God's greatest love.

Therefore, what the Unification Church insists is not just to believe and go to heaven. You have to solve these problems before going to Heaven. In other words, your personality must be able to subdue Satan. There must be a conviction that Satan can be subdued, not within limited circumstances, but anywhere in heaven and earth, in the spirit and in the physical world.
