The fact that you are the descendants of fallen man, whose heart is separated from God's heart, is unacceptable to God. Thus, it is out of the question that you can make up your own human-centered theory and speak about some self-centered reciprocal standard, etc..

What we are taught in the Divine Principle is the realm of the heart. This standard of heart goes beyond any standards set by your ancestors in the fallen realm. Therefore, after knowing and understanding the standard, if anyone commits a fallen act, he would be even more dreadful than Satan who tempted human ancestors at the top of growth stage. Even Satan will curse him. Then how can you find salvation? You must understand that you must go this fearful and final course.

If you violate this path, you are directly responsible for adding to the dominion of fallen love, in the presence of True Parents and Heavenly Father. The fall of our ancestors took place at a time before the new history, under True Parents and Heavenly Father, had begun. But to fall now when we are beyond the limited understanding of past history is far more serious; therefore, if you do so, you are worse than Satan. I'm sure this is the first time you have understood this issue clearly.

Although I fulfilled this responsibility, if you violate Heavenly Law, it is a dreadful thing that will burden tens of generations of your descendants. If any of you who understood and asserted the heart of the Principle concerning the fall get romantically involved on your own accord and have children, who can take responsibility for you breaking the standard of the Principle? Even God does not take this responsibility. In the Old Testament, they killed those who committed the sin of fornication and adultery by stoning them. Is there anything we can do for those who are worse than that?
