Father! In light of this world level holy wedding ceremony, we are making a new beginning to achieve the extensive and great Will that You have allowed and hoped for, and we pray that You will take charge of everything. Until now, in the course of history, there has never been the union of a man and a woman centered on You. We all know that it is because of Your hidden good works and Your meritorious hard work that such a thing, which has never happened until now, could be accomplished in the Unification Church.

When we think that the course of history up to the present existed in order to find one man, we come to understand that the ability to open the doors of a new history centered on families and the Unification ideology has been the blessing of Heaven. We sincerely appreciate the grace of being given this amazing blessing by virtue of Your efforts amid hardship, Father. Now please allow each of us to offer all we have before You.

When we think about marriage, we can't help but be reminded that it is an issue directly linked with the Fall of Adam and Eve. When we who were born with the blood lineage of the fallen parents think about the amazing event called the Blessing, centered on our Father, we sincerely offer our gratitude for Your grace. Being as we are, we should know for a fact that we must become men and women who can first be offered substantially before You as sacrifices that are centered on true goodness.

However, we come to realize that we are people who can't reach that position as individuals. We know that we can't stand in that position as fallen descendants. Nevertheless, since we now have the name of children through our relationship with the True Parents, please lead us, Father. We earnestly hope and desire that You allow us to clearly understand that such grace comes only in the place where our work begins through a relationship with the True Parents.

Now every man and woman here has offered him or herself completely before You, Father. Please keep them as Yours forever. Please grant them authority and please allow them to become good ancestors by becoming good examples in establishing the order of Your love in Satan's world. Father, please take charge of this special workshop, which was begun after we made a promise before You and were entrusted with this great enterprise. We have set this period of nine days until next Tuesday as a special period and we dedicate it to You, Father. Therefore please do not let anything that takes place during this period be in any way contrary to Your law.

Father, we must fulfill our mission by uniting our minds and bodies and at the same time achieving oneness with You. We earnestly hope and pray that You allow these people to know that they may participate in this gathering only after having proven themselves as true children through a relationship with True Parents centered on You, and after having attained solid conviction. At this moment, as we start out on the date we have set, we sincerely hope that You will bestow Your boundless grace on this hour. Moreover, since we know that our responsibility and that of the headquarters are important in carrying out this work, Father, please supervise and watch over everything we do as we make all the necessary preparations.

Please grant that the final decisions of goodness be appropriate to Your Will. We hope and pray that You guide us so everything can bring about beneficial results. Please establish Your children on the public foundation that is separated from all private connections. By so doing, we sincerely hope and pray that You allow this hour to be one in which we can examine ourselves and dedicate ourselves so we can remain forevermore as public figures. Please grant that we may cherish the amazing grace of this Blessing that has been realized together with Heaven so we can become good ancestors to our descendants and future generations for thousands of years to come. Accordingly, we earnestly ask and desire that You help us do so, and not let us become pitiful children who lose the standard of good ancestors.

Please have personal dominion over all that takes place from now on. There are almost four hundred people gathered here. Please decide the fate of each one of them with Your own hands. We sincerely request and hope that You allow us to accept the one, ideal object partner each of us can respond to, then join our hearts and work as one to fulfill our mission and achieve Your Will. We humbly bow before You and ask that You may protect us with the heavenly forces and angels especially guarding this environment so we can make this period a time of joy for You and bring it to a successful conclusion. Therefore, Father, please take charge of us, have dominion over us, protect us and look upon us with compassion. Placing everything here in Your hands, I offer this prayer in the name of the True Parents. Aju!
