Man is born from a man and a seed of life entering a woman. So, where should this path of transformation go and make that intersection? It is a woman's belly. History has been a history that sets the conditions for returning to that place, that is, to the origin.

Then, when a baby is conceived in a woman's clothing, there must be a man there and a state spirit must be formed. However, when you think of a complete return, the baby's seed hidden in the man's bones starts. In other words, it is necessary to establish the condition that we have become one with the love of God as the center, up to the standards of the seed of the baby in the man's blood and flesh. Without going through that process, the conditions for the expectation of a full lineage transition cannot be met.

In this way, religion is, 'Humans must not be born again. That rebirth (重生) should be ' should be a religion with the contents . Like the question and answer of Nicodemus and Jesus, you cannot go to heaven without being born again.

So, where are you going to start the foundation for reviving? For example, if you think that you will be born again just because you believed in Jesus at the age of 30, it is a big mistake. The place of occurrence

of psychological content does not begin at the age of 30 . If you don't set the conditions for inheriting the feeling that you've reached it, you won't be able to start and start again .

To switch to a blood enemy of Adam's bone marrow , go to the center of *golyuk*, it must give to those who *eda* be a baby in the future to meet the winning conditions for the unity of God's love .

I have to miss Jesus

Until now, Christians believe in Jesus as Lord. I think that Jesus is the source of all love, and I have a heart to want to go into it. We are going to become one soon. However, you must enter the point of thirsty longing to become one with Jesus .

If Jesus is sad, then oneself becomes sad, and if Jesus is happy, we must rejoice together . Otherwise, it has nothing to do with Jesus .

So, what does it mean to believe in Jesus? As a man, Jesus is the original, uncorrupted Adam. That is, he is a spiritual father. If we do not become one with Jesus, there will be no resurrection. That is why the Christian faith can be seen as a compassionate faith that thirsts for Jesus . We must receive Jesus as the bridegroom and affection until we reach that marrow .

The first reason for teaching Jesus as a bridegroom is that we must enter the bones of Jesus. And it is the bride's position to get the expectation of passing through the mother's clothing.

Everyone must go back to the same position as the seed in Adam. The Holy Ghost is the perfect female deity. The role of the Holy Ghost is to help you return to Adam. That is why all Christians must return to the same position as the seed of their child in Jesus' body.

How many Christians have this kind of faith? Does anyone in your dreams think so? Only those who believe in Jesus unconditionally will go to heaven. However, if you think that you are going to heaven just because you believe it with your mouth, it is a big mistake. You must go into the bones of Jesus for complete restoration .

However, there is nothing other than love to be one with Jesus . It is neither truth nor justice. Because there is life, we need love ahead of time. Love has also jumped *neomeulsu* history , is that it does not receive the reign of distance and space.
