Beloved Father, we have learned through the Principle that the restoration of the four position foundation is what You have been searching for. Beloved Father, we have come to realize that a four position foundation is formed when that which was divided from a single, complete origin is once again united. We know through the Principle that the world of the ideal of creation that the Father envisioned can never be achieved through any other means if our efforts deviate from the realm of the four position foundation. When asked what the completion of the purpose of creation desired by the Father is, we say it is the perfection of the four position foundation.

Father, we now understand that only when the husband and wife are together in oneness can their sons and daughters become one. The Unification family has been entrusted with the mission to fulfill the responsibility that can be offered to You with devotion. Therefore, Father, please bestow Your love upon the people of this group. Dear Father, the families of the Unification movement must become families You can trust. Father, the reason You surmounted the path of tribulation over thousands of years was to bring forth these families and find Your decisive partner who could bring victory to the family. When we think about this, we are truly grateful to You for enabling us to welcome an age when all the families of the Unification movement today can be mobilized.

We clearly understand that only after the family surmounts the course of indemnity can the tribes be organized in the heaven and earth of freedom in which You can take delight. Father, we have to now find our place by ourselves and become a divine group of people that can remain eternally Your people. At

this moment, when Satan's world and the heavenly world are in the midst of a decisive battle, I sincerely pray and hope that in this three year period, we, as Your sons and daughters, can fulfill the way of devotion for the sake of victory, pay indemnity in Satan's world and go beyond this world with honor.

We joyfully welcome this time when we are able to conclude an era, a time that brings value and meaning to our lives, whether we are awake, asleep or in any other situation. Countless patriots and martyrs have died while hopefully awaiting this time. We know that their greatest regret was to have died without being able to fight for the nation and the world in accordance with God's Will. Thus, allow us to become sons and daughters who know how to be deeply grateful for having become a family that stands in a position of potentially being blessed more than anybody else and having become a family bound for victory.

Your beloved children who are fighting on the front line should be thinking only of You, Father, and must be willing to dedicate everything solely for Your sake. The reason they leave behind their husbands and children, take responsibility for the front line and pioneer a path each day is because they seek to accomplish Your Will. Thus, Father, You must without fail be with them in those places. They should understand that offering their dutiful love to You has even greater value than witnessing.

Father, as they go on the path toward the enemy world on behalf of humankind and the people of this nation, please grant that they may become divine daughters who know how to establish and sever ties. Due to the bitter sorrow of six thousand years, women had to endure a shameful history in which they could not find their authority. Father, I sincerely pray and hope that during this period of time You can allow them to realize that You will return to them the privileged authority that will allow them to rise above this history and welcome the day of victory.

Father, in the year 1971, please freely reveal to us all that is on Your mind. At this moment, please open the hearts of the people so they may establish Your Will and bring You joy. Please lead the group of people who are bound to this place. I sincerely pray and request Your permission to bestow upon them the authority of envoys so they may become a group that will surely glorify You in the divine era.

We should be aware of the fact that countless spirits in the spirit world recognize the importance of the current time and are anxiously gazing upon it. I sincerely pray and request that You allow these people to become sons and daughters who make great effort and invest their entire being in offering devotion and manifesting their own precious value, giving thanks to You, even if it means forgetting about themselves completely. May they manifest all expressions of loyalty within a limited period of time in the present day.

Father! Bless this day and shower Your blessings upon Your numerous children who celebrate this day. May all manner of blessings be evenly shared. On this day we are in the position of owner and have pledged once again to offer all manner of devotion to Your Will, so we are not ashamed in front of our Parent. Thus, Father, I sincerely pray that You embrace us. Furthermore, I sincerely hope and pray that You will allow this hour to be one when we pledge to become one in heart and in purpose with Your daughters, to command heaven and earth, substantiate their devotion before the people and the world, and leap forward after having paid indemnity.

Beloved Father, I pray that, in addition to this three year course, You may be with us for eternity and the glory of victory may spread throughout the 1970s, for all eternity. I sincerely pray that You may quickly bring the day of liberation for all people in the spirit world and on the earth. All this I pray in the sacred name of the True Parents. Aju!
