

Father Speaks

Belvedere (after CAUSA Conference)

June 2, 1983

Give your comments of the CAUSA Conference. Reiner Vincenz, Phil McCracken, Ms. Gray, Paul Werner, Doris Orme.

People who think we don't need the IOWC raise your hands. People who think we don't need the Korean Regional Directors raise your hands. The Korean Leaders will give Father's heart and Tradition. Lorman Lykes said the Korean leaders give him new insight into Father. In short you need them. From an intimate association with them you will learn a lot. They have served Father for 30 years: 1/4 of their human life. This is such a different situation than 30 years ago. You don't know the past. Spiritually speaking the Korean Leaders will deal with you in Father's place.

In the past Korea and USA had little relationship spiritually. What is the Korean Historical character. Peaceful, loving, moral, ethical, They love God. They have been invaded 931 times. Korea has contributed to the Chinese Culture. Ghengis Khan could not conquer Korea. Korean people are God-loving and feel chosen. Father came out of Korea. Father has filled the gap of no relationship with USA since he has been here 10 years. Korea is honored and vindicated now. Father is bringing unity. You are from the west, you united with Father, so now you have the connection to Korea and the past. The west does not welcome Father. The spirit World of America feels shame. You do not know Father's fight. Father would like to teach you directly but the providential time is over. You must graft to the Unification Church tree to get to the root of tradition. The root of the tree is God. Father and the 36 couples are the trunk. You are the branches. The west did not receive Father, so you are not in the position to receive original truth. The first western blessing was 43 couples. That was in 1969. Before that there was no connection between the western world and Father. You must go down to the ground and be grafted. Unification Church Blessing comes when Father, His family, or older Blessed Couples connect with you. This is a new era so Father invited Korean Leaders to America. They are a stage for you to receive the blessing. You can connect through the elder couple to Father. That is the channel. Obey their order. All the gaps must be filled. If you can not connect you can not be in the Kingdom of Heaven. You must belong to a tribe. In this crucial 3-year period Koreans will be in charge in all areas. You need Father's tradition. Have unity with Koreans and you will have the blessing. You children will not be blessed with 36 couples children. Is that permanent? Ordinarily impossible to break down barriers. The Korean leaders may want it. In that case your children will marry their children. Where do we find that blessing. Only by the grace of God.

There is a providential reason for the Korean Leaders. It is to consummate the relationship between east and west. Anyone who spoke unkindly of them is no good. You can not take them lightly. They must share with you their heart so that the two cultures are

providential reason for the Korean

If you are against them, your ancestors are against them. Korean leaders will find their future son-in-law and daughter-in-law in the western families. From the world of heart the Korean leaders have a Ph.D.

Some westerners want to have their own truck of the tree. They want to cut from the trunk and begin again. But you need your base. After unity with the Koreans, then unity with Japanese and Europeans will be easy. We will all march to caanan. We are on the pinnacle of the hill. To say as we approach the hill that we don't need the older members means you are dragging everyone down. Without Koreans you would suffer. From Dr. Durst on down, everyone must know that they are your ancestors. They should speak well of you to Father and you should reciprocate by being grateful to them. Father does not want to abandon the Christian Heritage.

Koreans will be heads of society in 10 years. Father wants to give economic power to the chosen people. That is the American People. Father suffers to give the blessing of the Chosen people to you. All American members and early missionaries were critical of Father. Father had to go by himself and contract Alice Tully Hall for his first public speech in America. People asked why do you spend so much money on the Science Confernce. Do you want to inherit Father's tradition, You can not until you are a son or daughter. Father never complained if God pretended to forget about Him. Do you complain about that. If you don't have the same obedience that Father had, you can not get the same Blessing. Father didnt speak about the failure of the early members at that time. But now you have to get away from that early failure, that stain. You ancestors destiny depends on you. You have a physical body, you can be children of the True Parents.

All Blessed couples should want an older Blessed couple to come and live with them so they can serve them. Your ancestors will revere you. Father and Mother's life time is short. They will go to the spirit world. We will go to the spirit world. The last Blessed Couple on earth that were directly blessed by True Parents will be an Emperor and Empress. Among Fathers children, the one to live the longest on earth will be special. When you see from Spirit World how people respect people who got Father's Blessing directly you will know the value of the Blessing. Don't be ashamed of the Blessing. Rethink your attitude. This is not a so-what place.

Father changed the state leaders so that when the Korean Leader came to their region they would not say, I have been here three years, I know more than you. The Japanese women went out first. Father wanted to see how the American Women reacted.

This is the only chance to show your repentance. All un-mobilized people must come. No exception. Before 100 days are over. Kick out all women. Father wants you to participate. Inherit all. Dr. Durst has reported that the media is changing its attitude about Father. The media has been saying terrible things, but Father didn't hear it, he was in Korea. This is a different time now. We must witness.

Koreans are not so handsome. They are semi-black people. But still you wish that your child could marry their child. Make that diplomacy in these three years. Now is the only chance. The tradition is to be obedient to the ancestors. I am serving my parents--True Parents. There is a tradition that we will receive the inheritance by being obedient. There is no way to receive this except through True Parents. Dan Fefferman. Did you hear Father clearly. You are Jewish. Father has a special interest in you. Dr. Bergman is Jewish too. You value tradition. Just like Fiddler on the Roof. Have the same spirit for Heavenly Tradition. Paul Werner is German. He is so stubborn. He should come under Father more. He is not a typical obedient German. Paul doesn't know how to serve elders. Paul do you have something special going with Mr. Masters. Paul doesn't respect tradition. If you don't listen to Father this time you will be miserable. Just believe Father. Be simple. This Family Tree you can not disregard.

The Blessing comes in 3 stages. First is the Church Blessing. The Blessing is confirmed on the National Level. It is reaffirmed on the World Level. Even the 36 couples will go through this. During this period elder blessed couples have to be disciplined especially about their children. After the third blessing you are registered in the Kingdom of Heaven. Adam and Eve's Blessing would have been a Universal Blessing right away. You too must have the Universal Blessing. At the end of three years the 36 couples and their children will do fund-raising and witnessing. That will contribute to the ultimate registration in the Kingdom of Heaven.

Dan Fefferman what is your relationship with Mr. Ang. What is the reason. Dan: There are two reasons. One is Mr. Ang wants me to witness covertly and the other reason is that Mr. Ang doesn't want the state director to participate in activities with the IOWC. (Father spoke to Mr. Ang in Korean). Father said #1. Father does not allow covert operation. Don't try to hide. Say listen to my testimony. Rev. Moon is my messiah. The world Messiah? Wait and see. In this country we have religious freedom. If I want to have this chocolate chip as my messiah I am free to do so. Say to people I am the worst kind of moonie, I am a core Moonie.

Korean Leaders should not stay in one state. Be mobile. Mr. Choi will be responsible for the all over direction of the IOWC. He will install national policy after clearing it with Father. We are in the wilderness. We do not want 12 traditions. We want one.

This does not excuse Dan Fefferman. Dan should have won Mr. Ang's heart. Dan: I felt I was in a position damned if I did and damned if I didn't. Father would have my neck no matter what. Father said, I have no use for your neck. I want your work. Rev. Ang is the oldest D.P. teacher. This is the first and last chance to work with 36 couples. Pledge it will not happen again. Dan: I fought with Tiger Park in the beginning of Carp and we resolved our differences even though it was difficult in the beginning. (Father said maybe that is why he died). Dan: I pledge this report will not come to you again. And I hope Mr. Ang lives 200 years.

This is the time to make a Korean Connection. Learn Korean. Father looked back and thought what if the Divine Principle is not true. But after he examined it many times, the conclusion was always that it was true. If it was not true Father would not make people suffer so much. Father would not make people suffer for a maybe idea.

You will be able to move the USA. That time is not far away. Korean leaders should do a good job. You don't see Father often. Korea now has student demonstration. That country is not easy to run. The leader must unite with Father. Reagan must unite with Father. Promise that you will unite with the Korean Leaders. Do it quickly. We will make 50 mobile teams. At that time State Director will be in charge over all. 10 commanders chosen now from these states : Utah, Kentucky, Puerto Rico, New Hampshire, Delaware, Arizona, Minn. Louisiana, Montana, West Virginia. The State leaders who have become Mobile Commanders will be replaced by seminarians who are in Ocean Church and Carp. Ocean Church and Carp positions will be replaced by new graduates from the seminary.

10 more members will go to the original 10 IOWC teams. those teams will then have 60 members. Each of those teams will divide in half and send 30 members with the new IOWC commanders chosen today. Give two of the 4 vans to the new IOWC.

Regional Directors are all over in charge. All who are eligible for the IOWC will absolutely be mobilized. Regardless of mission. (Rev. Song asked how we will know who is eligible). Father said he gave that mission to Mr. Choi. Mr. Choi can be nasty because he is short.

The seminary graduates will take a front line roll. We will chose 30 more candidates from the State Directors for IOWC commandership. Other Europeans will come at that time.

Reiner Vincenz reported on how the IOWC has changed since 1972.

Alice Boutte' reported on the progress of her IOWC team. She is in her second city .

Mr. Seuk reported on CARP activities and rallies.

Father: All state leaders will be graded by accomplishment. We will create a reporting form. People will report to Belvedere. NO more airy reports.
