On September 27, True Parents proclaimed the Ceremony for Providential Unification and Transition at the Hannam-dong official resident in Seoul

On September 27, during the Olympic game in Seoul was held, True Parents proclaimed the Ceremony for Providential Unification and Transition on the basis to make one the Cain world and the Able world. Because of this proclamation, True Parents can stand on the position.

The Cold War which was begun through the 1950's Korean War, was finished by the athletes of the Olympic game.

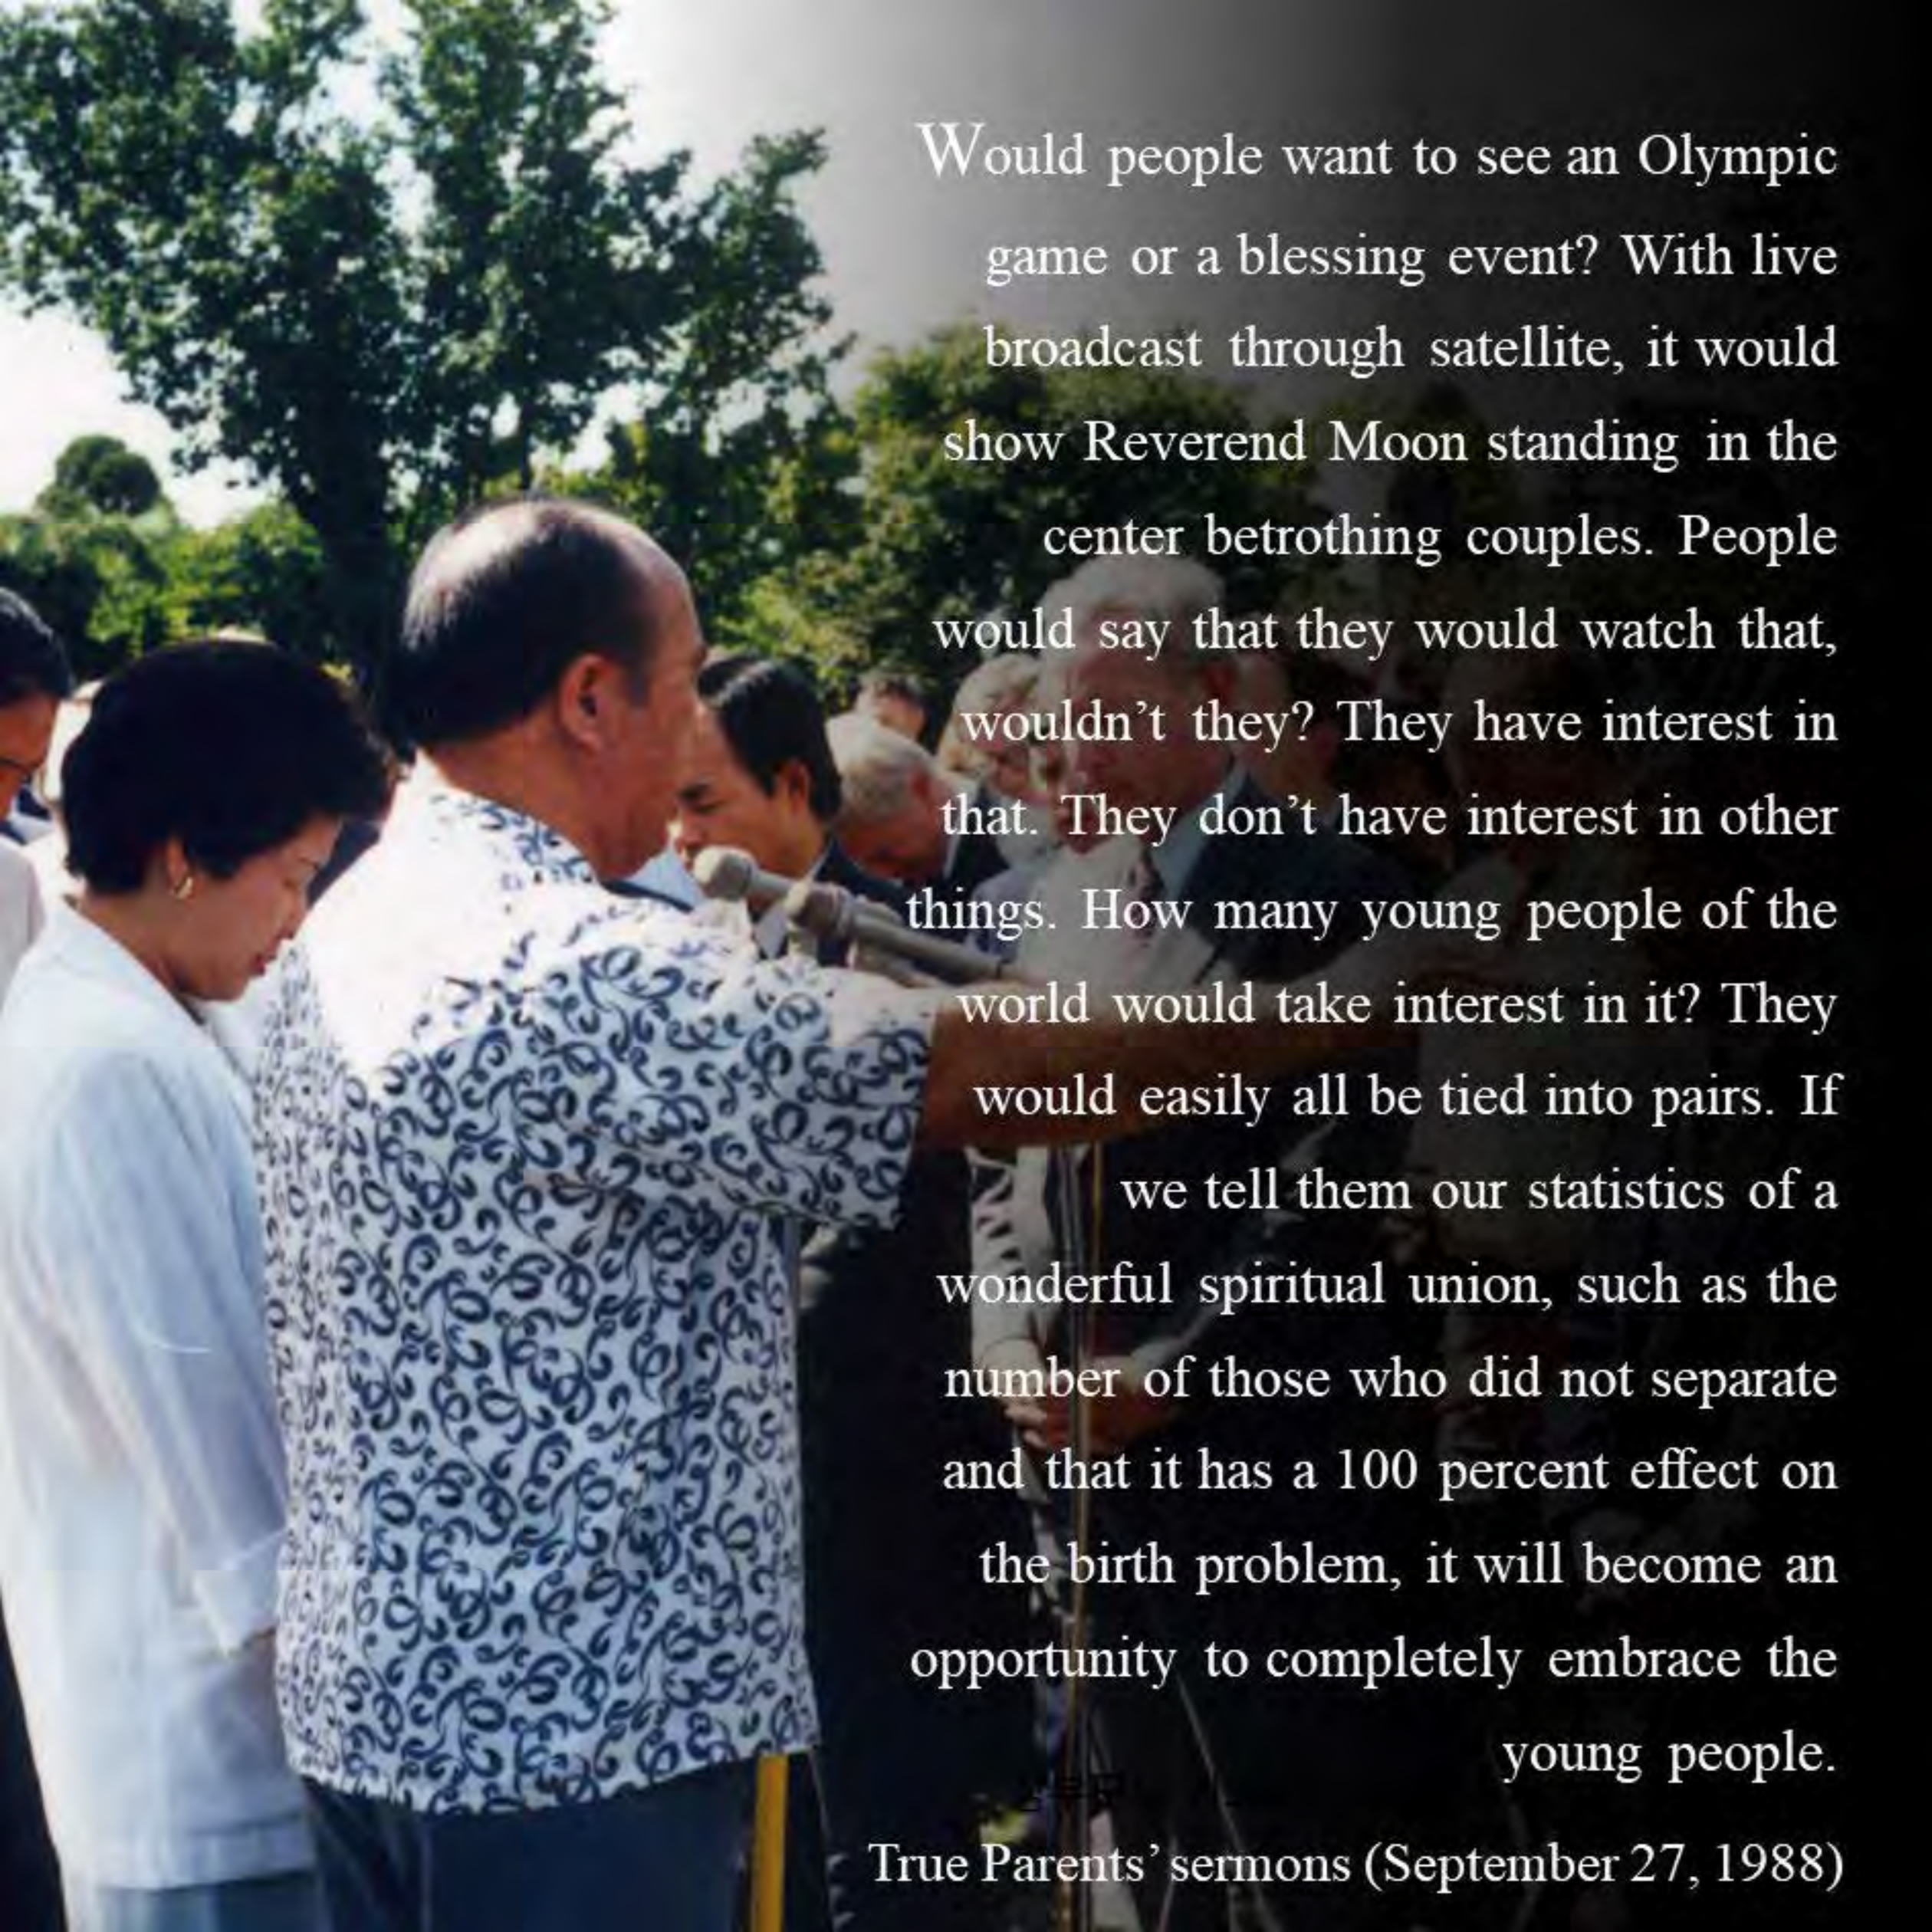

At that time, True parents gave the presents for the 120 nations' missionaries a total of 10 billion and this missionaries resonated to make their nations' embassies one.

T rue Parents mentioned that the young people should be one through the cultural events such as the sports festivals and the blessing wedding. This can be only on the Ceremony for Providential Unification and Transition.

True Parents expects the effect from the nations' unification. Following this, True Parents proclaimed the world culture and sports festival.

A photograph showing a man in a white shirt with a blue floral pattern speaking at a podium. He is holding a microphone. To his left, a woman in a white shirt is looking down. In the background, there are other people and green trees under a bright sky. The text is overlaid on the right side of the image.

Would people want to see an Olympic game or a blessing event? With live broadcast through satellite, it would show Reverend Moon standing in the center betrothing couples. People would say that they would watch that, wouldn't they? They have interest in that. They don't have interest in other things. How many young people of the world would take interest in it? They would easily all be tied into pairs. If we tell them our statistics of a wonderful spiritual union, such as the number of those who did not separate and that it has a 100 percent effect on the birth problem, it will become an opportunity to completely embrace the young people.
