Why did God create? His purpose in creation was to have His living children on earth. If you leave such children behind on earth, you can stand in the same position as God when you go before Him in the spirit world. This indeed is the meaning of the biblical passage, "Be fruitful, multiply, and fill the earth." What are you trying to leave behind? (146-223, 1986.7.1)

What have you done since you joined the Unification Church? This is a serious question. Now that you are past the age of fifty, how many years have you worked for the Unification Church? How many people have you witnessed to? How many did you witness to in a year? This is a serious matter. When you go to the spirit world, your realm of ownership will be set according to how many people you have brought to God's Kingdom. They will be your eternal fortune. The time has come to inquire into these things. The time will surely come when millions of people will be witnessed to in a day. The Unification Church has tremendous substance. Look at the world. How many people are restlessly wandering around half-crazy, agonizing over whether to live or die, questioning life, and committing suicide? (218-227, 1991.8.19)

Once a person goes into the spirit world, the bigger his bosom of love is, the more people will line up to enter it. This person will be respected in the spirit world. If thousands and tens of thousands of people

surround this person, saying, "Oh, I would like to live with this person," he will be wealthy and will have much more territory. Therefore, while on earth, when you reach the gates of someone's house you should not just pass by without paying a visit. A person who has nurtured many hearts with love cannot simply pass by, but instead is compelled to stop. This person becomes the model standard for human character in the spirit world. The realm within which this person relates based on love will become the realm of his ownership in the next world. (205-347, 1990.10.2)

There is nothing peculiar about wealthy people in the next world. Those who invested greatly for love are rich. In Seoul, there are twelve million people waiting to receive blessings from you. What would stop you from associating with them? You have to visit them, saying that you will pray for them to receive blessings. (205-347, 1990.10.2)

When you go to the spirit world in the future, you will not be going there with money. You do not go there in the name of the Unification Church either. Even your position as a regional director does not matter. What you should do from now on is to see how many sons and daughters loved by God you can create before you go there. (230-25, 1992.4.15)

If you create many sons and daughters whom God can love in the satanic world, this accomplishment connects with your ancestors and opens the way to liberate them. This is the greatest gift you can receive in the course of restoration. Do you understand what I am telling you? It is a gift. (230-25, 1992.4.15)

Just eating, living, and raising sons and daughters does not count for much once you are in the spirit world. We have to find the people of the Kingdom of Heaven. They will come into your possession in that kingdom.

We quickly have to assimilate 6.5 billion people of this world. If we can do this, all the spirits in the spirit world will be restored through returning resurrection. (230-25, 1992.4.15)

Do not spend your months and years aimlessly. You can leave behind a foundation to be proud of before your descendants only after you have given birth to and raised up children of God during your younger years. Likewise, only when those children become great people can you be proud before history. You need results that can remain in the historical record and tradition. (230-27, 1992.4.15)
