On October 4, 1976

True Parents proclaimed the day of victory of  
heaven at Belvedere, NY.

The day of victory and heaven has the important meaning that Jesus indemnify the 2000's history on the foundation of the succeed the Madison Square Garden rally, the Yankee Stadium Rally, and the Washington Monument rally

In the early 1970s, it was the time to avoid the unification movement worldwide. On the newspaper, there were the negative articles for the unification movement. Furthermore, Korean and Japanese governments clamped down on the unification movement.

Even though all nations do not accept the unification movement, True Parents completed the Madison Square Garden rally and the Yankee Stadium Rally. Because of this foundation, the Washington Monument rally was successfully finished with 300 thousand attendees.

**T** rue Parents mention that this result can be the proclamation at the world history of spiritual and physical world that Jesus goes back to Rome.

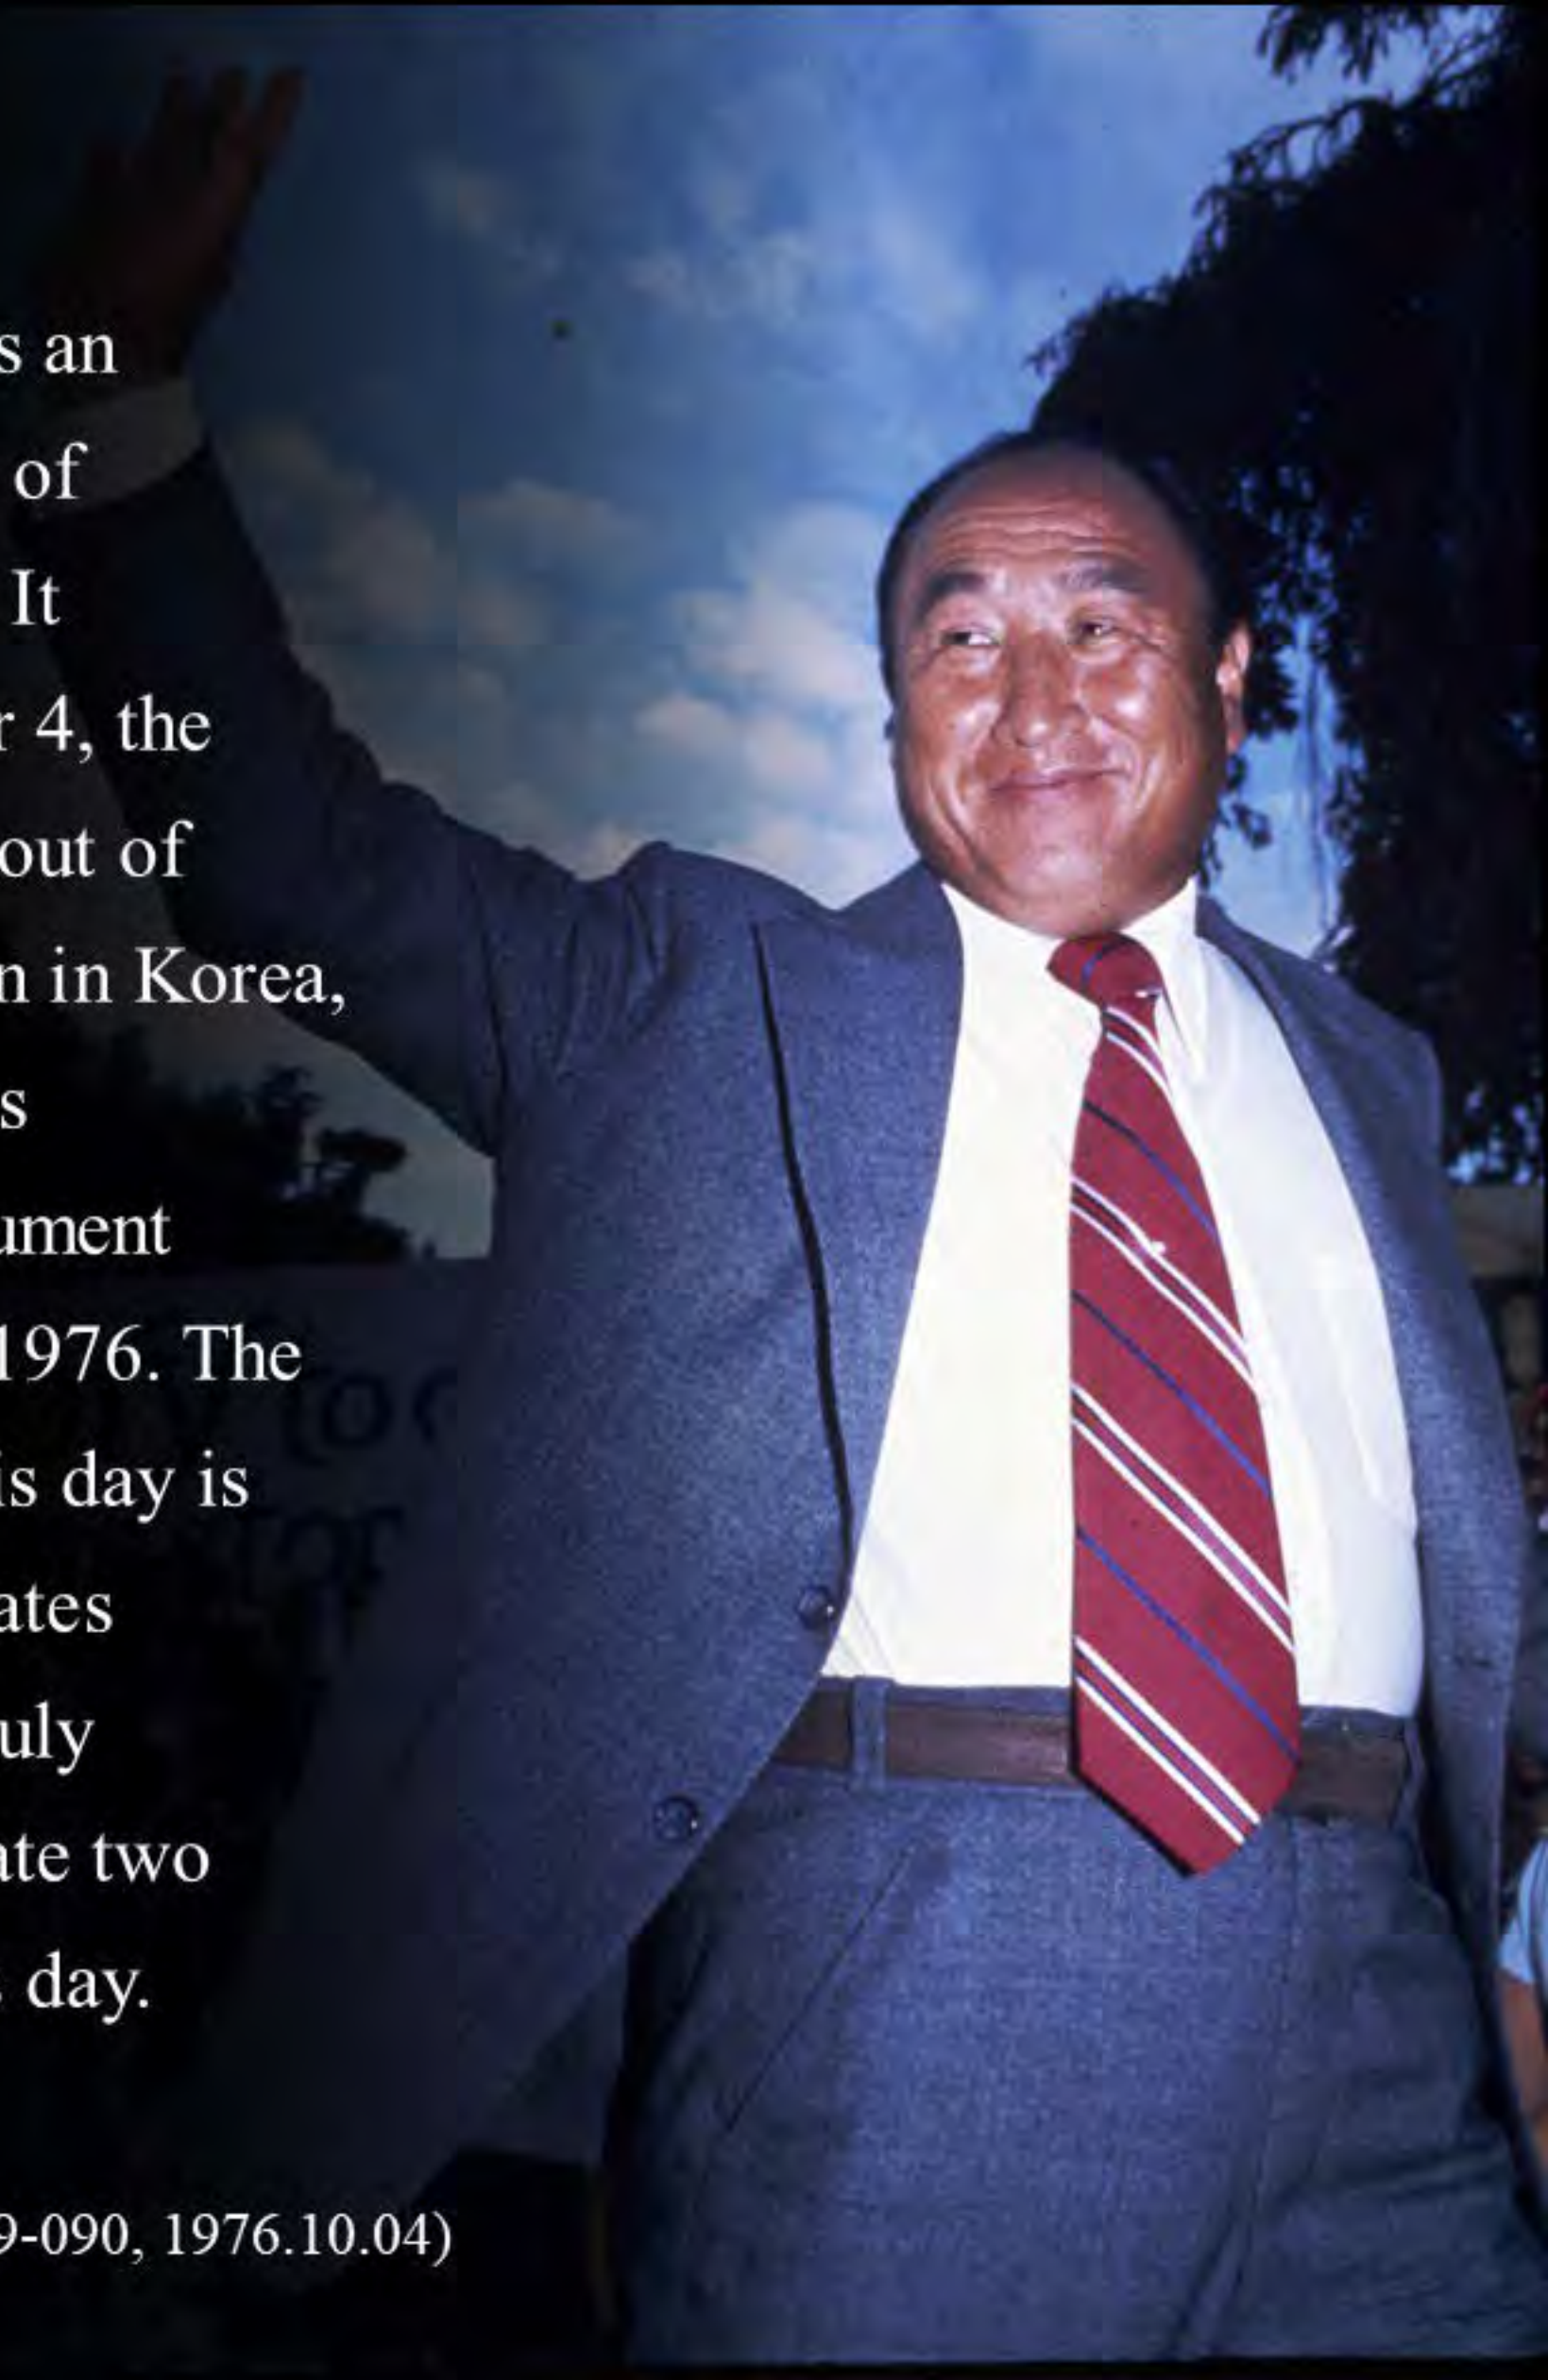

After the Day of Victory of Heaven proclamation, the communism problem is one problem should be overcome. That's why True Parents held the Moscow Rally and through this rally, democracy and communism make into one.

“

October 4, 1976 is an unforgettable day of liberation for me. It combines October 4, the day when I came out of Seodaemun Prison in Korea, with the victorious Washington Monument Rally in the year 1976. The significance of this day is that it commemorates liberation; I am truly grateful to celebrate two liberations on this day.

True Parents words (089-090, 1976.10.04)

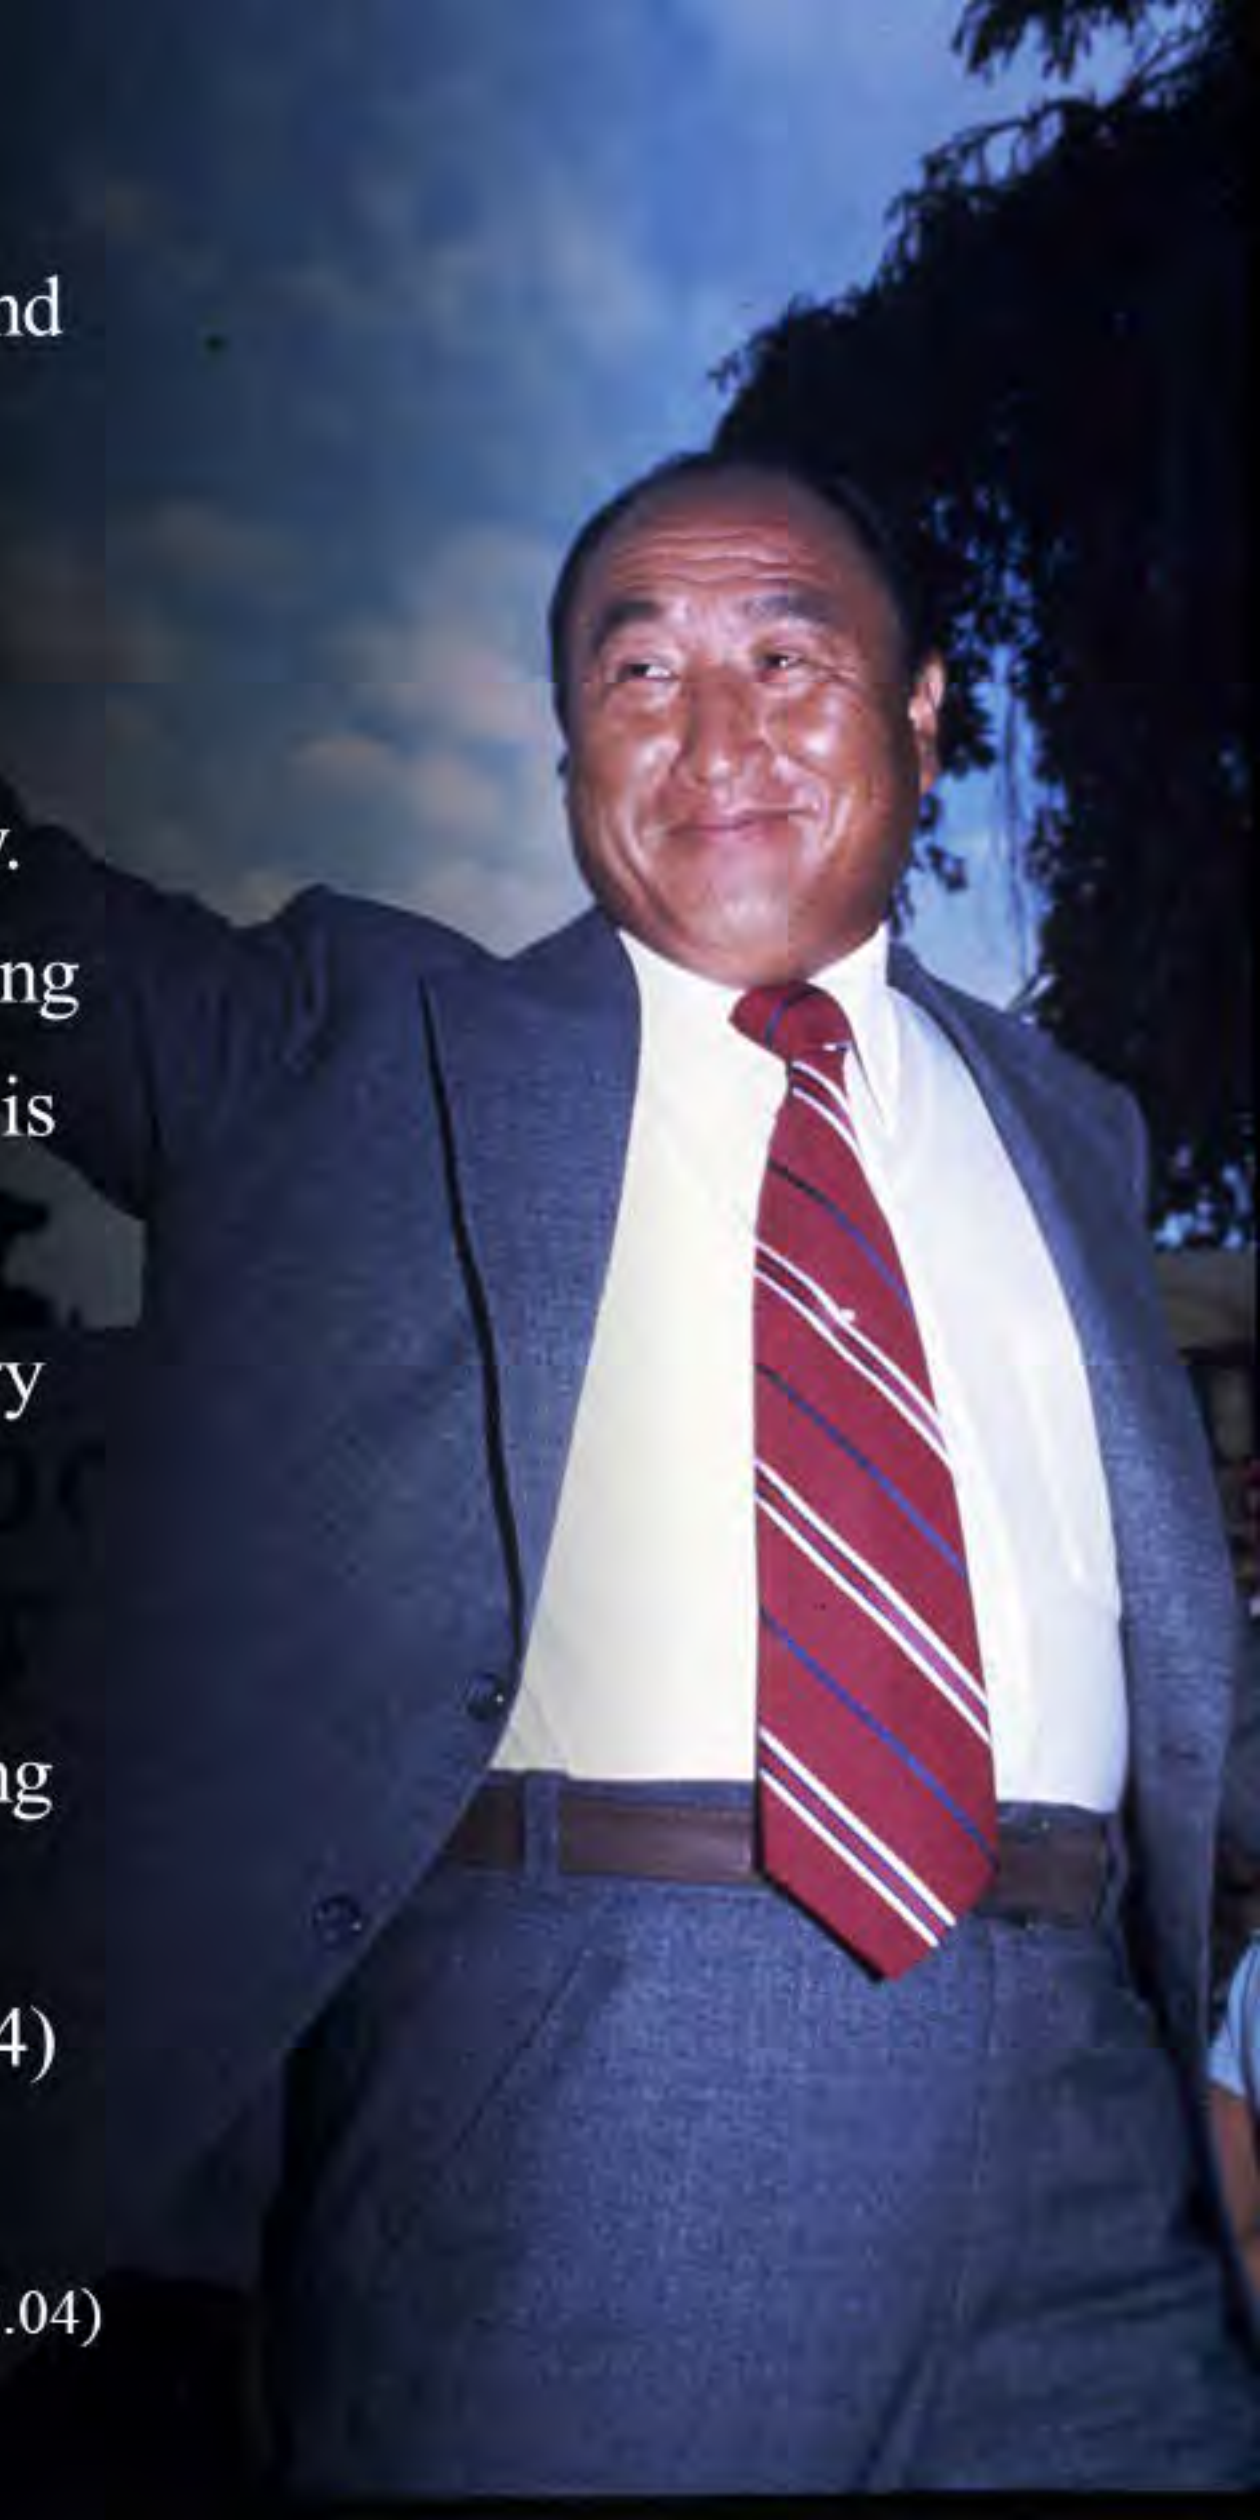

First, I am grateful to God, and next, I am grateful to you.

Today is a day on which we celebrate the victory of the Washington Monument Rally.

Being a day with great meaning and heavenly significance, it is a memorial day we must observe throughout the history of the Unification Church. I established it as the Day of Victory of Heaven, celebrating the momentous victory of heaven. (089-090, 1976.10.04)
