

Freedom from the portion of responsibility

Restoration through indemnity exists to create a realm where you are free from having to fulfill the portion of responsibility. It exists to restore the original environment where you are free from having to fulfill your portion of responsibility. This is logical. I am also wrapped up in this responsibility. That is why I receive worldwide opposition. I receive persecution and an attack on the world level. By undergoing this worldwide persecution, I can separate myself from Satan on the world level.

...

Restoration through indemnity cannot be avoided. Why do we have to go the course of restoration through indemnity? Why do we need to separate from Satan? It is because we need to fulfill the original portion of responsibility and build the foundation for a free environment. Then, Satan cannot accuse us and we will come to stand upon a base where Satan cannot have any relationship with us. That is why restoration through indemnity and fulfilling our portion of responsibility cannot be avoided, logically speaking. That is why we must separate from Satan. Thus, we must have the thinking that even if we are going without meals we will have no relationship with the satanic world. That is the dividing point, the borderline.

...

The way of restoration through indemnity is the way of separation from Satan. Why should we be separated from Satan? In order to find the realm of the portion of responsibility. Originally, Satan does not exist in the realm of the portion of responsibility. That is the realm of Adam's portion of responsibility. The original standard is that the realm of Adam's portion of responsibility cannot be invaded by Satan. We need to instill that clear notion into people's minds. We must go this path in any case. We must complete our portion of responsibility and be grafted onto God's love. If we want to graft onto God's love, we must separate from Satan. We must be completely separated from everything related to Satan.

...

I have been in and out of prison several times, in both North and South Korea. You must know this. Why must we accomplish restoration through indemnity? Why should we be separated from Satan? The reason we should separate from Satan is in order to make free the realm of the portion of responsibility. Did Satan interfere with the life of Adam and Eve before the Fall? You cannot enter the Kingdom of Heaven if Satan has interfered with your life.

Where are you standing now? Your conscience knows where you are. You cannot deceive it. It knows where you are going.

...

Where does the Kingdom of Heaven expand from? It does not expand just from the point of separating from Satan. It expands from the realm of the fulfillment of human responsibility. That is to say, through Adam and Eve having fulfilled their portion of responsibility, the realms of direct and indirect dominion and the love of the heavenly realm and the love of the earthly realm connect for the first time. This is in accordance with the Principle. This has not been established so far because Satan is obstructing it. It is Satan who blocks the way of the love of God.

...

Restoration through indemnity is inevitable. Why should we accomplish restoration through indemnity? Why should we separate from Satan? It is because we need the foundation of a free environment where we can naturally fulfill our original portion of responsibility. It is because we need to hold onto a place where Satan cannot accuse us or be connected with us in any way. Thus, logically, we must inevitably meet the standard of restoration through indemnity and fulfill our portion of responsibility. That is why you must separate from Satan. That is why you must have the thinking not to be related to the satanic world, even if you have to starve. That is the divide. This is the borderline.

...

After fulfilling their full portion of responsibility the True Parents must harmonize the realms of heart in the realms of indirect and direct dominion. To build the Kingdom of Heaven a base that can unify the heavenly world and the earthly world must emerge. That is the ideal of creation. Otherwise the kingdom cannot come.

...

Because we do not understand restoration through indemnity we cannot resolve human history. If we could review all of history we would see that those who were evil inevitably faced ruin based on the principle of cause and effect. However, we have not known why all these things came to pass. Furthermore, we have not known why the ideal of humanity has not been fulfilled. The love of God must be manifested but we did not know where and how that would be. This ideal will not materialize from the mind of a scholar. It will appear from the bone marrow of the original parents. Thus, that the history of the True Parents has begun means that a foundation has been established upon which the origin of the heavenly kingdom can be connected to this earth. Without going through the True Parents, the Kingdom of Heaven cannot emerge.
