

Revelation in Folk Songs -- "Moon, Oh Moon, you bright Moon"

If True Parents symbolize masculinity and femininity with the highest authority of God, the authority of their sons and daughters should be at least as high as their shadow. You should not seek to come into the Unification Church maintaining the old habits and greed acquired in the satanic world.

Our church is different from the established churches. It is a place where we wage a battle of life and death, building an altar of love and preparing the arrows of love. We do not go to the Heavenly Kingdom to be judged by God above. No, He is here and judges our lives every day. Attending God together with me, we share in God's pain and in His joy in our daily lives. Because of this we have not come to ruin or perished in the turbulent ups and downs of this age of tribulation.

Can God die? No, He lives! Today, having achieved global victory, I have returned to this nation. Our nation is divided and I must reunite it. While we build a unified nation you must also establish your own nation, people, tribe and family. It is simple now for Unification Church members, because your Parents have completed the entire indemnity mission.

Everything will be finished once you know the real God, the real True Parents, the real, true husband and wife, and real, true sons and daughters. You have to go out, fight and win because you want to know these sons and daughters, these husbands and wives. You must love them. When you love them and liberate your brothers and sisters, the twelve apostles, and 120 disciples on the satanic side, then you can love your own sons and daughters, and bring them to live with you forever.

"Moon, Oh Moon, you bright Moon, Moon loved by the poet Lee Tae-baek! Oh Moon, on you grows a laurel tree. I want to chop it down with a jade axe and trim the branches with a gold axe to build a thatched cottage. I want to bring my parents and live with them there for thousands of years" are the words of a song through which the Korean people can receive the mantle of the chosen people. It is a song the chosen people can sing.

This song is a prayer that sings praise for eternity. Its meaning is living with and attending one's parents for thousands of years. Where? In a thatched cottage. Do you know what a thatched cottage is? You have to start at the bottom. Without serving your parents in a thatched cottage you cannot find the royal parents. You have to begin serving them in a thatched cottage. Organize a tribe and then a people from the tribe. Only when we have organized a people can right of kingship be established.

We have to find a nation. Already, in the world and among the nations, I am carrying a victory sign and standing in the vertical position. Since I am in the vertical position I cannot go to the side. The vertical position on the level of the individual, family, tribe, people, nation, world and cosmos centered on me are aligned in oneness with God as the center.
