Hi, Welcome to our new video series, 'Peace Starts with Me'

I'm Tyler Hendricks

I want to talk this week about True Mother's first major public address. True Mother's first message. It was on April 10, 1992 at the Seoul Olympic Stadium.

Dr. Hak Ja Han Moon gave the keynote address launching the Women's Federation for World Peace. She called all women to understand their noble role ordained by God, and that a road will be opened for us to build an ideal world. She drove home God's Message to women on the world stage. She began by testifying to True Father and to His countless sleepless nights spent praying for the unification of our homeland and to the great sacrifices He has made for God's Providence exemplified by our recent meetings in North Korea. The visit there, made at the risk of Their Lives was to give and give and give again unconditionally to testify to the commandments of Heaven; so that, the leaders of that society could realize that unification is possible only by means of the fortune of Heaven together with God's True Love.

She (True Mother) then took a stand in history. She declared the teachings of Rev. Moon that all women today need to understand. She went right to the key issue. The human reproductive organs, temples of true love, true life and true lineage, by which husband and wife are intended to join together in virtue. From there, She pointed to the cause of the disease, the origin of the Fall. She declared that someone must clearly explain the fundamental truths concerning the sin committed by our first ancestors. All the details about the Fall. This someone is our True Father, the restored and perfect Adam. This knowledge will allow us to make a fundamental change in direction, to be grafted onto the true olive trees, God and True Parents. This fact, She said, is the final purpose of God's Providence.

True Mother then outlined the period of restoration through indemnity that prepared for the Advent of True Parents. She did not focus on Cain and Able, but rather on the change of Blood Lineage based on the actions of women. This was the first time this teaching was proclaimed to the general public to a crowd of 100,000--including women from all over the world. It was an exposition of essential and revolutionary work of women in God's Providence. True Mother was the One Who made it visible to history.

Thank you for listening. Talk to you next time.
