The American Clergy Leadership Conference (ACLC) hosted a Prayer Breakfast on March 16 at the Los Angeles Family Church. Approximately 100 people were in attendance, including a handful of brand new guests.

Several dynamic speakers, including President of Family Federation for a Heavenly USA Rev. Demian Dunkley, Western Subregional Director Rev. Larry Krishnek, and President of Universal Peace Federation Dr. Michael Jenkins talked about the amazing outreach efforts and the welcoming of True Mother to the City of Refuge church. Dr. Jenkins called Kodan members up to the stage and testified to their determination in reaching out to churches throughout Los Angeles. He then called the Collegiate Association for the Research of Principles (CARP) students to come on stage to testify the power of young people in moving the hearts of the Christian pastors.

Dr. Luonne Rouse, National Co-Chairman ACLC, gave the keynote address on the Culture of the Heart, which had the entire congregation on their feet! One participant said, "We are running now, really running."
