

## UPF USA: After the Biden-Xi Summit Webinar: Tomorrow!

Michael Jenkins  
November 28, 2022

You are invited to join us for our weekly webinar series on the Reunification of the Korean Peninsula every Tuesday at 2 PM New York Time. This week's session is hosted by UPF's International Association for Peace and Economic Develop (IAED) on the topic of:

The U.S. is the dominant world superpower with the largest economy. China pursues its sense of “manifest destiny,” seeing opportunity everywhere, projecting confidence to run the table on manufacturing and trade, semiconductors, weaponry, the South China Sea and Taiwan. Outcomes remain unpredictable, but many have a strong feeling, whether hopeful or foreboding, that the direction of US-China relations will shape the world over the horizon. Join **Robert Manning**, Distinguished Senior Fellow at the Stimson Center's Reimagining U.S. Grand Strategy Project, along with **Clark Packard**, Research Fellow for Trade Policy at the Cato Institute, and **Guy Taylor**, senior international reporter and National

Security Team Leader at The Washington Times as they examine the issues.

The Livestream will begin at 2 PM Eastern Time.
