How It Works

MatchNet Connect is a 6-week program that consists of three elements:

1. Weekly Webinars

We will meet every Wednesday at 8:30 PM (EST) to hear a presentation from an experienced Matching & Blessing educator. The content will help you have clarity and confidence moving forward in your Matching Process

or preparation for the Blessing through informative, helpful, and motivational presentations.

If you cannot join us on Wednesdays at 8:30 PM (EST), you should still register! We will organize sessions at other times during the week to watch the recording and discuss.

2. Weekly Connection

An important part of this program is the connection and discussions with other Singles or Parents in a group setting (depending on who you are). We will have separate discussions every week just for participants just like you.

For singles, the focus of the discussions is primarily to get to know each other as brothers and sisters in a group setting. If you decide to pursue a Matching Process, that is a possibility too, as long as your Matching Team is on the same page.

For parents, this is a great opportunity to connect and learn from other like-minded parents who are in the same situation as you.

Trained Matching Supporters will also be ready to answer questions and provide additional support to you.

3. Daily Readings

The daily readings will be designed to help you create a habit of educating and preparing you and your family for the Blessing. Content of the readings will include God's words, the value of the Blessing, and the Matching Process.

The daily readings are critical to helping your family get on the same page (literally!).
