

Gianni Raineri Will Be Running the Communications Office at LG HQ Update

Matthew Huish

July 8, 2017

A big thanks and appreciation to David Schroder for serving as communications officer for the FFWPU community.

Gianni Raineri is assuming the role and will be updating this website with news and information about our community events and activities.

Gianni joined the HSAUWC as a teenager during Yankee Stadium, and with his wife Chikako, recently celebrated their 35th 2075 couple blessing anniversary.

He's worked as photo journalist and in audio visual production (before the internet) and taught digital multimedia and computing technology at university for over twenty years.

Please welcome Gianni and send him your questions and announcements to include onto this website.
