HOW RELIGIONS CAN HEAL DIVISIONS AND RESOLVE CONFLICT

The world is embroiled in conflicts that are racial, political, gender-based, climate, religious, economic, and nationalist in nature - dividing individuals, groups, and nations along a multitude of lines. What do our religions say can be done to resolve these divisions and conflicts? How do their teachings and the practical actions they inspire help heal divisions between individuals and populations? What are some real-world examples?

Special Donation for the Cheon Won Gung

This year, our National Leader, Rev. Demian Dunkley, has asked and challenged our American members to once more consider making an offering towards the opening of the Cheon Il Sanctum next year. We have a national goal to raise \$10 million, all of which will be needed to complete the project before the opening ceremony. So we ask once again for each family to consider making a donation, a contribution, towards this cosmic event - A home for our Heavenly Parent, and the Central office that will guide the Kingdom of Heaven on Earth. The suggested donation is \$16,800 per family (21 units), with the different level of donations highlighted below. Awards of recognition will be given out on a later date to recognize donors.

Las Vegas Goal (\$500,000) - Current (\$33,642)
