Dear Brothers and Sisters,

Our dear elder sister, Mrs. Mall Sook Lee is (one of the 36 couples) Friday just moved into the Chesapeake Hospice Center as she's preparing to go to the spiritual world. Her adult children and family are with her. She's 85 and has been sick for a while.

If you would like to visit to just look in on her, to pray a moment and or to support her children as they prepare to say good bye, its a nice gesture and welcome. Mrs. Lee's "providential stature" as a venerated 36 couple is of course, very special.

Mrs. Lee has been living here in recent years nearby looked after by her mid-50's age 2nd Gen daughter Yesook and son, Jin. They are both blessed themselves.

Please feel free to go by and stop in say a little prayer visit, see and support Mrs. Lee who is currently unconscious and is not expected to regain consciousness before passing to the spiritual world in the next day two or so.

She is currently at the Chesapeake Hospice Center at 90 Richie Highway, Pasadena MD. Its a very nice facility, peaceful, nicely designed with a very kind and nice staff. She is in room 13.

You can just go by anytime. They are 24 hours open, but before 9 pm is best. Yesook and her brother Jin will be there in continuous rotation. You don't need to call her ahead of time but if you want to, call Yesook.

Dr. Yesook is a music and arts teacher and she and her blessed husband live in the Annapolis area.

Thanks!
