Beloved blessed family members from around the world, today, I wish for all of you to make a resolution to wholeheartedly attend Heavenly Parent and True Parents of Heaven, Earth, and Humankind who brought this providential spring to you, with your deep loyalty and filial piety. The providential spring. Spring, as the beginning of a new year, is the season that farmers are very busy and working hard in order to have a hopeful harvest in the future. The Cheon Il Guk's blessed family members, who have welcomed this providential spring, must fulfill your responsibilities through three ages. You must take responsibility towards realizing the world and the day that the Creator, Heavenly Parent originally intended through the past, the present, and the future, with no relation to the fall. In this responsibility, each blessed family must fulfill responsibility of the heavenly tribal messiahship. Those who have fulfilled the tribal messiahship, have a heavenly decree to become one and take on a national messiahship and then a global messiahship. Until today, Heavenly Parent gave us this providential spring time, He has longed for it with such patience. As the object partners of gratitude and praise in front of this endless love of our Heavenly Parent, I wish for all the blessed families that are gathered here and also those who are watching this live broadcast around the world, to make a resolution in this time to be blessed families of a filial son/daughters, patriots, and saints, to unite and pledge to certainly achieve the Heavenly Parent's dream during the time when True Parents, True Mother is alive.
