Taiwan National leader Rev. Tzau-Hwei Lee is eager to heavenly tribal messiah activity and held a Blessing Ceremony in, Hsinchu County, Taiwan on June 10, 2018. The blessing ceremony was fully supported by the Township mayor Mr. Xu Maozhen. Township mayor couple and many staff of the township office participated in the blessing ceremony, especially 6 couples from one female Section Manager's tribe attended the blessing ceremony. A total of 46 couples received blessing of marriage from True Parents at this event.

This event was very successful. The follow-up plan will go to the local other communities to hold the blessing ceremony. In particular, a local blessing family was very active for heavenly tribal messiah activities, we can promote follow-up links and education through her. In addition, the county secretary, Mr. Yang Wenzheng who is preparing for the election of the County mayor also sent a representative to participate in the entire process and said that he can cooperate with us to hold the blessing event in the future. Therefore, it has great potential to build Xinfeng Township into a model city!
