

Let's be grateful to Chung Pyung Works, with its history of True Parents' blood, sweat and tears

Now is the age of True Parents' direct dominion, meaning we are in the completion stage. True Father entered the spirit world on 7.17 by the heavenly calendar, 2012, and reorganized everything there. The spirit world has been rebuilt centering on True Father.

Two weeks ago, the Heavenly Japan Hyojeong offering Purification Ceremony for the Inheritance of Heavenly Fortune (July 8, 2018) was held in Obihiro, Hokkaido. Amazing heavenly works then took place in Yamaguchi (July 11) and Okinawa (July 16). The Japanese participants experienced powerful spiritual works that have evolved to new levels.

True Mother has said that Chung Pyung Works (CPW) are spreading more strongly because they are centered on the substantial Holy Spirit. If we become one with True Mother, we can experience amazing miracles and heavenly works.

True Mother put the word hyojeong (a filial heart for Heaven) in front of CPW. On Mar. 18, 2017, the Chung Pyung 2-day workshop was retitled the Hyojeong Chung Pyung 2-day workshop. This term is meant to encourage gratitude and a filial heart for Heavenly Parent and True Parents, for the grace of CPW.

True Parents built the foundation of the Chung Pyung Heaven and Earth Training Center with their blood,

sweat, tears and sincere devotion. These grounds are playing an important role for the providential salvation of Heavenly Parent. On the foundation of True Parents' blood, sweat and tears and the victory of Satan's natural surrender, the grace of ancestor liberation and blessing is being carried out today.

Why do we have to do the Ancestor Liberation Ceremony and the Ancestor Blessing Ceremony? The first reason is to expunge the sins and evils our ancestors committed that have been passed down from generation to generation.

The second reason is to accomplish our mission as heavenly tribal messiahs (HTMs), which can be viewed from internal and external perspectives. There are also the vertical providential and horizontal providential perspectives of heavenly tribal messiahship. The standards for the internal and vertical providence are ancestor liberation (AL) and the ancestor blessing (AB) up to 430 generations. The external and horizontal mission of the HTMs is to bless 430 couples. We need to complete the AL and ABs as part of the HTM movement for the providence of restoration. The spirit world and the physical world must be working together.

The third purpose of the AL and the AB is for the happiness of our future generations. By achieving this we can make sure that our future generations live healthy lives, inheriting heavenly blessings and heavenly fortune. Our ancestors lived on earth in the past, and today we live through their lineage. Viewing the past, present, and future from the aspect of time periods, there are hundreds, thousands, and tens of thousands of years apart. In terms of Heavenly Parent's providential standard, these time differences are all connected.

Please give a round of applause to the True Parents of Heaven, Earth and Humankind, for allowing us to receive the grace of blessing our ancestors up to 322 generations, and for the spiritual and physical world blessing. Thank you.
