The recent Great Works, August, 2018, officiated by True Father in the spiritual world and True Mother on the earth, was held seven times with chanyang, in truth and spirit.

Many participants were deeply moved in their bodies as they felt revived by the substantial Holy Spirit.

Throughout the chanyang, white clad members from around the world confessed that they could not live a life of hyojeong as children of Heavenly Parent and True Parents.

The appearance of the members shouting, "True Parents, Mansei!" reminded us that a huge wave of providence is moving toward the era of divine spirit and truth governed by True Mother, the substantial Holy Spirit.
