On March 9 and 10, the first Hyojeong CheonBo DR Congo Special Event was held in Kinshasa, the capital city of DR Congo, with 1,800 participants. Many participants experienced spiritual works while doing chanyang and formed a deep connection with the spirit world and the CheonBo Providence.

At the end of the Ancestor Blessing Ceremony, Pres. Bakari Kamara, who was officiating, had an amazing spiritual experience. He heard his ancestors whispering to him, "You are the only hope that we can be saved." Another participant J. shared his testimony: "I was sleeping at the church on the first day of the event. An ancestor woke me up by shaking my body and said, "Why are you sleeping here? You should enjoy this amazing festival, singing and dancing." I couldn't sleep very well that night because my ancestor kept waking me up. I realized that the Ancestor Liberation Ceremony and Ancestor Blessing Ceremony would be regarded as the festival, so I should be joyful during this two-day event.
