May 12, 2019

On the third day of the Great Works, after the last chanyang session in the evening, all the participants offered a prayer of gratitude in unison and offered a round of applause to Heavenly Parent. President Gi-seong Lee gave a message, saying: "This Great Works was a period where you could feel the love of Heavenly Parent with all your heart and saw them with your eyes. You should become filial daughters and filial sons who always live with Heavenly Parent's love."

After President Gi-seong Lee's benediction prayer, the Prayer of Gratitude for Victory of the Great Works was finalized with Cheers of Eog Mansei. We could see many members around the world full of happiness and gratitude after they spiritually received amazing grace.
