The wife of the UPF Asia Vice Chair Dr. Lek Thaveetermsakul shared her testimony: "I heard the loud sound of a drum and chanyang coming from the workshop hall continuously until 3:40 a.m. I thought the chanyang team was working so hard and rehearsing continuously late into the night. N.M., who was the staff of the Thailand Event, shared a testimony: "Just before the opening ceremony started, I went inside the prayer room to offer a Hyojeong Offering Paper. Just before I started to pray, I looked at the portraits of True Parents, Hyo-jin nim, Heung-jin nim and Daemo nim and said in my mind, "Good Morning." I started to close my eyes and begin my prayer to Heavenly Parent. Suddenly I saw True Father standing in front of me and reaching out with two hands to receive my Hyojeong Offering Paper. When I saw it, I could not pray anymore, and, I just cried and cried. After a while, I gathered my wits together and told True Father that I need to offer jeongseong (devotional acts) necessary to liberate and bless my ancestors and my husband's ancestor up to 430 generations. I gave my Hyojeong Offering Paper to True Father then I opened my eyes."

In the presence of a large number of Taiwan religious leaders, Rev. R said, "When I placed the Hyojeong Offering Paper in the offering box, I felt the hair on my neck stand up, and goose bumps throughout my body. I kept crying. When I prayed, my whole body got hot and I felt I had been wrapped up in something. I was so grateful to God for healing my hardened heart. From now on I will repent for being dependent on my limited human strength and I want to approach God very humbly. I pray that I can have more love towards God and people."

Through this, the Heavenly USA movement became totally reborn and is working with dedication to heaven centering on True Parents.

G.F. who participated in the Las Vegas Event shared a testimony: "During the chanyang. I felt joy flowing through me and the chanyang time went by quickly. I woke up in early morning on Monday and couldn't go back to sleep. I felt something urging me "Don't go back to sleep, prepare for the chanyang." Later, I thought maybe it was my ancestors who were excited about the upcoming liberation later that morning.

When I filled out the Hyojeong Offering Papers, I realized that the meaning of the Hyojeong Offering Papers is not simply asking for spiritual help but in making a deeper commitment in heart and in prayer to doing all I can to fulfill the very things I asked for on the Hyojeong Offering Papers."

C.P. also shared a testimony: As I had flown back home from being in Las Vegas and from helping with the event, I was extremely exhausted from lack of sleep. All of a sudden I saw spiritually something that looked like black ink coming out of my head. He was followed by other true children, including Hyo-jin nim, and later True Parents entered. They watched us all removing evil spirits. Even during the Purification Ceremony, True Parents were there, and I could see a huge number of absolute good spirits standing in line to attend them. True Parents gave a message when they left the hall, saying, "Women should work hard in the Completed Testament Age, the age of the heifer." When I saw True Father mobilizing the spirit world to participate in this event, it was a strong reminder of what we have to do during this time, when Vision 2020 is getting close."

Japanese Region Tour Teams: Hyojeong Substantial Holy Spirit Special Events with the Grace of Heavenly Works

All of these were scheduled as half-day events.

Y, who attended from the Kumamoto District shared a testimony: "I attended with my mother. Because I didn't have enough chances to go to the HJ Heaven and Earth CheonBo Training Center, I prayed hard a day before the event to my deceased father, saying, "Each person at the event will be working hard to remove their own evil spirits, I would like to ask you to help to remove the evil spirits in mom." The next day during the chanyang I found there was nobody sitting in the space next to my mother, and suddenly my father appeared, wearing white clothes, and he occupied the empty spot and they were removing the evil spirits from each other. My prayer yesterday has become a reality, and I am truly grateful."

Anonymous, who attended the North Hiroshima District Special Event, shared a testimony: "While removing my evil spirits I was thinking of True Parents with a grateful heart. Sometime during the chanyang, True Mother suddenly appeared to me, and she appeared very large. I also saw numerous spirits who had been separated flying along with beads of light (absolute good spirits and angels). I was moved to tears when I could feel the deep emotion between parents and child. And I suffered from pain in my limbs for about 15 days, but I determined that when I became healthy, I would walk the way of heaven that is loved by True Parents and Heavenly Parent. During the event my pain was cured so quickly that by the end of the event, I could walk."
