On the first day of Great Works (Aug. 16) from 9:30 a.m. to 12:00 noon, many members who had come from all across the world waited in a long line for admission to the Special Prayer Room. As they reached their turn to enter, they shouted "True Parents!" and prayed out loud at the top of their lungs, so that they could empty themselves and make their determination to attain oneness in heart, oneness in thought, and oneness in body with Heaven.
