Prophet Dr. Paulo M. Bendera, Founder of Revelation Church of Tanzania, who has a large congregation, guided by his closest 280 disciples, stayed at the HJ Book Café guest rooms in the Cheonseong Wanglim Palace from September 25th to 30th, attending various conferences and events in Korea following the schedule of the FFWPU International Headquarters. On the morning of September 26, he viewed a video program on the Hyojeong Cheonwon Holy Ground, which gave him a look at the CheonBo Providence. Following that, he made a pilgrimage to Cheon Jeong Gung Palace, and during the afternoon session, he also made a pilgrimage to CheonBo Won, guided by training center President Gi-seong Lee and Vice President Myong-kwan Lee. After that, he boarded a boat to Nami Island in the company of President Gi-seong Lee, and all the passengers erupted into cheers at the view of Cheonshim Lake stretching out before their eyes. Following these pilgrimages, he visited the HJ Magnolia International Medical Center, Hyojeong Cultural Foundation, and the HJ Global Art Center. We would like to share Prophet Bendera's testimony.

Testimony of Prophet Dr. Paulo M. Bendera (Founder of the Revelation Church of Tanzania)]

"It was a surprising and mind-changing experience to participate in the Cheon Jeong Gung and CheonBo Won pilgrimages. Previously, I had only seen Cheon Jeong Gung Palace in photos, so this was the first time I saw it with my own eyes. I was able to feel what kind of life course True Parents have walked in order to bring us salvation. Through this experience, my faith became stronger, giving me the foundation

to witness to more people. Through the CheonBo Won pilgrimage, I could see the heart of Heavenly Parent at the creation of the universe as well as the painful state of fallen humanity. Though I had read about these things in books, I gained a deeper understanding when I saw them well described in photographs and videos at CheonBo Won.

It was very inspiring to come to understand True Father's revelation from Jesus and how True Father and True Mother were chosen by Heavenly Parent. It would be totally impossible for ordinary people to walk that path, but True Parents have made it all the way. True Parents have always had a humble attitude and have overcome all kinds of hardships and difficulties, including going to the prison several times during their journey to save humankind. And then they were able to completely fulfill their mission.

True Parents' Blessings are not limited to just one family but are for all humankind. When you are blessed, it represents the blessing of all humankind. Through these Blessings they have accomplished much of their missions to save all mankind.

True Parents reach out to bring salvation to all of humankind, transcending race, tribes, and nations. I hope all humankind can unite into one with a heart of hyojeong towards True Parents.

The HJ Heaven and Earth CheonBo Training Center is like heaven. It is only through True Parents that all of humanity can only be restored. Many religious leaders build churches and chapels, but they offer nothing toward the restoration of humankind. However, True Parents are putting great effort into restoring all of humankind. When I go back to Tanzania, I will awaken all the people of Tanzania to revive their shimjeong and let them know about True Parents."
