As a condition for receiving the grace of the CheonBo Holy Wine Ceremony, the members took part in the 4-day workshop of the Hyojeong Festival following a program of jeongseong that included prayers at the Five Trees (Tree of Love, Tree of Heart, Tree of All Things, Tree of Blessing and Tree of Loyalty), a gyeongbae condition of 120 bows, special donations based on the number 13, and writing and submitting their resolutions for new start.

As they offered their prayer jeongseong the trainees kept in mind the meaning of the Five Trees' and wrote new resolutions with their sincere repentance for the past in order to become CheonBo people (heavenly treasures) who are suitable for the era of the firmly established Cheon Il Guk. The fervor of the Unification members who flocked from around the world to the HJ Heaven and Earth CheonBo Training Center continued without ceasing throughout the Hyojeong Festival.
