The Hyojeong CheonBo Thailand 2-day Workshop was held from February 29 to March 1. In total, 80 people attended this event including Heavenly Asia Pacific Branch Training Center President In-cheon Kim and Heavenly Asia Pacific Regional Group Chair Dr. Chung-sik Yong.

Heavenly Asia Pacific Branch Training Center prepared a lot of programs including Chanyang Yeoksa, Hyojeong Offering Ceremony, special lectures, candlelight prayer service, QandA, and sharing goals for the training center.

The overall atmosphere was great. The participants filled the small space sang together, sweating and praising together. Last year, a lecture-oriented event was held for the first time in Chiang Mai, and this time, it became the first event to hold the chanyang session here in Chiang Mai.

Even though most of the students attended the chanyang session for the first time, they were extolling to be spiritually reborn, leaving themselves to the rhythm of chanyang and shaking from side to side. Most of all, the period of prayer in unison was a time to offer their grateful hearts to Heavenly Parent with their tears and loud voice which filled up the space.

President In-cheon Kim talked about what kind of living standards we need for holding on to the spring rain-like heavenly fortune during the providential spring season. Like the course of our human lives, which is being completed through the three stages of growth, he suggested that we focus on every single moment and pool our wisdom so that our life can grow to fulfill our own responsibilities.
