October 24, 2020

The Heavenly Asia Pacific Branch Training Center organized a Hyojeong CheonBo Online Events that was held on October 24 in 12 local centers in 12 countries in the region, including the Philippines, Malaysia, Cambodia, Indonesia, New Zealand, Kazakhstan and the Solomon Islands, with video content streamed from Thailand, where the branch headquarters is located. A total of about 330 people attended, well over the 200 who had pre-registered for the event.

This was the third CheonBo event to be conducted online due to Corona Pandemic, and it provided the opportunity to address various difficulties which had occurred during the first two events. This included improving on the weak volume of the chanyang recording and providing advance notification to participants so they could watch introductory YouTube videos regarding the Ancestor Blessing and Hyojeong Offering Papers in advance.

This program for the event included the following items: Invocation by Nepal Sub-region 2 Director Santosh, a lecture by Heavenly Asia Pacific Branch Training Center President In-cheon Kim (the Grace of Holyjeong Offering Papers), and a special lecture by Philippines Sub-region 1 Leader Julius Malicdem.

As with the previous remotely conducted events, this time as well, many of the participants testified to the immense gratitude they felt at being able to participate in the chanyang session despite the difficult circumstances.
