I hope you're doing well

The 1410th Tianxin Garden is sincere all night

Summary

Today's 180th day since Tenjin-gu Shrine entering the shrine, several churches have participated in a peace prayer meeting for religious freedom in front of the detention centers. All the foods in the country visit their mother's place and thank Tenshin no Seisei for being united. 200 people gathered together in the rain at the detention center today, praying and devoting themselves. After all-night prayers, some people go to the detention center and hold the prayer meeting until 6:00 in the morning. If you are going to bed with the thought of feeling sorry, but you are going to go ahead with the cold wind and work hard, definitely believe that heaven will surprise you.

Tenai Shishinshiko Nobude gave such a noble statement. We must all be completely united on our hearts that move forward with no time to grieve and shed tears now, thinking only providence. Don't be shaken. You must never scatter. If we become one, we live; if we scatter and fall apart, we fall. If Joshua and Caleb all the people of Israel were united, they would not have extended 40 days reconnaissance to 40 years. After this, when they had taken over all things from Moses to Joshua, they were completely united with Caleb and all the leaders of Joshua. For the Scripture says, "They answered Joshua, 'We will do all that you commanded us. Wherever you are sent, we will go. We will obey you, just as we have obeyed Moses. Only may the Lord your God be with you as he was with Moses. Whoever does not obey your commandments and obey your words, he will not live. Only be strong and courageous.'" (Joshua 16-18).

A new history will occur if we are completely united. Heavenly Father and Mother are already on the head of Amaishishoshi, and Heavenly Father and True Mother on Earth are also on the earth. Absolute good spirits such as Noshin-sama, Koshin-sami, and Oma-sama in the heavenly world are together. This is the time when all the blessed spirits in the heavenly world and all the spirits who are enshrined to Holy Mother Han's true mother concentrate on Tenai Shishoshi. Who are we to listen to? We must unite the words centered around the words of Tennaishishi no Mogen (Amenoshishi) that your mother All public officials in this era, that is their first mission. Don't keep your voice raised. And you must fulfill your mother's words.

Today, Chairman of the Shu Long-ten said, "Don't blame anyone else." because of my sins my mother walks in the way of trouble." This is the spirit of Christianity in 2000 years. All Christians are crying and praying for carrying my sins and going the cross instead of blaming Judas Iscariot. This would not have occurred if you had worked harder to devote Tenshinshi Seishin, listened to the voices of heaven and achieved the ideal of love and unity of the gods, and went to achieve the right of release and release of heaven on earth. If you can't experience the duties of your Heavenly Father, who is alive, and you can't feel it, your mother will go through this path of hardship. Now, with our diligence there must be a direct chief of Heaven. Even if the indirect main jurisdictional zone is also the main dictional zone in principle. If there is integrity in the results of principle, heaven directly controls and acts even in the process of returning order. When Noah's Ark was completed, the heavens directed the flood judgment. When the disciples went on the path of martyrdom with all their sincerity, being seen by their sincerities arose the role of summoning the apostle Paul. If our sincerity gathers, Father will be sent. Heavenly Parents serve. While going through the administration, we built up a standard for 70,000 people to pray together tonight. If all the churches here realize the living Heavenly Father and Mother, and unite in absolute faith, the words of Mother will be fulfilled.

As Jonanim also spoke this day, your mother believes, "The devour has become one in the whole world for His will." We must unite and show that our power is gradually growing. Let's gather together to perform the most amazing role of Fall 10/24 at the World Center. Gotta show them we alive. If that happens, the situation can be reversed. If I don't scream, the stones will. The voices of us non-food people are moving so many people in the world that the number of references will exceed hundreds of thousands. The stones of the world will rise up and cry out, and we must use this opportunity to advance to a Divine Unity Korea. You have to see hope. Let us move forward in accordance with Amaishu Shoshi. Next week, more people will be praying Tenshinzai prayer, and there will be a resonant phenomenon that will make you all receive revelation and experience it, and become divine households. Resonance is resonance. If that resonant phenomenon occurs in the mind and body, then there will be an act of surprising miracles. When praising in the main group, if we praise, pray, lift our voices and resonate together, we must have a sense that a cosmic resonance event will arise, and the astonishing entity of the Holy Spirit fire of Tenshinzai can change the destiny of the earth. The 21st century was said to be the age of spirituality. Let it open from here, may this be a night of elation gathering.
