The 1490th Tianxin Garden is all night sincere

Summary

KCLC Co-Chair today spoke about "The Church must pray to God." We prayed without ceasing and got to 1490 times today. Even in front of the detention center, he gave his all sincere faith and said, 'On the night of the hardship of the 131st day, about 40 people from various churches prayed. " and the message came. I applaud those who are guarding and praying in front of jail on our behalf.

In the Shuren-kai (Shuren-kongai), Spirituality-kongai (Moshim-kongai) and Moshimu-kongai, two generations decide to be reborn and walk publicly, but it can be said that the Shureen-kongai is being led by the spirit world At the training session held at the Kanshin-tei, two generations of people who are spiritually opened and talked with Kanshin appears.

A message from Mr. Suzushin

"This is where my mother directly prepared and put my name so I could stay. Welcome all the foodies who came to my house. When a customer comes to your house, the busiest person to welcome you is the owner of the house. As soon as I finish the training at Kushinshinshin, the spiritual training session will begin in February, I am fully prepared to look around the room where the training session will be held and feel your mother's feelings deeply here. I want you to look for your own answers to what is your mother's sympathy, and feel your mother's warm feelings and love by looking at the beautiful nature. This is a beautiful place with rivers and mountains, where water and plants blend together.

I compose many songs because I feel this nature embedded in my father and father's feelings. There are many songs made from nature such as "Eternally Love You Like Spring Rain" and "Toruai." Nature has so much breath of Heavenly Father's creation in it that we can deeply feel the spirit and beauty of Heavenly Fathers true love at the time of creation. Art is originally a culture of sympathy and praise towards Heavenly Parents. Art is the center of Heaven, and you can fully inherit the creativity of Heavenly Parents. And it is natural to be able to receive spirit. Nature is a beautiful place, even if there is a lot out of order in your surroundings.

Even when it snows, it's a beautiful place all seasons, looking at the blue water, listening to the cicadas, catching the wind, and hearing the voices of the heavens. Even though I say it's a long time, I'm happy if I can better embody the feelings of my mother and the love of my Heavenly Father and Mother. The sentiments of compassion are naturally coming up. I'm glad you're all getting right through this period.

Thank you for visiting me this far. Heavenly Fathers, true Fathers, especially the unfaithful Fathers, I am glad that this hour will have strength and resolve to move forward in unity with the sentiments of Holy Mother Han on earth, who is walking the way of the cross on my behalf. Thank you. "I am grateful that

Noshin-sama has brought up the young 2nd and 3rd generations in the spirit world.

Appreciating all KCLC leaders centered on co-chairing. When things are so hard and lonely, having someone to hold your hand gives strength. Today I feel that Heavenly Father through our pastor, Jesus gave us a message, and the martyrs who walked the difficult path of the first generation church gave us strength. The church was praying to the Lord. The most important thing in this difficult time is to pray for our Heavenly Father who is alive to be in charge. Same goes for your mother's wishes. Pray for the absolute good spirits of the spirit world to be able to minister as the Father does, He spoke to move the treasures of heaven. When I look at Tenshin-ni Seishin, I don't know how many evidence I've heard that Heavenly Parents are still alive. Unlimited amounts of surprising officiations going on at home at church. It is high time we move forward in faith even stronger faith than before.

We must create national miracles and global miracles, and even as we suffer globally from conflicts and wars, Heavenly Father and Mothers must be the role of freedom, peace, unity, and a happy world. My prayers need to be bigger. Many have experienced praying for themselves and for their families and receiving answers. If you have experienced the heavenly father who is alive, if you have that experience and do it with a single heart, the authority of heaven will come down to this earth. Praying with faith that dark authorities will be driven out and the morning of light will be bright. Rather than praying for yourself and your family, if you offer many times more kindness for the precious Holy Mother Han true mother, the power of Heavenly Father and Mother will come upon you. If the number of prayers for an individual is 100 degrees, if the number of prayers is 1000 degrees for the nation and the world, the sovereignty of heaven is established in this earth and the kingdom of God is established.

Even if the name is called by God in different countries, there is only one Heavenly Parent, and I adore each one as my father. Even if you call me from my point of view, the heavens move, but if you call me in the position of an adopted child or direct daughter, a greater fortune would have played. Today evening, I pray that all of you, in the position of your direct lineal child, cry and pray to the Heavenly Father, may the heavenly authority descend upon this country, so that it will be a historic 1490 Tenshinken all-night devotion.
