I hope you're doing well

1494th Tianxin Garden is sincere all night

Today, Corporal Motomoto stood by me as it is a period of mourning for his father Seikazu. I'm Yao, president of the 430 family, the old pastor. When you stand, you can clearly understand how difficult it is for a corporal to speak on the platform every day.

When you think that the Unification Church is doing every night from 4 to 60,000 people worldwide, and over 100,000 people in major services, is a miracle of love by Heavenly Parents and True Parents of Heaven and Earth, you can't help but give thanks and glory before Heaven.

Today, I went to Corporal Motomoto and talked to him, and I felt that the home was truly chosen by Heaven. My whole family entered teaching in 1976. When Keicho was a Seiwa student, his mother was struggling with difficulties, so when we all prayed around her, she saw the phenomenon of her spirit, and her parents, grandmothers, brothers and sisters entered the teaching, and now the total family has reached 54 members. Heaven established one household with these kinds of officials, and now through the provision of Tenshinshi, he is set to perform miraculous role that brings about personality changes and

faith changes.

Our church has been through a lot of difficulties, but in 2019 when the relationship between North and South was difficult, our mother called us and was appointed President of the Senior Pastors, so we continue to do special devotion in the special prayer room behind Tenshinjin. He reads out the names of each person in the true family and prays for Yoshisho. Mother was told that Tenshinni was her father's office, and that father could work directly from the spirit world, and that it was important to teach him how to practice heavenly principles.

Proof of a trainee: As a family of seven, including her husband, her child, and her husband's sister, who has Down syndrome, there were many difficulties that they wanted to divorce, but while participating in 40-shu, she heard the voice of her Heavenly Father and realized her mother's feelings, repented with tears of her heart, and returned to her home with a determination to love her family with a parent's heart. My husband also participated in training sessions.

What is Tenshinkai?

1. Tenshinni is a place where Heavenly Parents and True Parents exist, and the spirit world acts, and a place where one emotionally interacts with Heavenly Parents. A place where you can call upon Heavenly Parents and True Parents, pray and see them directly. and hearing the voice of heaven, where faith change can arise and make new decisions.

2 Tenshingo can be said to be the Ten no Kanoko furnace. Just as iron melts into liquid and emerges as a new mold, this is the place where we, who suffer many pains with depravity, can be reborn as heavenly

people with a new personality.

3. Tenshingo is a place where resonant prayers are held. A place to communicate with the heavens and listen to the voices of heaven. Resonant prayers in Tenshin-zen must be prayed loudly with the power of the blade. When praying, the sound of the chief beating the drums is the sound of the heavenly spirit world and the voice of heavenly support. It's the sound of the underworld cheering on like a battlefield. When we beat the drums on the world's Tenshinbei, the voices of heaven and our prayers will be able to resonate all over the earth. Today, I hope that by praying with all my strength, it will become a prayer that will receive heaven's blessings and fulfill your wishes.
