1500th Tianxin Garden is sincere all night

Summary

Today we reached 1500 times, and the heads of the Genro Regent Institutions, mainly from the true family fourth rank basis, we are grateful to be able to do our all-night prayer devotionally, and we return the glory to Heavenly Fathers and True Fathers of Heaven and Earth. When you try to make a new start after 1500 times, you build up your diligence with full of food in the Great Shrine voluntarily, something miraculous happens. On the basis of 1500 victories, a message from heaven is sending down while hoping for a big role to win this time.

February 6th message

"1500 all-nighters that open the gates of major responsibilities are the seijing of the heavens unite, offering honor and gratitude for your mother, and it will be a time of elaboration and devotion to welcome the new era of providence, heaven." Because the absolute zenreikai (spiritual world) of heaven descends at once for a major role and works together all night long, the benefits are different from the past, and it is a day to seek more help from the spirit world. Especially, in order to spur the order of provinciality with future generations, the organization of

the spirit world will be reformed, and the spirit world will help to train future generations, mainly for the advancement of the future. As the spirit world is united with the mother, doing everything in its power to cultivate each and every child who will advance in the spirit and truth, the future of the unified family will unfold forever. Like the words your mother gave us Tenshinshi, the actual officials will rise like fire. Heaven will live and serve in this nation and educate them on the existence of the underworld. If each of you keep your mind steadfast and proceed without missing the posture of absolute humility and absolute gratitude, so that through Tenshinkai Seiji, you will be able to grow as suitable people for the spiritual era. "\

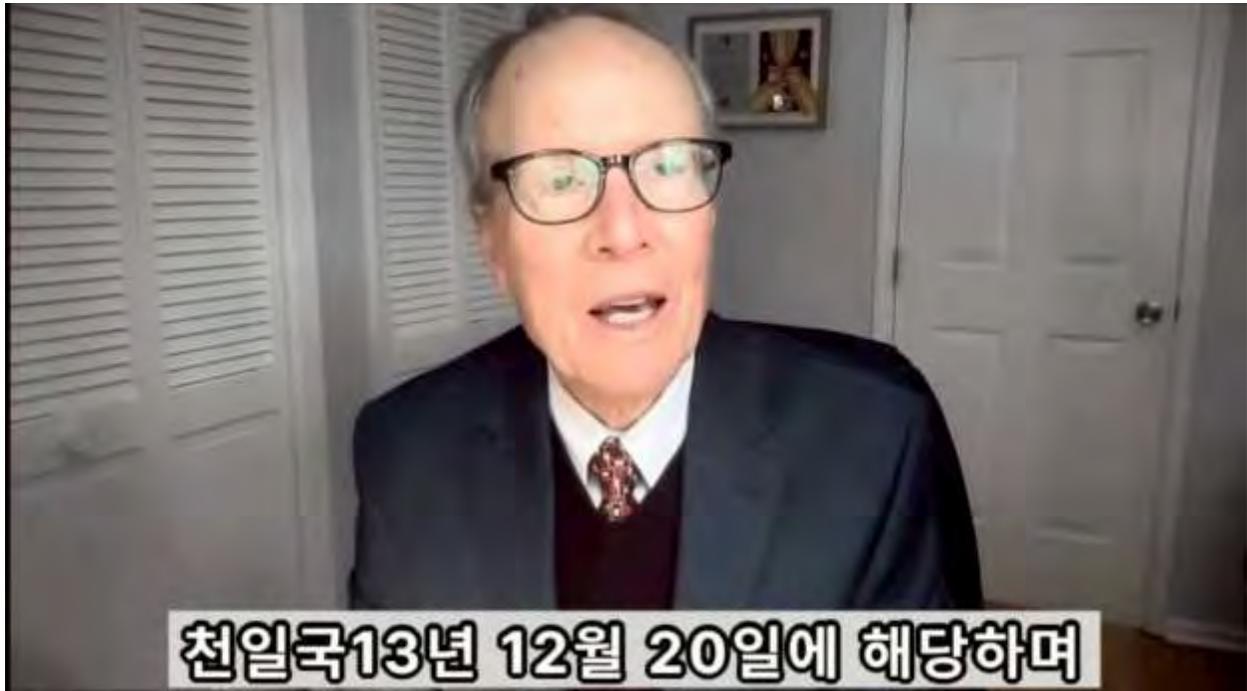

Last night message

"You have to know how important your day is this time. It is a major role to commemorate the birth of the true father and mother of heaven, who were the first people in heaven and earth in the era when the heavenly parents directly governed. This time, the major role will be the major role of Holy Mother Han, the entity of Heavenly Father. Mother walked 144 days of jail for the liberation of humanity. If the grand celebration for the liberation release of mankind is a big deal, how will you do it? Are you going to stand by and watch? With my absolute faith that this integrity of mine can achieve a united Korea and a united world, will I try to fully enjoy the bounty place where the heavens are united?"

Which choice will you make? The spirit world watches over each of you with kindness. Your fathers and relatives and your many spirits who surround you say, "Relieve me of my grudge, and wash away my sins." Then we can go ahead for your mother. " and praying. Society tries to cover our eyes so that we can't see anything, but were we ever subdued before the rest of the world? I have subdued the world with love. The moment has approached when your mother's patience and love, and your true life will be a testament to the world. The day climbs, where there are shadows, light cannot appear. However, the wider the light becomes, the shadows gradually decrease, and

where the sun settles at noon there is no shadow. I hope everyone settles at noon in the bright sunlight of Heavenly Parents and True Parents of Heaven and Earth. "\

Let us not doubt the principles even though we suffer hardships. Thy will be done. We got to witness that we are completely united, centered around our mother. It must be possible to show the power of the blessed households in the subjective heavenly world and the subjective earthly world, the second, third, fourth generation children and daughters who are completely united. I hope that in these difficult times we will not be discouraged and have absolute hope. Heavenly Parents are the subject of absolute hope. Our true fathers and mothers came to this land as an entity of absolute hope, and though they passed through the difficult way of hardship, they triumphed over everything with absolute hope. The struggle of your mother today must surely be victorious.

We cannot fail when we are fully one with our mother. Sodom perished because there were not even ten righteous persons. We must not end by offering prayers in Tenshin-ni, but through sincerity we must become united in Tenshin. If heaven is united, all of us will be righteous, and if the righteous pray with one heart, the authority of heaven will come down on earth and surprise. There must come a time when the forces criticizing us will gradually decrease, and the righteous will appear like clouds in South Korea and the whole world, who will support and help us to win. If your mother's release has been completed, the world center will fully fill the world center, depicting the day when we can share joy with our celestial mother and joy, and I hope that she will be prayed tonight, believing that day will come. I wish that today will be the night that I will experience a surprising role on the basis of Seisei 1500 times.
