1512th Tianxin Garden all night

Summary

Thank you to all the leaders and shokuchi of God Japan who serve as devoted themselves like war in each church, especially in Kami Nippon Tenshinni, who are celebrating the 900th all-night prayer. Today is a full moon day, before, I would welcome my mother and sing a song in front of the World Center and have a good time, but I feel sad that I can't do it. I saw the red moon with a total lunar eclipse and wished for good things to come.

A proof of this important role (Marugame Church's Shikuchi)

I've always wanted to participate in the headquarters, but I've been unable to do so. After talking to my husband who had been against the church for many years, I was finally able to participate in this major job, but I was nailed to quit the church many times. There are a lot of mood swings, and if I didn't feel anything about this important job, I joined in thinking of leaving the church. In the midst of the waves of

an all-night prayer meeting and making a pilgrimage to the Hongo area, my tightly closed heart was opened and a voice from the inside of my heart said, "This is where I wanted to come," and I felt unaware of tears. I was able to participate in the ceremony of the ancestors and it was a blessed time. Proof that you can get out of a crisis of faith through Tenshinzai.

When the Archbishop of the ACLC visited his mother in the detention center, he was confident of his mother's victory and said, "Heavenly Father sent your mother to the detention center because he believed that humanity would definitely stand up for her faith in her mother," and he deeply agreed and moved. When I heard that, I am convinced that wherever my mother is, our Heavenly Father is protecting her and watching each one of us. That is why I have come to understand that if I do not pray true prayer and genuine faith, my Heavenly Father will be sad.

Tenjuku Special Parish is a special church with wishes of parents. On October 13, 2019, True Mother held a global departure ceremony after naming the Tenjongu Shrine Church. At that time, five leaders of Korean President, Japan President, America President, Secretarial Office, and Mission Headquarters were appointed as Dochai Chairman, and special words were spoken. "It is only when you fulfill your responsibilities as the elector that makes you the true elector." If you cannot fulfill your responsibilities, you will suffer difficult things like the people of Israel. Heaven must therefore win. It must be the model for Tenjiku Tengu Church, which serves as a model for the peace of heaven. In order to reach the land of heavenichikoku, it is necessary to destroy the supreme command and establish Mino-do. I hope that Japan and the United States

will join together and move forward in a unified system. We must be responsible for reinstating not only Kaping County snowflakes but also Kaping County as a whole. I pray that the Church of Tenju will become the one and only, the first church in the world to inform the true fathers and only daughters. "\

No matter the word you are given, Satan will break in if it is not fulfilled. The word is the only way that comes to pass. The best strategy is to do what your father and mother told you to do. In 2020 there was only one Tengu church in Kahei, but now it has increased to six churches. Farther than going to Seoul, the credit goes to those responsible for reclamation in the valleys. If such activities spread throughout Korea based on Kahei-gun as a model, Korea will be able to fulfill its responsibilities as the elector.

Kunshoku only: "If God says, "Do this, "Yes," you must do it according to His word." There must be true unification, unification of entities, unification of feelings. When I say, the entity will appear as I believe it. "\

We cannot go into the spirit world and lift up our faces unless the word is fulfilled throughout our lives. Fulfilling the Word is our goal. In other religions we may live a life of faith in order to fulfill our wishes, but we move forward with all our diligence, hoping that Heaven's will be accomplished in us, in our church, and in our country. Do not sit waiting, thinking that in the far future the word will be fulfilled. Mother said, "You have to do it now." Must be done at once. "It is said. As we enter the 14th year of heaven living in real life by our Heavenly Parents, we must continue believing that all of our parents' words will be fulfilled while you are here on earth. And you have to experience what your father and mother say. If you have even once the experience of living and working spirit world, you can move towards absolute faith. When we move forward in absolute faith that our father will be an officer anytime, anywhere, and our mother will be an offender even when she is in prison as the god of the day, we will receive a great role. And be blessed to be all who move the throne of heaven.
